

BATTLE BRINGS WAR WITH MEXICO NEARER

CLASH BRINGS NO CHANGE IN U. S. POLICY

President Wilson Sees No Reason as Yet to Change Attitude.

MEXICO LODGES FIRST COMPLAINT

Hastens to Inform Washington That Troops Were Too Far From Base and Violated Demands of Carranza—Mexican Minister Designate Lays Carranza Side of Story Before Secretary Lansing.

Washington, June 22.—No reason for a change in the policy towards Mexico is seen by the government in Mexican accounts of the clash at Carrizal yesterday between American troops and Carranza forces. Until a report comes from General Pershing there will be no decision, but President Wilson is said to view the fight as an incident for which subordinate commanders probably were responsible, and not as likely to precipitate general hostilities.

Mexico Lodges Complaint.
An official communication from the Mexican foreign office announces the clash between Mexico and American troops at Carrizal and saying that the de facto government found it difficult to understand why the Americans should have been so far away from their base, as delivered to Secretary Lansing today by Eliseo Arrondondo, the Mexican ambassador designate.

Mexican Half Breed Kills American Soldier and Wounds Three.
Nacozari, Ariz., June 22.—One American soldier was killed and three injured here today when William Humphrey, a half breed Mexican employed as a guard at the water works, opened fire upon members of Company E, Fourteenth United States Infantry, as the guard was being changed.

The sergeant in charge of the guard was one of the three injured. He was shot in the back. Another was shot in the neck and a third in the hip.
The soldiers were standing within fifty feet of the water plant when Humphrey opened fire. He was overpowered and taken prisoner. An inquest will be held today.

A large number of Mexican refugees were crossing the line into Mexico today from the Bisbee and Lowell districts.
The man killed was Private Powell. Private John G. Gregoria was seriously wounded. A sergeant and the three privates were slightly wounded. The watchman said he opened fire fearing the soldiers would attack the water works. They say they were fired on without warning.

Carranza Seizes American Property.
Kansas City, June 22.—The \$50,000,000 property of the Cananea Consolidated Copper Company at Cananea, Sonora, an American concern, has been taken over by the de facto government of Mexico, according to a message from the city of Mexico, received today by Delbert J. Hall, an attorney.

American Prospector Killed.
Douglas, Ariz., June 22.—Jim Parks, an old prospector, was killed and Norton Hand, an American mining man, taken into custody and was in danger of being executed by Mexican authorities, as the result of a fight with Mexicans yesterday, twelve miles west of Cumpas, says information brought by American refugees from Naacozari, seventy-five miles south.

According to miners, whose information apparently was correct, Parks and Hand had an encounter with the Mexicans yesterday. Two Mexicans were said to have been killed.

GUARDS AND I. W. W. BATTLE.

One Killed and Two Hurt in Clash at Virginia, Minn.
Virginia, Minn., June 22.—One man was killed and two were wounded in a fight here today between special police and I. W. W. strikers who were on their way to picket the Alpena mine of the Oliver Iron Mining Company. More than fifty shots were fired, some of them by a woman armed with a repeating rifle.

To Meet Twice Yearly.
Iowa City, June 22.—The Iowa Retail Druggists' Association, in convention here today, decided to hereafter meet semi-annually. Des Moines was awarded the mid-winter meeting and Dubuque the summer meeting. Among the officers elected was Joseph A. Todd, of Sioux City, as president.

Other officers elected were: First vice president, T. M. Watts, Holstein; second vice president, H. C. Hubbard, Humboldt; third vice president, R. W. Harvey, Misouri Valley; treasurer, Senator J. M. Lindsey, Winfield; secretary, Al Falkenhelmer, Algona.

Resolutions were adopted asking the legislature to appropriate funds for a new college pharmacy building at Iowa University, inasmuch as pharmacists now pay \$40,000 annually into the state treasury.

Columbus, N. M., June 22.—Capt. Lewis S. Morey, of the Tenth cavalry, is reported to have been in command of the detachment of soldiers which engaged the Mexicans at Carrizal yesterday. He left Ojo Federico with his troops. It is believed, Monday.
The de facto troops who for weeks formed parts of the pincers formations that threatened to close in on the punitive expedition in event of any movement south of Nacozari disappeared last night. It is presumed they are heading for Chihuahua City to effect a junction with General Trevino's main body, from information received here today.

This report is taken to mean that the towns of Casas Grandes, Colonia Dublan and El Valle are free of Carranzistas. So far no details of the fight between a detachment of the Nineteenth cavalry and Carranza troops near Carrizal has reached Columbus. Intense activity on the part of officers and men here is noticeable. The aero squad is getting ready to send biplanes south to the expedition today.

