CHRISTIAN SCIENCE LECTURE.

Public invited to attend Lecture Tuesday Evening at Science Church.

This subject when generally turned out to be quite different from what one may have imagined or concluded from what some poorly posted unauthorized explainer may have said.

The bible teachings are as true and as potential today as they were twenty centuries ago or will be twenty centuries hence.

Christian Science is showing to the world in a most convincing way—viz: "with signs following"—that when properly applied the teachings of Jesus Christ to his immediate followers are likewise intended for the benefit of all men of all ages.

In order to set forth in an intelligible way the fundamentals of an effective application of the bible teachings there will be a public lecture on Christian Science by Willis F. Gross, of Boston, in the church building, Fifth and Main streets, tomorrow evening, Tuesday, May 9, at 8:15 p. m.

No collection, no reception, no exhorting, but there is extended a simple invitation to those interested to come, hear and go quietly home thinking on these matters for yourself and weighing out your own conclusions. Board of directors.

EVIL METAPHYSICALLY NIHIL.

Local Public to Hear Authorized Speaker on Christian Science Views.

The problem of evil is the problem more than any other confronting mankind. The question is: How is the belief in the power of evil to be overcome in the human mind? Did it ever strike those who argue that evil is real and of such vast importance that perhaps it might be wiser if humanity changed its attention from the problem of evil to the contemplation of good? Obviously it is a mental question first and last.

Unless he first thinks sinful thoughts, one never acquires a sin with anything which can not think. If mankind would seek the solution of this puzzle of evil in learning more of divine mind and, thus, acquire a clearer understanding of the God-like, real and eternal, the human race would unquestionably be freed from the thralldom of evil.

Willis F. Gross, an authorized speaker from Boston headquarters, will speak in Marshalltown tomorrow night. The public is invited. Church building, 5:15 p. m. Christian Science directors.

Three Minor Accidents at Lamelle. Two railroad workers for the Northwestern were slightly injured at Lamelle today Sunday.

A Bohemian section hand dropped a crow bar on his right ankle this morning and bruised it slightly. Sunday as Joe Flayets, section foreman, was helping to unload rails, the air apparatus used to hold the rail as it is brought out of the car, stopped too suddenly, and one of the rails caught the heel of Flayets' shoe, striking part of his own left heel with it.

The injury proved very painful, as the part of the heel was torn off.

While driving an automobile owned by S. W. Myers, a mile west of Lamelle Sunday afternoon, the car broke and Will Chane, employed by the driver, H. E. Benson, and Benson's nephew were thrown out of the car. Both escaped unhurt.

Symphony Orchestra Here. One hundred members of the New York Symphony orchestra passed Sunday in Marshalltown, as there were no suitable accommodations for them in Ames, where they played Saturday evening. A special train was made up on the Northwestern, which brought the orchestra into Marshalltown about 12:30 Sunday morning. The men were in the city all day and went this morning to Grinnell, where they give a concert this afternoon.

GOTCH TO REJOIN CIRCUS.

Reports of illness said to be greatly exaggerated.

According to a telegram to the Times-Republican from Chicago Frank Gotch, world's champion wrestler, will positively rejoin the Sells-Floto circus this week and will appear with the circus here Saturday.

The telegrams also states that the reports of Gotch's illness have been greatly exaggerated.

In support of the statement that Gotch is not as ill as was stated in the dispatches, it is shown that Gotch has already authorized Jack Curley, fight promoter, to go to Omaha, and get the best terms for a match with Joe Stecher, challenger of the world's heavyweight wrestling title, and that if terms are satisfactory Gotch will close the match and post \$1,000 appearance forfeit, which can go as a side bet.

Tells Her Experience To Benefit Others

Mrs. Dunlap Sends a Letter Addressed to the Readers of the Paper.

A sense of duty to others who might suffer as she had impelled Mrs. R. C. Dunlap, of Dekalb, Mo., to send the following signed statement to the St. Joseph, Mo., News-Press: "The readers of the News-Press, especially those suffering from gallstones, stomach trouble and appendicitis, will find in Fruitoles and Traxo a permanent cure. After suffering for three years the most excruciating pain from gall-stones I found this wonderful remedy and am now in perfect health and have been for almost four years. Never have any symptoms of the old trouble. I had been told by three doctors that nothing but an operation would save me. I know several who have undergone an operation but still have gallstones. This medicine is an oil which softens the stones and cures the liver. It can be bought at any drug store. Fruitoles is an intestinal lubricant that softens the congested masses, disintegrates the hardened particles that cause so much suffering, and expels the accumulation to the patient's great relief. Traxo is a tonic-alterative that acts on the liver and kidneys, stimulates the flow of gastric juices to aid digestion, and removes bile from the general circulation. Fruitoles and Traxo are prepared in the Pinus laboratories at Monticello, Ill., and arrangements have been made to supply them thru representative druggists. In Marshalltown they can be obtained at McBride & Will Drug Co.
