

NEW **Mapl-Flake**
Delicious as the Name Sounds

VIGOR AND VIM
There's a joyous vigor and vim that comes from clean living—wholesome food is a vital part.
The satisfying goodness of Whole Wheat thoroughly cooked, flaked and perfectly toasted the Mapl-Flake way, is most delicious.
The delicious flavor of Mapl-Flake is a joy to children and grown-ups.
Just say "Mapl-Flake" to your grocer. He knows it's good.

CUT THIS OUT
OLD ENGLISH RECIPE FOR CATARRH, DEAFNESS AND HEAD NOISES.

If you know someone who is troubled with head noises, or Catarrhal Deafness, cut out this formula, and hand it to them, and you will have been the means of saving some poor sufferer perhaps from total deafness. Recent experiments have proved conclusively that Catarrhal Deafness, head noises, etc., were the direct cause of constitutional disease, and that salves, sprays, inhalers, etc., merely temporize with the complaint and seldom, if ever, effect a permanent cure. This being so, much time and money has been spent of late by a noted specialist in perfecting a pure, gentle, yet effective tonic that would quickly dispel all traces of the catarrhal poison from the system. The effective prescription which was eventually formulated, and which has aroused the belief that deafness will soon be extinct, is given below in understandable form, so that anyone can treat themselves in their own home at little expense.
Secure from McBride & Will Drug Co., or any druggist, 1 oz. Parment (Double Strength), about 75c worth. Take this home and add to it 1/2 pint of hot water and 4 oz. of granulated sugar; stir until dissolved. Take one tablespoonful four times a day.
The first dose should begin to relieve the distressing head noises, headache, dullness, cloudy thinking, etc., while the hearing rapidly returns as the system is invigorated by the tonic action of the treatment. Loss of smell and mucus dropping in the back of the throat, are other symptoms that show the presence of catarrhal poison, and which are often entirely overcome by this efficacious treatment. Nearly ninety per cent. of all ear troubles are directly caused by catarrh; therefore, there must be many people whose hearing can be restored by this simple home treatment.
Every person, who is troubled with head noises, catarrhal deafness or catarrh in any form, should give this prescription a trial.—Advertisement.

IOWAN UNDER FIRE

LIEUTENANT FINDLEY, OF THIRD INFANTRY, DODGES MEXICAN BULLETS.

ATTEMPT MADE UPON LIFE OF IOWA OFFICER

Entire Iowa Brigade Called Out in Middle of Night For Surprise March—Soldiers Make Good Showing and Win Commendation From General Allen—Orders Quickly Executed.

Brownsville, Tex., Sept. 14.—Lieut. Park Findley, Third Infantry, U. S. G., was not injured by shots fired at him across the Rio Grande by an unknown Mexican late yesterday. Altho Lieutenant Findley returned the fire the Mexican escaped.
Findley is well known throughout Iowa, both as a physician and man of military affairs. He served with the Fifty-first Iowa through the Philippine insurrection and later as a "military free lance" took part in Nicaraguan and Guatemalan revolutions. He is acting adjutant to Brig. Gen. H. A. Allen, in command of the Iowa troops.

Iowans in Night March

Brownsville, Tex., Sept. 14.—At 12:10 a. m. today the moon shone brightly over the encampment of the Iowa infantry brigade. With the exception of a few pacing sentries 4,500 men were asleep in their tents. Five minutes later an orderly galloping his mount from General Allen's headquarters started a "surprise" march. The tent of Captain Murphy, the regimental adjutant.
"General Allen orders out the First regiment with full equipment at once."
Then the orderly dashed away. "Captain Murphy dispatched the night guards in all directions. Orders were awakened and told of the command. They in turn aroused their sergeants and the latter broke in on the peaceful slumbers of the men. In a few minutes the camp was in orderly commotion. It resembled a disturbed ant hill, the men hurriedly dressing as they emerged from the conical, playing the role of the industrious insects.

Lined Up in Dark

In silence the companies lined up in their streets. From the barracks (in) men possessing rifles, galloped to their respective organizations. The "mule skinner" as the drivers for the supply company are known in the army, had the least envious work of all. They had to disturb half a hundred sleeping mules and harness them to the twenty-six supply companies.
At 12:30 a. m. the order to march was given and the regiment following closely after the Second and Third moved slowly away from the city of tents. In its rear were the rumbling conveyances. Thru the narrow streets of Brownsville went the marching columns. Here and there windows were opened and lights appeared in houses. People wondering at the strange sight were on porches watching the passing troops. Many probably thought a night attack was to be made on Matamoros. Long association with the outlawry of the border had led them to believe that anything might happen.

