

GUARD HEADS WORKERS

NO SINECURE ACTING AS OFFICERS OF STATE MILITARY ORGANIZATIONS.

PUT IN MUCH TIME WITH LITTLE RETURN

Receive Pay Only For Time They Spend on Duty—Must Put in Four Nights Each Week at Study—New List of Questions Submitted Every Two Weeks.

Special to Times-Republican.

Des Moines, April 17.—If it were not for the inborn enthusiasm for military affairs which many young men possess the national guard would never be able to officer its troops, in the opinion of Adjutant General Logan.

Few people realize that the national guard officers must make a constant study of their work. It requires four nights per week of study week in and week out the year round all of the time they serve as officers for these men to keep up with their work.

The officers do not receive a cent of money for their services except when on duty. They then receive \$6.67 per day. They are required to buy their own uniforms and supplies and their own bed rolls, blankets, when called into camp.

"You can readily see that it is only the man who loves military work and is truly patriotic who will accept an official appointment in the guard," said General Logan when he was asked about the problem of the national guard a few days ago.

"This is one of our greatest problems—getting officers. And it is a great loss to the guard when an officer moves away, or dies, or has to pass out of the service. Our good officers are studying faithfully four nights out of the week to keep up with their work. The questions are made up by the regular army and the examinations are conducted by one of its officers. It is a stiff course."

Legislation is now before congress providing for paying national guard officers \$500 per year, that is those who rank above captain, and first lieutenants, \$300 and second lieutenants \$250. General Logan favors this. He says it is nothing more than fair. Furthermore it will be a help toward securing permanent and efficient officers.

General Logan does not believe that the fact that the officers will be paid makes him the more eager to enter war.

"You don't hear of national guard officers clamoring for war with Mexico, do you?" asked the general. "My experience proves to me that this sort of preparedness does not bring on a desire for war."

MAY QUEEN IS CHOSEN.

Ruth Hanson, of Toledo, Honored at Leander Clark College. Special to Times-Republican. Toledo, April 17.—Miss Ruth Hanson, daughter of Mr. and Mrs. J. M. Hanson, of this city, has been elected May queen at Leander Clark College. She won over Misses Gertrude Brevay and Niva Smith, both seniors, by a plurality of 15 votes.

Plans for the festival are well founded and the annual May day program promises to be the best presented at Leander Clark. In keeping with the tercentenary of the death of the immortal Shakespeare the pageant will have an Elizabethan strain. The prominent characters of the poet's plays will appear in costume and sketches will be presented from some of them.

Drills and dances will have the usual place on the program, which will end with the May pole in the college colors by every girl in the school. Miss Flora Hebb Houston, of the local high school faculty, has been secured to take charge of the training. She has had special work in this line and her experience will go far toward making the day a complete success. The date has not yet been announced, but practice is regular and the time will probably be the latter part of next month.

BETTER MILK FOR IOWA.

State College Contest Shows Scoring Above Those of 1915. Special to Times-Republican. Ames, April 17.—Better milk for Iowa is on the way. Milk dealers about the state are putting a cleaner product on the market this year than they did last. The scores received March 23 by entries in the first of the series of four market milk contests conducted as a part of the educational

market milk contest by the dairy department at Iowa State College.

The scores received thus far this year are higher than last. Of the entries in the raw milk class 80 per cent received 90 or above with an average of 92.49. The average last year was 88.78.

In the pasteurized milk class this year the average was 90.93 compared to an average of 86.60 last year. In each of the contests there will be a raw and pasteurized milk class. The three highest scores of each exhibitor will be averaged and all receiving an average of 90 or over will receive certificates of merit. After each contest the detailed scores will be given and criticisms suggested.

WASTE PAPER CAMPAIGN.

College Y. M. C. A. Finds Way to Aid Self-Supporting Students.

Ames, April 17.—A campaign to save all waste paper has been instituted at Iowa State College by the Y. M. C. A. The association employment bureau is back of the plan and the work of collecting, baling and shipping the paper will be carried on by students who are working their way thru college. The profits will be theirs.

