IOWA NOT IN ALLIANCE

CUMMINS MANAGERS REFUSE TO CO-OPERATE WITH OLD GUARD.

IOWA DELEGATION BUSY AND GAINING CONFIDENCE

Believe Cummins Will Be Nominated Provided Hughes Is Eliminated From Contest—Colorado Delegation Friendly to Iowa Man—Republican State Committee in Chicago.

Chicago, June 6.—Senator Kenyon last evening put a quietus on stories that the Cummins leaders are co-operating with the old guard managers of the booms of Root, Fairbanks, Burton and Weeks in an effort to control the action of the republican convention.

Senator Kenyon said the Cummins management not only was not in such an alliance, but it would not be, and moreover, it resented any effort of a few bosses to control the convention's action.

The Cummins leaders are doing what they can, of course, to head off the Hughes movement and prevent the plan to drive the convention to him on an early ballot. But they are not making attacks on Hughes or Roosevelt or on other candidates. What they do not like is the idea of Penrose, Crane and Barnes and men of that type seeking to dominate the course of the delegates one way or another.

Fear Only Hughes. Their position is simply that if Hughes is eliminated Senator Cummins will be named if he is given the backing of the Roosevelt forces.

Senator Kenyon, members of the house delegation from Iowa, and other Iowa politicians have heard the delegates yesterday and saw many delegates and leaders. They are seeking to impress delegates with the argument that if nominated Senator Cummins will roll up a big vote and will be elected.

One of the visitors at Iowa headquarters was Charles W. Waterman of Denver, one of the Colorado delegates at large. Waterman was formerly principal of schools at Fort Dodge, and personally is known well to many of the Iowans.

Colorado Very Friendly. He is friendly to Cummins, and while Cummins have little first choice support from Colorado, it can be said that if there seems a good chance of Cummins' nomination, the entire Colorado delegation will go to him. Without overlooking the fact that Hughes still looms up as the most probable nominee, there is strong disposition on the part of many progressive pay men to refuse to support him. This may have big results and may eliminate him ultimately.

Such elimination would send up the stock of Cummins and other favorite sons. It would mean that Roosevelt, provided he could not be named, would put the stamp of approval on some other candidate. That, at least, is the course which it is generally understood he would take.

Under the circumstances, importance is attached to conferences Monday between Senator Kenyon and various progressive leaders. In the course of the day he talked with Perkins, with Governor Johnson and with Gifford Pinchot, State Chairman Rawson, Howard Clark and other Iowans have also been cultivating the bull moose.

While no definite promises have been obtained that Roosevelt and the bull moose will o. k. Cummins if Roosevelt can not be named, some extremely favorable assurances from bull moose leaders have been had.

The truth is that while it can not be said the prospects of any of the favorite sons today are of the best, those of Cummins are distinctly better than those of other favorite sons since the bull moose are in good faith friendly to him as a real progressive republican.

Practically the entire republican state committee from Iowa is here. One of the arrivals is Capt. John A. T. Hull. He has come here from Washington and has taken off his coat and gone to work for Cummins. Former Representative Pickett, of Waterloo, is one of the active Cummins men. Mayor Thompson, of Chicago, called at the Cummins headquarters today.

Plans had been made to get the oak room at the Congress for Cummins headquarters, owing to misunderstanding, there had been delay in getting this handsome room. But today the Iowa headquarters are in the oak room.

BURIAL AT IOWA CITY.

Body of Wreck Victim Removed to Former Home.

Special to Times-Republican. Iowa City, June 6.—The body of Mrs. S. R. Wescott, of Minneapolis drowned in the Packard wreck, was brought hither today, to her old home, for burial, after being taken to Cedar Rapids—also her old home, subsequent to leaving Iowa City. She was formerly Miss Louise Latimer, of Iowa City.

Traer News Items.

Special to Times-Republican. Traer, June 6.—Ed Glosser has the contract to divide the J. A. Ladd residence and thus make two houses out of it. The two buildings will be moved to the west lots. Mr. White reserving several of the better lots for a new home for himself, to be considered later.

Miss Harper, who suffered a stroke of paralysis some days ago, does not materially improve. Her age is against any decided improvement.

Mrs. John Kieth has returned to Rochester, Minn., for further treatment.

Miss Cora Bryson is expected home from her school work in California this week.

The funeral of Mrs. Flora Van Vliet, a victim of the wreck at Packard, was held from the M. E. church

WANTED IN LONDON

CEAR RAPIDS PASTOR RECEIVES CALL FROM GREAT ENGLISH CHURCH.

WILL GO TO LONDON TO LOOK OVER FIELD

Dr. Joseph Fort Newton to Preach in City Temple Five Sundays and Then Decide on Acceptance of Call—Dr. Newton Only Man Being Considered For Pastorate.

Cedar Rapids, June 6.—Dr. Joseph Fort Newton, of the Liberty Christian church of this city, who is to preach in the City Temple of London, England, the five Sundays in July, is being considered as the future pastor of that temple. In fact, the officials of that great English Free church have agreed upon Dr. Newton as their future pastor and they will seek to prevail upon him to accept.