General Allen Pleased

But nothing happened. It was just the first midnight surprise march undertaken by a National Guard brigade and to say that General Allen was pleased with the result is putting it mild. He was delighted. It was but a few minutes after 1 o'clock when the troops lined up for inspection on the Fort Brown parade ground. They had dressed in perfect order and marched a mile and a half in forty-five minutes. At Fort Brown roll was called and the regiments ordered back to camp. At 2 a. m. the white-moon hanging slightly lower over the Rio Grande, shone again on a silent sleeping camp. As a special mark of favor for the demonstration of alertness and efficiency the regiment was allowed an extra hour's sleep. The morning reveille did not sound until 4:30.
Once it had resounded, however, there was more work ahead. Friday is the day set by General Parker on which all regiments in his command, federal and state must take a long distance hike. At 5:30 the troops were off but the hike instead of the customary 12 or 15-mile jaunt was but five. The day was the hottest yet experienced here and the rest of the Iowans having been abruptly sundered in the middle of the night, the length of march was reduced.

PLAGUE CLOSES SCHOOLS

Six Cases of Infantile Paralysis Develop at Maquoketa.
Maquoketa, Sept. 14.—With the discovery here Wednesday by Dr. Howard, of the state university of six infantile paralysis cases, the board of health and city council has closed all schools for three weeks, barred children under 18 from all theaters, and ordered churches and Sunday schools to close. Rigid quarantines have been imposed. Strict rules are being enforced for safety.
The city wanted to suppress news of the epidemic. Dr. Howard said half the battle in stamping out the plague was proper publicity for all cases. Dr. Howard came here to investigate four supposed cases. He verified the diagnosis in each case and discovered two new cases.

FEARED HAZING; RAN AWAY

South Dakota Boy Captured in Fort Dodge and Returned Home.
Fort Dodge, Sept. 14.—Fear of the hazing he might receive in high school is believed to have caused 14-year-old Vernon Bailey to run away from his home in Parker, S. D., on Sept. 4, the opening day of school. The boy was picked up in a half starved condition by the police here Monday night.
Vernon told a weird story to the police when first picked up. He said that his home was formerly in Chicago, where he had lived in dry goods boxes. He said both his parents were dead and that his name was Harold Johnson. His story wasn't believed and on further cross examination he told the real story—that his name was Vernon Bailey and that his father and mother lived in Parker, S. D. The father was immediately notified and came to the city yesterday to get his

son. Mr. Bailey is deputy sheriff at Parker.
"I believe my son was afraid of being hazed," said Mr. Bailey this morning. Just before he took the train with his son for their home in Parker, "My boy was supposed to go into high school this year. On the opening day of school, a week ago last Monday, he left home as we supposed for school. It was then that he ran away. The wire from the Fort Dodge officers last night was the first news that we had received of him altho we had been making every effort to locate and had cards out thru the country with the news of his disappearance. We were afraid at first that he might have met with some foul play."

Lowden Former Iowa School Teacher. Special to Times-Republican.
Eldora, Sept. 14.—The returns from the Illinois primary, held on Wednesday, indicate the nomination of Hon. Frank O. Lowden, a former Hardin county boy, as the republican nominee for governor of that state. Mr. Lowden is well known over this county, where he taught school in an early day.

CHURCH WON EASY VICTORY OVER JAPANESE TENNIS CHAMPION

GEORGE M. CHURCH

Tennis followers may rest easy on one question. There is no danger of the national singles championship going to the far off shores of Japan this year at least. The little son of Nippon, Ichiro Kumagae, whose path in this country has been paved with frequent successes, including the defeat of William M. Johnston in the Newport invitation tournament, himself tasted of defeat in the second round of the championship tournament on the courts of the West Side Tennis Club of Forest Hills, N. Y. It was the "punch" of George M. Church who undermined the fortunes of the wily Jap and sent him tumbling in straight sets by the score of 6-3, 6-3, 6-1. Not since the oriental came to this country, several months ago, has he been vanquished so decisively. In the first two sets Church tempered his impetuous rush for the net with a bit of caution. The two had never met before, and Church evidently wished to be sure of the game of his opponent before he gave free rein to his attack. But in the last set he seemed to take sheer joy in cutting the Nipponese down quickly. He forced the play with more aggressiveness, and Kumagae, who is known as being at his best in a five set contest, did not have a chance to turn aside defeat. One game was his quota, the first that was played in the set, in which he broke thru Church's service.