As in similar institutions of its size, thousands of pounds of waste paper are burned annually at Iowa State College. One building alone on the campus discards fifty tons of waste paper a day. There are about a dozen buildings which do the same. This paper, if properly sorted and baled, brings \$9 to \$35 a ton from eastern paper manufacturing concerns.

At first the boys will be paid regular wages for their work, says Secretary Fred Hansen, "and students who have paid for our baler and other accessories will conduct the business on a profit-sharing basis, placing a part of the surplus into the 'student' loan fund; maintained for students who are working their way thru college and who run short of money during the year."

MEMBERSHIP IS INCREASED.

Toledo Commercial Club Now Has 152 Members Enrolled.

Special to Times-Republican. Toledo, April 17.—The Toledo Commercial Club has a membership of 152, sixteen new members being admitted at the regular monthly meeting, Friday evening. Of this number ninety-three are active members, and fifty-nine are associates. Interest in the organization and its accomplishments is rapidly increasing and it is the aim of the club members to have every business man in town enlisted in membership within the next few months.

Especially gratifying is the fact that the farmers in the Toledo trading territory are taking great interest in the club's work and quite a large number have already joined. Extensive plans for co-operation with the rural residents of the community are contemplated. A feature of the meeting Friday evening was a good road talk by R. H. Habentz, county engineer. He took up the estimates for replacing temporary bridges with permanent structures, grading and graveling of the county road system, and explained the figures and plans in detail.

ENLARGE CLOTHING PLANT.

Dubuque Company Now Sending Product to All Parts of World.

Special to Times-Republican. Dubuque, April 17.—The H. B. Glover Company, of this city, manufacturers of men's clothing, is planning enlargement of its factories here and at Dyersville and Guttenberg, enlargement that will make possible the employment of about double the number of men now employed. While the greater part of this company's production is shipped to America, the European war has brought it trade in nearly every part of the world, even in the warring countries. During the past week shipments were made to Bulgaria, India, Australia, Peru, Tokyo, Japan, San Juanillo, Honduras, Rio de Janeiro, Montevideo, Uruguay; Rangoon, Burma; Hilo, Hawaii; Ceylon, England; Peking, China, and Alaska.

BUILDING AT SHELDON.

Many Substantial Structures to Be Built This Season.

Special to Times-Republican. Sheldon, April 17.—The year 1916 will see a great amount of building in Sheldon. The new high school will lead at \$75,000. About twenty-five blocks of paving will be laid at a cost of over \$50,000. The Johnsons and Son are building a business block to cost \$10,000. The Union State Bank will practically rebuild at a considerable cost. A new garage is now being erected. More electric lines will be placed. Fred E. Frisbee will erect a \$25,000 home and there will be numerous other fine and costly homes built. The first of the year saw completed the Leese business block, at a cost of about \$25,000.

ONE VOTE COST \$44.

Absent Voter System Proves Expensive in Hardin County.

Special to Times-Republican. Eldora, April 17.—The absent voter system proved very expensive to Hardin county last week when the election of presidential delegates was held. The auditor reports the cost of preparing the ballots for the absent voter was \$44 and the ballots were counted it was found that only one person took advantage of the law and voted, thus making that person's vote cost the county \$44.

Give your Child Dr. King's New Discovery for Coughs and Colds.

Dr. King's New Discovery is a Doctor's Prescription used for over 45 years. It is pleasant and children like it. You cannot use anything better for your child's cough and cold than Dr. King's New Discovery. It is prepared from Pine Tar mixed with healing and soothing balsams. It does not contain anything harmful and is slightly laxative, but enough to expel the poisons that cause Dr. King's New Discovery.

covery is antiseptic—kills the cold germs—relaxes the phlegm—loosens the cough and soothes the irritation. "I have used Dr. King's New Discovery for the past three years and use it continually in my family. My children are very fond of it for it keeps them free from cold. I can't say too much for it, and take pleasure in recommending it to my friends." Mrs. A. S. Hisco, Prosser, N. H. Don't put off treatment. Coughs and colds often lead to chronic bronchitis, pneumonia and other serious lung troubles. It is also good for adults and the aged. Get a bottle to-day. All druggists.

TWO BOYS DROWNED

BRICK WRECKS FRAIL CRAFT OF SIOUX CITY LADS AND CAUSES DEATHS.

