

New Suit For Divers.
A diving suit made of aluminum alloy is one of the latest inventions. It is said that by means of this suit divers can do salvage work at extraordinary depths. They have, for example, already used the new armor at

a depth of 212 feet, and there are possibilities of deeper descents.
The world's people annually consume more than two and a half billion pounds of coffee, three-fourths of which is grown in Brazil.

M. & ST. L. STARTS ENLARGING YARDS

MOVING 100,000 YARDS OF EARTH FROM GRADE WEST OF CITY TO HEALD TRACT.

TEARING DOWN OLD OFFICE BUILDING

New Yard Office, and Office For Division Roadmaster and Trainmaster To Be Built at Center Street—Preparing For Grade Revision West in City Next Week.

Revision of the local yards of the M. & St. L., which will change the whole aspect and capacity of the local property, and result in the reduction of the track grade thru the west part of the city, which, in turn, will lead to building an overhead crossing on South Twelfth street, has been begun. Plans for this work have been under consideration for several years. Monday the work of developing them was started.

This plan includes the removal of enough earth from the right-of-way thru the city to fill the Heald tract of about eleven acres for an extension of the east yards, the widening of the general office building on Third avenue; and the removal of coal and fuel yards under the viaduct, the rebuilding of trackage in the yards, and the erection of a new local and division headquarters building.

Work For Next Year.
That summarizes the work to be done at once, most of which has just been started. Division Superintendent J. P. Huston explained over the telephone this forenoon. Following it, probably next year will be the entire revision of the track thru the western part of the city and the reduction of the grade probably as far northwest as beyond the Summit street road grade crossing. With this grade reduction will come the building of an over-head crossing on South Twelfth street.

Move 100,000 Yards of Earth.
A steam shovel gang and train crew began Monday to move earth from the right-of-way alongside the track northwest of the Main street grade crossing. Superintendent Huston said the engineering department estimated that about 100,000 cubic yards would be needed to fill the Heald tract. As fast as the earth is dumped there yard tracks will be pushed out upon it. Cuts will be made alongside the track in the western part of the city, preparatory to the track revision work planned for next year, which will then involve only the removal of more earth and the replacing of the track in the lower grade.

Tearing Down; Building New.
The work of tearing down old buildings and building new ones in the yard has been begun. The demolishing of the old freight house and general offices building has been started. In connection with this wrecking process coal offices and fuel yards of dealers are to be removed from the yards at the west side of the avenue.

The Gregory Coal, Coke and Lime Company is preparing to move to new yards being made ready on the M. & St. L. property at the corner of Railroad and Second streets. A brick office is being built, also suitable sheds and yards.

The M. & St. L. itself has started erection of a new yard office and office for the division roadmaster and trainmaster just east of Center street. Excavation was begun Monday for the foundation. The building will be of brick 20x45 feet on the ground and two stories high.

Superintendent Huston said the company hoped to have the earth moved for the east yard fill within sixty days.

CUMMINGS BOUND OVER.

Insurance Agent Held to Grand Jury—Is Committed to Knoxville.

F. H. Cummings, the insurance agent who slashed W. O. Butler with a knife and assaulted two others Friday night, waived examination Monday afternoon and was held to the grand jury by Justice Peck on a charge of assault with intent to commit murder. Cummings was released on bond for \$2,000 skinned by Mrs. Cummings and William Mowry.

Later in the day Cummings was arraigned before Judge Cummings on a charge of being an inebriate and was committed to the hospital at Knoxville for three years. Up to noon Cummings had not left for the hospital.

This morning Sheriff McCarthy, of Washington county, arrived in the city with a commitment for Cummings, who was ordered sent to jail for six months by the district court of Washington county for operating an automobile while drunk and running down a boy. The sentence was suspended. When the Washington sheriff found Cummings had been held to the grand jury and ordered committed to Knoxville he did not arrest Cummings.