Peril of the Sea

A waterspout is constantly spinning: The moment it ceases it collapses. At the distance of about a quarter of a mile above the sea level its spinning speed has been estimated at six miles a minute.

Doctors Eat This Cereal Instead of Drugs for Their Own Bowels

No one realizes so well as the physician himself, the harm that comes from continued use of drugs to regulate the bowels. Until recently, drugs, mineral waters and oils seemed the only dependable relief, but today many doctors, a large number of hospitals and sanitariums are prescribing and using a cereal that is composed of the finest selected wheat flaked and toasted, crushed flax seed roasted, and given a delicious taste by savoring with ground celery seed and salt. It is highly efficient even in obstinate chronic cases of constipation and usually gives quick relief to the various degrees of indigestion and stomach trouble. This new cereal is so delicious to eat as any breakfast food, or ready to serve cereal when eaten with sugar and milk or fruit. Ask your grocer for Uncle Sam's Health Food and quit the use of drugs, pills and mineral waters. Your own doctor probably knows about it—most physicians do and recommend it to their patients and use it in their own families. A prominent New Haven physician, whose name we will give on request, recently said: "I have ordered Uncle Sam's Health Food for several patients who required a laxative food with very satisfactory results—both to them and myself." If your family grocer does not have it write to Uncle Sam's Health Food Co., Omaha, Neb., and they will tell you of a grocer in your neighborhood who keeps it regularly in stock, crisp and fresh. A well known Birmingham physician says: "This is the best food preparation I know of for stomach and bowel trouble." You will make no mistake in trying it, no matter how obstinate your case may be.

BROTHER TO PUNISH CASE

GABRIEL DANIELSON TO BRING CHARGE OF MURDER AGAINST SEATTLE MAN.

DECLARES INTENTION TO AVENGE SISTER

Govrie Man to Go West Soon to File Formal Charge Against Man Who Betrayed Sister into Mock Marriage—No Strychnine Found in Embalming Fluid Used by Undertaker.

Fort Dodge, Sept. 14.—Gabriel Danielson, of Govrie, declared yesterday that he would take every possible legal step to avenge what he believes to be the murder of his sister, Miss Anna Danielson, and that he is ready to file murder charges against Perceval V. Allen, of Seattle.

Mr. Danielson said that he became determined as to his future stand after learning of the outcome of the post mortem examination in Minneapolis, in which strychnine was found in the body of Miss Danielson. He said that just as soon as he could get away he would come to Fort Dodge to consult with his attorneys here and start action against "Dr." Allen.
The announcement of Mr. Danielson means that Allen will have to stand trial for the murder of the woman whom he tricked into a mock marriage and who died, eleven days after the supposed marriage, in her Seattle apartment.

Just at present Allen is being held by the Seattle police. He was convicted of a statutory charge and will serve a sentence on this charge.

Dear Frankforter, of the University of Minnesota, who conducted the post mortem examination of the body of Miss Danielson, examined a sample of the embalming fluid and could find no trace of strychnine.

Local undertakers interviewed declared that a law prohibited the use of any strychnine in embalming fluid.

JUDGE URGES BIRTH CONTROL

Tells Des Moines Couple They Have Too Many Children.

Des Moines, Sept. 14.—A demand that Mr. and Mrs. Willis Dingman, of southeast Des Moines exercise the principles of birth control was made in district court by Judge C. A. Dudley.

Mrs. Dingman is the mother of nine children, some of whom have become wayward because of lack of proper home care, the court was advised. The husband is a printer.

Judge Dudley very frankly informed the parents that their family is too large. He said that with so many children in the family, so one of them could receive proper attention.
"I want you parents to put into practice the birth control principles outlined at the meeting of state officials yesterday," said Judge Dudley.

Four of the children were sent to state institutions.
Florence, 11 years old, was committed to the school at Mitchellville. Harold, 14 years old, was sent to Eldora.