THIRD BOY NEARLY DROWNS IN BRAVE EFFORT

Companions of Victims Drop Brick into Boat From Bridge, Tearing Hole in Frail Craft and Causing it to Sink—Bodies Found in Death Embrace—Had Been Warned by Parents

Sioux City, April 17.—Unable to escape from a boat after a brick dropped by a companion had torn a gaping hole in the bottom of the craft, John Avory, 11-year-old son of Mr. and Mrs. Fred Avory, 2413 East Fifth street, and Gustav Johnson, Jr., 14-year-old son of Mr. and Mrs. Gustav Johnson, 2431 East Fifth street were drowned in the Floyd river near Fifth and Plymouth streets.

Ernest Rowley, 14-year-old son of Mr. and Mrs. A. M. Rowley, 2511 East Fourth street, who dived into the stream in an attempt to save his companions, was pulled out of the river after his body reappeared to the surface for the second time. He recovered from the shock. The Rowley boy was rescued by William Dixon, 2218 East Fifth street, who, after hearing the cries of the youths, dashed into the river and wading out, caught hold of Rowley.

Efforts to resuscitate the two drowned boys with pulmotors were without avail. Within a few minutes after the craft had sunk the lifeless forms of the two lads were taken from the river by Dixon, who used a garden rake. The bodies were clinging together, indicating that each had sought succor from the other.

The Avory and Johnson boys were rowing in the river near the Plymouth street bridge, between Sixth and Seventh streets, the water being from seven to nine feet deep in the center of the stream. The boat was of home construction, and belonged to young Johnson. As the boys pulled directly under the crossing, the Johnson boy dived to Edward Boldon, son of Mr. and Mrs. J. S. Boldon, 508 Plymouth street, and on that account is serious, standing on the bridge, to throw down a brick or rock that they might use as an anchor.

Brick Wrecks Frail Craft. Young Boldon got a brick and let it drop. The brick struck directly in the bottom of the frail boat, tearing a hole that caused a rush of water to quickly fill the frail boat. Boldon afterwards declared that he told the boys that they better not let the rock drop but the youths in the boat said that they would catch it.

Sheldon to Flush Streets. High Power Pressure Street Flusher Purchased by City. Sheldon, April 17.—The city council has purchased a high power pressure street flusher for use on the paving of the city this year. The cost of the machine was approximately \$1,400. Purchase was made from the local firm of G. A. Miller Company thru R. L. Manning. This is the first flusher of this kind to be purchased in any city of Sheldon's size in the state. The flusher will clean one side of a forty-foot street at one drive, the power being supplied from a four-horse engine. Sheldon now has several miles of paving in the city and it is planned to lay down twenty blocks more to be laid this summer. The new street will be kept clean with the flusher. The first National Bank advanced the city the money at a low rate of interest.

Methodist Camp Meeting. Third Annual Meeting at West Okoboji to Be Held in August. Sheldon, April 17.—Plans were completed today for the program for the third annual camp meeting at West Okoboji lake next August. Bishop W. S. Lewis, of Chicago, will be one of the speakers at this meeting. Evangelist Joseph H. Smith, of Redlands, Cal., and Prof. W. D. Shermorh, of Garrett Biblical Institute, Chicago, will be on the program each day. President Alfred E. Cray of Morningside will preach the closing Sunday. The meeting will be held on the forty-acre tract of land owned by the Sheldon district, from Aug. 10 to 20.

Independence Team Wins. Capture High School Debating Championship of Eastern Iowa. Special to Times-Republican. Dubuque, April 17.—The independence high school debating team won in the contest with the Ottumwa high school. The judges were Superintendent Clavinger, of Anamosa; Professor Smith, of Cornell College, and Professor Evans, of the Cedar Rapids high school. By winning from Ottumwa, Independence gains the championship for eastern Iowa.

Drops Dead in Church. Joseph Indra, Old Resident of Mitchell County, Passes Away. Special to Times-Republican. Osage, April 17.—Joseph Indra, of this city, while attending church with his wife, suddenly dropped dead. He was 71 years of age, a native of Austria, coming to America when 9 years old. He had lived in Mitchell county since 1870. Besides the widow, seven grown children survive. The funeral will be held Tuesday from the Catholic church.

