

IOWA REGIMENT READY

FIRST INFANTRY TO LEAVE FOR BORDER TONIGHT OR WEDNESDAY.

INSPECTOR COMES FOR FINAL MEDICAL SCRUTINY

Order to Entrain Awaits Last O. K. of Officers and Men by Major Nelson, of Regular Army—First Battalion of Artillery Reaches Camp Dodge—Third Regiment Being Inspected.

Des Moines, June 27.—Major Nelson, U. S. A. medical corps, arrived at Camp Dodge today to finish the inspection of the First Iowa Infantry preparatory to the departure of the regiment for service on the border.

Col. George Morgan, U. S. A., of St. Paul, commanding the regular army officers at Camp Dodge, today refused to add anything to his statement of yesterday that the first regiment would move south some time today.

The arrival of Major Nelson is the last step towards completion of the mobilization, he said, as soon as he approves the medical examination the troops will entrain.

It was the opinion of officers that the first regiment would leave for the south this afternoon or tonight, but no authentic information could be obtained.

Ready to Depart. Colonel Morgan today overruled the opinion expressed by Captain Rideout, U. S. A., another mustering officer, that it would be unwise to send the Iowa troops to the border now.

Medical examination of the first regiment was completed early today and examination of the Third began. It was hoped to complete the inspection late today and have the regiment in shape to leave tomorrow if the order for mobilization is received from the war department.

TWO CARLOADS OF BOOZE.

Six Big Vans Necessary to Haul Away Seized Liquor. Des Moines, June 27.—A mob of a hundred men about the Rock Island freight house Monday when police drove up in six big vans and confiscated two carloads of beer and liquor consigned from Rock Island to Des Moines.

Strongs men went as the mercenary officers brutally served warrants on the freight manager and began to load the stuff into the dray wagons. Many of them had come to claim their liquor and they saw it vanishing from their grasp, to flow, perhaps, thru some subterranean sewer into the river or long.

The booze consisted of 150 shipments, intrinsically divided into 100 barrels and cases of beer and fifty cases of liquor. One carload was from the Adelman Mercantile Company and the other from the Des Moines Beer Company, both of Rock Island, Ill.

SPIRITUALISTS CLOSE MEETING.

Successful Session Held at Clear Lake—Officers Chosen. Special to Times-Republican.

Clear Lake, June 27.—The annual meeting of the Iowa Spiritualists has just closed a very successful meeting here. The place for the next meeting was left to decision of the trustees but probably will be held in Des Moines. Officers were chosen as follows: President, L. C. Murphy, Des Moines; vice president, Christina Cooper, Clinton; secretary, Edna Rushman, Marshalltown; treasurer, W. C. Hamilton, Wellman; trustees, F. M. Rogers, Clear Lake, Mrs. Kate D. Brewer, Marshalltown, Clark Emory, Emory; Mrs. R. M. Elder, Clear Lake, and R. M. Trimmell, Marshalltown. Mrs. Brewer was appointed state missionary.

CARNIVAL FOR TAMA.

City Fire Department Promoting Week of Attractions. Special to Times-Republican. Tama, June 27.—The week of July 4, will be amusement week in Tama. In addition to a Fourth of July celebration promoted by the commercial club, the volunteer fire department has secured a carnival attraction for the entire week beginning July 3, the firemen's share of the receipts to be used in bettering the department.

Elders News Notes.

Special to Times-Republican. Eldora, June 27.—Mr. and Mrs. L. Metzler, of Rock Island, Ill., are here for a visit in the Robert Coffee and John Essig homes.

S. H. Calloway has begun an action in district court asking \$400 damages against the incorporated town of Union and the sheriff of Hardin county is also made defendant in the case. The case grew out of the assessment of damages against the plaintiff's property when the sewer system was established in Union, the plaintiff alleging that he was wrongfully and illegally assessed.

Funeral of William Wade at Toledo.

Special to Times-Republican. Toledo, Jan. 27.—The funeral of William Wade was held from the United Brethren church Sunday at 3 p. m. The sermon was preached by Dr. M. R. Drury, his pastor forty-one years ago. Dean Ward assisted in the service.