A. T. GRUWELL HURT.

Former South Side Grocer Struck by Street Car and Injured by Fall.
A. T. Gruwell, 203 East State street, a former south side grocer, was struck by an East Main street car while crossing the street near the alley between First and Second avenues this forenoon. Mr. Gruwell is past 70 years of age, and in falling he suffered a painful gash over the right eye and bruises on the head and body. The injuries themselves are not considered serious, but because of his age, they and the shock may prove dangerous. He was removed to his home.

Accounts of the accident do not agree. One was that Mr. Gruwell fell on the track in front of the car and it struck him. Another was that Mr. Gruwell fell against the car as it was passing and was thrown to the pavement.

Poultry Breeders to Picnic.
Plans have been made by members of the Marshall County Poultry Association to hold the annual picnic at Riverview Park by A. Peares of the all-day program that have been arranged are a baseball game between the men and women, the latter being the challengers, and a volleyball game between teams of men. Other events

include foot races and other athletic events and a horse shoe pitching tournament.

The Pemberton Funeral.
Funeral services for Enos E. Pemberton were largely attended Monday afternoon from the Pemberton home, 308 West State street, in charge of Rev. I. N. Rich, assisted by Rev. Jennie Kirby. Many old friends from the Hartland neighborhood were here for the funeral.

The pall bearers were Anson Pearson, of State Center; Nixon Knight, of Eldora; Luther Pemberton, of Hartland; Albert Pemberton, of LeGrand; Robert Schaffer, of Eldora; and Theodore Kirby. Burial was in the Marlquette cemetery.

In attendance at the funeral from a distance were Mr. and Mrs. George Gilbert, of State Center; Mrs. Emma Gilbert, of Eldora; Mrs. Martha Nichols, of Des Moines; Ole Medhus, of Paulina; Mr. and Mrs. A. D. Mitchell and children, of Mitchellville; Mr. and Mrs. Addison Pemberton and children, of Greenfield; Mr. and Mrs. Allen Pemberton and Mrs. Ida Bates, of Salem, Ore.; and Messrs. A. Mesdames Verluu and C. R. Pemberton, of Iowa Falls.

County Republican Convention.

To the republican electors of Marshall county, Iowa: By direction of the republican county central committee of Marshall county, and in accordance with the provision of the statute, a delegate convention of the republicans of Marshall county will be held in the city of Marshalltown, at the west court room, on the 1st day of July, A. D. 1916, at 11 o'clock, a. m. The duties of said convention shall be to select sixteen delegates to the republican state convention, called to be held in the city of Des Moines on July 19, 1916, at 11 o'clock, a. m., and for the transaction of such other business as may properly be brought before it.

The representation in said county convention shall be on the basis heretofore established, and each precinct

will be entitled to delegates as follows:

In the District Court.

W. O. Reed has been appointed administrator of the estate of Annabelle Reed under bond for \$12,000.

ROOSTERPECK IS NO MORE.

Town Indignant at Penny-a-Line Humorists Becomes Meadowbrook. Roosterpeck is Roosterpeck no more. Roosterpeckians, chafing under the

cockadoodle-doodian stigma, have revolted. They called upon the news papers to proclaim to the world the momentous news that Roosterpeck is no longer on the map.

It is a long story. First the wires flashed abroad the news that Ohio had a "Roosterpeck." Then the live wire scribe in Roosterpeck saw an opportunity to boost his space account. He did, and war clouds hovered round. The village postmaster became as disgusted he blotted the name on the postmark, indignation meetings were held and it was decided to give the community a new name, Meadowbrook. It lies half way between Millsboro and Lynchburg.—Cincinnati Enquirer.

Cocoanut Oil Makes A Splendid Shampoo

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain purified cocoanut oil (which is pure and entirely greaseless), is much better than the most expensive soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get purified cocoanut oil at most any drug store. It is very cheap, and a few ounces is enough to last several months in the family for months.

THE CO-OPERATIVE STORE

Double Stamp Day Tomorrow

Two Stamps instead of one all day tomorrow with every 10c purchase