Pershing Without Facts.
San Antonio, Tex., June 22.—General Pershing reported to General Funston today that he had not yet had a report on the engagement at Carrizal, but added that on information sent him he had sent out two squadrons of the Eleventh cavalry with instructions to get in touch with the troops of the Tenth, which was engaged yesterday by the Mexican forces.

May Have Been Boyd's Troop.
San Antonio, Tex., June 22.—General Funston made it plain that Pershing's first report has not altered the general situation and no special order will be issued until Pershing has made a report in detail of the Carrizal fight and the incidents that led up to it. GREECE ACCEPTS ALLIES DEMAND

Yields Under Heavy Pressure by Entente Powers and Forms New Cabinet.

DEMANDS BACKED BY ALLIED FLEET

Skouloudis Cabinet Announces Resignation and Failure For the Present to Find Successors—Formation of New Cabinet Entrusted to Former Premier and Will Be Nonpartisan—Allied Fleet Making Demonstration.

Athens, via London, June 22.—Under heavy pressure from the entente powers Greece has accepted the demands today in a joint note by Great Britain, France and Russia. At the most critical moment Greece was without a government. Premier Skouloudis late today announced to the chamber of deputies the resignation of himself and associates in the cabinet and the failure for the present, to get successors for them.
The note was deposited in the foreign office while M. Skouloudis was on his way back from the residence of the king, where he presented his resignation and that of the ministry.

Before it became known that Greece had yielded it was said in government circles it would be impossible to accede to the demands. Agamemnon Schillmann, former Greek minister at Washington and now of the chamber of deputies, on being asked what the government would do responded:
"How can we renounce the sovereignty of our country?"

King Constantine returned hastily to Athens. All the forces of the sea were under arms. The deputies were summoned to the cabinet meeting where Premier Skouloudis resigned. They cheered the retiring minister and his cabinet as they left the building. The people of Athens remained calm.

Acceptance Unconditional.
Athens, via London, June 22.—Greece has accepted unconditionally the demands made by the entente powers. This decision was communicated to the French legation by M. Zaimis, the former premier, to whom the formation of a new cabinet is said to have been entrusted.

The new cabinet will be made up of nonpolitical lions even including one or two adherents of former Premier Venizelos.
Late last night the sound of an explosion drew a crowd to the home of M. Venizelos owing to the groundless fears that an attempt on his life had been made.

GERMANS TAKE A TRENCH.
Violent Fighting at Verdun Wins Slight Advantage.

Paris, June 22.—After violent attacks lasting all night the Germans captured front line trenches between Fumin and Cheneviere in the Verdun sector, according to a statement today by the war office.
The Germans attacked in force on both sides of the Meuse after the usual bombardment. An attack on the south slope of Dead Man Hill was met by grenade detachments, according to the statement.

On the right bank of the river there were engagements west and south of Fort Vaux, during which the Germans gained a footing in a corner of Fumin wood but were at once expelled. Later they returned to the attack, when some trenches were taken. A German grenade assault north of Hill No. 321 was stopped by the fire of the French.

RUSSIANS SUFFER REPULSE.
Berlin Reports Repulse Heavy Attack on Von Bothmer.

Berlin, via London, June 22.—The repulse of a heavy attack by the Russians against Count von Bothmer's forces north of Przewolka was announced today by the war office.
The Russians were pushed farther back on both sides of the Turia river according to the statement and attacked on the Teutonic line in the region to the west of Koiiki and north-west of Lutsk were unsuccessful.

CARRIZAL FIGHT QUICKENS THE CALL

Sounds Doublequick For Iowa Guard and Two Regiments May Be Called to Camp Dodge Tonight—First Infantry to Move Saturday or Sunday.

Special to Times-Republican.
Des Moines, June 22.—Adjutant General Logan gave out a statement this morning to the effect that before night possibly two regiments of the Iowa National Guard will be mobilized immediately at Camp Dodge on account of serious over-night developments in the Mexican situation.

Governor Clarke today issued a call to bring the companies of the national guard up to required peace strength, urging that these eligible respond to the colors. The First infantry is recruited and ready to move. It will come to Des Moines Saturday or Sunday.
Mexican Consul Jack Danziger, at Kansas City, has written to Governor Clarke asking protection of Mexicans in Iowa.

All the local units of the guard broke camp at the army today and departed for Camp Dodge.
Although no statement to that effect was given out, it was thought probable that the units to be called would be the Third Infantry and the cavalry troops, the latter in camp on the state rifle range near Iowa City.