Dr. Newton made this announcement at the meeting held in honor of himself and Dr. Marquis of Coe College, by the Rotary Club. He said he had received a request from the City Temple authorities that the church be allowed to send him a call as their pastor. He had promptly cabled them not to do so. He said for him to receive and act upon a call at this time would be unjust to the members of the great English church and it would be unfair to himself. But he is going to preach the five sermons he has agreed to preach; and to make the several addresses he has agreed to make. During that time he will consider whether he shall accept the call which is certain to be made. He is the only man that the church there has under consideration as the successor to Rev. R. J. Campbell, who recently resigned the pastorate and went into the Episcopal church.

T. R. SEES LESSONS IN FIGHT. Colonel Says Battle Warns Nation of Preparedness Needs.

Oyster Bay, L. I., June 6.—The great naval fight in the North Sea Wednesday has a lesson in preparedness for the people of the United States, according to Colonel Roosevelt. When his attention was called to the fact that the democratic administration was proposing a bigger naval program as a result of the battle the colonel said: "I didn't need the lesson of the North Sea fight to teach me what our navy needs.

Turn to my special message to Congress in 1908 and you will find the earnest plea for a four-battleships-a-year program with all the supplementary ships necessary, when I wrote a special message on the subject backing up the general board and asked that this be our continuing policy.

"What I then wrote applies without the dotting of an 'i' or the crossing of a 't' today. It has been grimal for our people to have spent twenty-two months without having made any preparation, so that we are no better fitted now than two years ago, in spite of the fact of this world cataclysm."

MUSCATINE IS BUTTON CENTER.

Over Half of Factories of State Located There.

Muscatine, June 6.—That Muscatine has more than half of Iowa's pearl button factories, is indicated by statistics just published by the United States department of commerce. The government report shows that there are eighty-one factories in this state, showing the importance of the pearl button industry in Iowa. Of these no less than forty-one are in Muscatine as shown by the city directory. However, dozens of small plants are not registered locally which would bring the total much higher.

There are but 517 factories in the entire United States, says the United States report. Of these 225 are located in New York, 81 in Iowa, 69 in New Jersey, and 31 in Illinois. Muscatine was the first city in the world to have such a factory, the industry having been founded here.

The total value of products manufactured in 1914 was \$20,791,955. In 1909 the total value of the product was \$22,708,065. The total amount of buttons during the census year amounted to 60,602,353 gross. The most important branch of the button industry was the manufacture of pearl buttons either from mother of pearl or from the shells of the fresh water pearl.

SUING FOR DAMAGES.

Interurban Company Made Defendant in Suit for \$7,500

Newton, June 6.—Tom Buchanan, Mrs. Edith Buchanan and Mrs. George Gates have filed suits against the Interurban Company for an aggregate sum of \$7,500, damages for injuries received in an accident September 3, 1914. The suits were filed separately. Mr. Buchanan suing for \$3,500; his wife for \$200, and Mrs. Simon Gates for \$2,000. The papers were filed May 27, and Attorneys O. P. Myers and E. J. Salmon will represent the plaintiffs in the suits.

The story of their accident is well known here. The Buchanans, Mrs. Gates, Mrs. George Clark, and her son, George, Jr. had started to Des Moines to the State Fair, driving the Buchanan car. At the crossing west from Mitchellville the automobile was struck by an interurban car. Mrs. Clark and her son were killed instantly. Mr. Buchanan suffered a broken arm, broken collar bone and several minor injuries; Mrs. Buchanan was hurt about the head, and it was first thought that Mrs. Gates was uninjured. The car was so wrecked that not a part could be used.

Manson News Briefs.

Special to Times-Republican. Manson, June 6.—Dr. A. B. Nelson, who moved to Buhl, Idaho, died twelve years ago for his health, died at his home from pneumonia a week ago. After he went to Idaho he lived on a ranch he leaves a wife, four daughters and an adopted son.

Arthur McCreedy died at the Soldiers Home in Marshalltown last week. He made Manson his home for many years.

The three year old child of Mr. and Mrs. D. D. Kaufman north of Manson, was bitten by a dog Saturday. The children were playing when the dog attacked the child but the pet dog drove it away, but not before the dog had bitten and torn the cheek, ear and other parts of its body. The child is under medical care and probably will live.

The three months old baby of Mr. and Mrs. Ekell, north of town, was found dead last Friday morning. When the parents awakened in the morning they found the child dead. It had a slight cold and strangled to death.

'Twas a Long Night. Brown had come home very late after a convivial evening at a smoking concert, and had consumed more cigars and refreshments than was good for him. It was midnight when he reached home, but he did not know it. "Ah!" he muttered, "if the church clock would only strike, I should know the time. It's too dark to see."

Mother Love

would never give a child anything known to be harmful. Yet every time a mother gives her child a cup of coffee she is giving it from one to three grains of a drug—caffeine.

Little by little the caffeine in coffee and tea undermines health—much more rapidly in children—none the less surely in many adults.

There's a safe, delicious food-drink—

POSTUM

It is made of choice wheat roasted with a bit of wholesome molasses and contains the goodness of the grain—no caffeine, no harmful substance whatever. Children may drink it freely—everybody may—with pleasure and perfect comfort.

Postum comes in two forms: The original Postum Cereal, which has to be boiled; Instant Postum, the soluble form, made in the cup with hot water—instantly.

Convenient—economical—satisfying—

"There's a Reason" for POSTUM