Bode News Notes. Special to Times-Republican. Bode, April 17.—Miss A. M. Johnson received her appointment for post-mistress here Saturday, and will soon take charge of the office.

Work of constructing the electric line and wiring the town will be commenced at once. A large number of business houses and residences have already been wired.

The commercial club's banquet will be held Tuesday evening, April 25. The Bode band has received new uniforms. They are white.

The city of Roanoke, twenty-five years old, and with a population of 30,000, is called the Chicago of Virginia.

Northern Iowa Items

Sioux City. Alonzo J. Prunot for twenty-four years city electrician, died at his home Friday. He had been in the city employ thirty-five years, a record.

Sioux City. Assessed valuation of Sioux City in 1915 was nearly \$1,000,000 over the previous year. The total valuation in Sioux city in 1915 was \$13,039,914. In the entire county it was \$23,150,688.

Manchester. The people of Manchester will be asked to vote the sum of \$35,000 for enlargement of the city's school facilities, at a special election to be held within the next three weeks, presumably early in May. This much has been determined by the circulation Thursday by the club women of the city of petitions addressed to the board of education.

Clinton. Discovery of the body of a drowned man, floating in the Mississippi river north of Clinton Friday morning, has led Coroner C. F. Kellogg to believe that the man may be a victim of the present flooded condition of the river. It is believed possible that he lived on the islands and with his habitation washed into the river by the rising water. The stage of the water at Clinton was 15.2 feet above low water mark, just 8 of a foot under the flood stage, the rise during the preceding twenty-four hours having been 1.2 feet. Many cellars in Clinton are flooded and the sewers have been plugged in the basements of the larger buildings, to prevent water backing from the sewers into the basements.

Nashua. Michael Ryan, who would have been 100 years old the 4th of next month had he been permitted to have lived that long, passed away at 2 o'clock Thursday morning at the home of his daughter, Mrs. D. J. Shields, after an illness of several weeks. For the past year he had been growing very feeble and for the last six weeks had been confined to his bed. Michael Ryan was born in Ireland and came to America in 1847. He had the honor of being one who helped lay the first railroad in Chicago, the Michigan Central. From there he went to Detroit, where for eight years he was employed as a section foreman. Later he located at Aurora, Ill., where he was married to Miss Hannah Mahoney, who died sixteen years ago.

Dubuque. Chief of the Fire Department Joseph Reinfried is convinced that an effort was made to burn the three-story building in which the Dubuque National Bank is located. An alarm called the department to the building at 10:30 o'clock Friday. A slight blaze was found in a hallway on the second floor. Oil had been poured or spilled on the floor and a match had been touched to it. A number of families live in the rooms on the upper floors of the building, but none of them could account for the oil on the floor.

Sioux City. Leading business and professional men of Sioux City who favor woman suffrage have formed a league to co-operate with the various suffrage organizations in conducting a vigorous campaign between now and June 5, the date of the primary. Frank H. Wilson, publisher of an evening daily, is president of the new league. The executive committee includes a dozen of the best

known residents of the city. A large amount will be raised as a campaign fund. William J. Bryan's visit on May 21 may be made the occasion for a great suffrage rally, according to plans already under consideration by the new organization.

Sioux City. Sioux City is holding its breath. The police assert that they already have the names of three of the dozen daughters of prominent families who were found in a house of ill repute by the police raiding squad. The names will not be made public, it is said, until certain evidence which the police are still seeking is obtained. The girls, it is said, did not know the nature of the place to which a number of "young bloods" of Sioux City's society, took them after a joy ride. When the police arrived, however, they declare the young debutants were enjoying a free flow of beer quite as much as their male companions and the women who were found in the place.

Even Cross, Sick Children Love Syrup of Figs

LOOK AT TONGUE! IF FEVERISH, BILIOUS, CONSTIPATED, TAKE NO CHANCES.

"CALIFORNIA SYRUP OF FIGS" CAN'T HARM TENDER STOMACH, LIVER, BOWELS.

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign it's little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomachache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs" and in a few hours