Local officials of the military believe that definite orders from the war department to Des Moines Saturday or Sunday, the result of the clash between Carranza and United States troops yesterday. Up to a late hour today no word had been received from Washington.
Governor George W. Clarke today issued a proclamation calling for volunteers in the national guard, in which he said:

"It is anticipated that at any moment the Iowa troops may be called into action. Iowa must be able at once to respond 'ready.' Therefore I do hereby, as authorized by law, call for a sufficient number of volunteers to bring the companies and regiments to required strength and as Iowa has always responded at once heretofore, to the call of the colors, so now no doubt is entertained that a report of full strength by enlistment will be received at once."
No orders for mobilization had been received by Adjutant General Logan up to 2 p. m. today.

BIG U. S. GUNS MENACE JUAREZ

Powerful Batteries Point Noses Toward Mexican Border City.

READY TO REPULSE EXPECTED ATTACK

Indications Point to Evacuation of Juarez by Large Carranza Force—Mexicans Preparing to Go Southward in Preparation For Possible Battle With General Pershing's Columns—United States Troops Prepared.

El Paso, Tex., June 22.—A battery of 4.7 guns, capable of throwing a sixty-pound explosive six miles, pointed their noses threateningly over El Paso in the direction of Juarez today while developments in the situation were awaited.

Stationed on Golden Hill at an elevation permitting a sweeping view of the Mexican side of the Rio Grande and commanding all Juarez and its approaches, these guns were expected to dominate all movements by Carranzistas.
Down along the river machine gun companies were ready to take their positions at advantageous points, while at the remoter stations the remainder of the men awaited orders.

With every precaution taken, however, for the protection of the city, hope continued to be expressed that the tension might abate.
No shot will be fired unless hostile action is initiated on the other side.

El Paso was calm. Outwardly its Mexican neighbor city was quiet too. With the arrival of morning, reports of the night to the effect that a general evacuation of Juarez was taking place were found not correct, although a considerable portion of the inhabitants and several detachments of troops had moved southward.

Evacuation of Juarez by the Carranzista garrison was expected today as a result of yesterday's battle between troops of the Tenth cavalry (colored) and Carranzistas at Carrizal.
Reports to General Bell indicated that hurried preparations for the departure of the 4,000 troops under Gen. Francisco Gonzales were being made in Juarez throughout the night. Troop trains with steam engines and loaded with supplies, arms, ammunition, food and forage were being hastily loaded into freight cars.

Captain James Allison, provost marshal of El Paso, received a report from a Mexican source today that the evacuation was under way and that one train of box cars and day coaches, heavily loaded with soldiers had left for the south over the Mexican Central line.
Two Trains Loaded.
Throughout the night the streets in Juarez were filled with cavalrymen, a number of small detachments moving from city and into the hills beyond, while others left Juarez ostensibly to take station at border points within a few miles of El Paso.

Officials of the Mexico Northwestern railroad reported at 9:30 a. m. that two additional train cars were loaded with troops of Juarez garrison and were ready to steam southward on receipt of orders.
Get Out of Range of Guns.
Juarez was more than half evacuated at 10 o'clock today by the Carranza garrison. It was reported that three train loads of soldiers had gone south during the early morning and that three more trains had been loaded in preparation for departure.

American army officers expressed the opinion that the evacuation would be finished during the day until the Mexicans were beyond the range of the American artillery.
General Bell, instead of going to Fort Bliss this morning, remained down town with temporary headquarters at the Toltec club, where he lives.

Gen. Francisco Gonzales remained at his headquarters surrounded by his staff. Andres Garcia, Mexican consul in El Paso, after spending the night in Juarez, returned to this side.
The Mexican officials here and in Juarez expressed the opinion that the fight at Carrizal should be regarded as a detached incident, without effect on the general situation. Inasmuch as they had been in touch with Mexico City during the night observers here thought it might be possible this might be the view of General Carranza and his advisers.

Could Wipe Town Off Map.
Evacuation of Juarez was deemed advisable because a battery of 4.7 guns capable of throwing a sixty-pound explosive six miles pointed their noses threateningly over El Paso today in the direction of Juarez. The southernmost outskirts of Juarez are not more than three and a half miles from the battery, which could wipe the town off the map in an hour.

FAVILLE GETS STATE JOB.
Succeeds Dennis As Member of State Parole Board.

Special to Times-Republican.
Des Moines, June 22.—William Dennis, of Cedar Rapids, appointed a year ago to membership on the state board of parole, has resigned and F. E. Faville, of Storm Lake, has been appointed in his place.