Mr. Wade was born in Lynn county, Pennsylvania, May 21, 1820, and died at his home in Toledo June 23, at the age of 95 years. He was married in Mount Pleasant, Pa., to Susan Johns-

How Della Managed.

A great deal of noise arose in the nursery one morning and since it gave no promise of subsiding, Mrs. Odell hurried that direction. She found the baby howling with might and main and the new nursemaid sitting calmly by.

"Well, Della, this is a terrible noise!" cried Mrs. Odell angrily. "What is the matter? Can't you keep the baby quiet?"

"Shure mum," replied the girl, "but I can't keep him quiet unless I let him make a noise, mum."—Philadelphia Ledger.

Iowa Newspapers

WASTED HIS MONEY. (Clear Lake Reporter.) Senator Allen, as a candidate for the nomination of governor, spent \$18,231. This seems almost incredible. People will do almost anything for a little honor—that is, some people will. It is the height of foolishness, as we see it, for any man to spend that vast sum seeking a position of honor. If the position carried with it a big salary there might be some excuse, but it does not.

GET UP AND DUST. (Burlington Gazette.) It has been frequently shown that the mail order house does not sell its goods a particle cheaper than the home merchant. But the mail order house never sleeps. It is after business all the time. The best method of combating the mail order house is for the home merchant to tell the people what he has for sale thru the medium of the home newspaper. Merchants who advertise all the time do not fear mail order competition.

MORE INTELLIGENCE NEEDED. (Eldora Citizen.) There is considerable complaint in Iowa over the primary election law. It is hardly probable that the state will care to go back to the old caucus system, and yet, it would seem, that there might be some simplification in the endless processes of the election machinery by which the average man could keep some track of the kaleido-

scope performance and be able to vote more intelligently on the numerous candidates.

A GENERAL MIXUP. (Traer Star-Clipper.) It is evident party lines will be disregarded this fall in the election of governor. Thousands of us democrats who changed party affiliation simply to vote for Harding in the primary, will, of course, vote for him in November instead of Meredith, the democratic dry candidate. On the other hand thousands of dry republicans will scratch Harding and vote for Meredith. The election will be much in doubt as far as the governorship is concerned.

TRYING ON ONE'S PATIENCE. (Nevada Representative.) The longer this Mexican business goes on, the harder does it become to treat the course of the Wilson administration with common respect. After having for months taken every possible tack with respect to the matter that was conceivable excepting that of frankness and efficiency, the administration has finally called out the national guard for no definite purpose and has contented itself on the main proposition with shooting at Carranza a diplomatic note of six thousand words. This note is manifestly intended for domestic consumption, rather than for influence upon Carranza or any other Mexican, and while it proves from the record that Carranza is as bad and useless as anyone has ever eluded him to be, yet it is at the same time proved that for months and months the ad-

ministration has been trifling with a serious matter. In the meantime a squadron of American cavalry down in Mexico have been cut up by Mexicans who turned on them a machine gun that was doubtless manufactured in the United States and shipped over the border with the consent and approval of the administration, while the unfortunate cavalrymen, who were dependent upon Wilsonian preparedness for their arms, had only rifles and no machine gun. It is tough on the cavalrymen; but what it will presumably provoke from the administration will be some fresh diplomatic exchanges with Carranza.

SPEEDING TO THEIR DEATH. (Shenandoah World.) It is an exceptional thing nowadays to pick up a newspaper which does not chronicle at least one auto accident, whereby some one is either maimed for life or killed. Ninety-nine times out of a hundred when an investigation is made it is found that the accident was due to fast and therefore necessarily reckless driving. Over at Hamburg last week, one of the most prominent men in the town was killed by an auto accident. It was found that he was racing, with another car, both of which were going at the rate of sixty miles an hour. There is no man on earth so killed in driving a car nor on car on earth built that can be handled properly at that speed on country roads or city street.

One result of the war has been a largely increased sale of American moving-picture films in France.