Walter, aged 9, and Morse, aged 7, were sent to the Bible school at Boone. The remaining children will be permitted to remain at home with their

parents. The older ones are employed in Des Moines establishments. The youngest is 3 years old.

Eldora News in Brief

Special to Times-Republican.
Eldora, Sept. 14.—Mrs. T. T. Davis left Wednesday for Sioux Falls, S. D. for a visit with her son, Odin Davis, and other relatives.

Mrs. Fred Willis and children, who have been in this city for a number of weeks visiting Mrs. Willis' parents, Mr. and Mrs. Henry Thamer, and other relatives, left today for their home in Farnville, Va.

Mrs. M. J. Town, of Hinkop, Ont., Canada, is in Eldora for a visit with her son, H. W. Town, an employe in the postoffice. Mrs. Town is on her way home from a visit in Portland, Ore., with a daughter.

Judge Wright expects to adjourn court in this city Friday. The term of court has not been as busy as expected, owing largely to the fact that the Hardin county fair interfered with the trial of some jury cases and that a number of attorneys could not get their witnesses in other jury cases.

The members of the city council of Eldora recently took an automobile drive over the city with a view of arriving at understanding of selecting certain streets to pave next year. It is understood that the council now has in mind the paying of about fifty-five blocks the coming year.

Could Not Do Her Cooking.
Mrs. F. E. Hartmeister, Teas., Mo., writes: "I was affected with kidney trouble for two years. I was so bad this summer I could hardly do my cooking. I got Foley Kidney Pills and they helped me. I feel like a new person." Too many women neglect symptoms of kidney derangement. When the kidneys are not properly doing their work poisons left in the system cause weak back, indigestion, sick headache, biliousness, sour stomach, bad breath or other condition caused by clogged bowels. Sold everywhere.—Advertisement.

A Bad Summer For Children.
There has been an unusual amount of dangerous sickness among children everywhere this summer. Extra precautions should be taken to keep the bowels open and regular and the liver active. Foley Cathartic Tablets are a fine and wholesome physic; cause no pain, nausea or griping. They relieve indigestion, sick headache, biliousness, sour stomach, bad breath or other condition caused by clogged bowels. Sold everywhere.—Advertisement.

Romances.
Romances are written and read not because they are either true or untrue, but because regardless of actuality they give relief to the unused emotional pressure of our hearts.—New Republic.

DRINK A CUP OF HEMO EVERY DAY

Or perhaps two cups, if you are terribly run down and need a revitalizing food tonic.

HEMO is a nourishing food, not a drug. Makes a delicious drink by merely adding water. Contains the combined extractions of such well known nutrients as Milk, Wheat and Beef, together with the tonic properties of Malt and Iron. Thousands of doctors have endorsed HEMO and are using it daily in all cases of general debility caused by anemia, or malnutrition.

An excellent food for convalescents, invalids or the aged. We suggest that you try a 50c package with our guarantee of satisfaction.

B. A. Morgan, Druggist, Marshalltown, Iowa.

Uneceda Biscuit
RAIN or shine, winter or summer, each Uneceda Biscuit is crisp, flaky, full of nutriment, fresh and tempting as the minute it left the oven.
From each opened box of Uneceda Biscuit there comes that wonderfully appetizing odor of fresh-baked biscuit.

Polk, Winthrop, Ia.; Frank Kinkade, Rolfe, Ia.; Theodore Jahneke, Thornton, Ia.; Mrs. Charles Koath, Hamiltontown, Ia.; Mrs. C. A. Upton, Ogden, Ia.; Mrs. L. C. Doran, Boone, Ia.; D. L. Birks, Marshalltown, Ia.; Mrs. L. W. Bailey, Hampton, Ia.; Mrs. Ida Scott, Ames, Ia.

What Furniture have You Planned for the New Home?
THE incomparable pen of Burns, the poet, wrote that "The best laid plans o' mice and men gang aft a glee." Unless they are planned with the greatest possible care and consideration for the benefit of all concerned.
In planning furniture for the new home, comfort as well as beauty must be considered, for like a magnet which attracts everything to its side, the home must be the chief attraction for all that dwell therein.
Make the Home Comfortable
Make the Home Beautiful
and it cannot be otherwise than attractive for your family and friends. Comfort and beauty are the two great ideas in selecting WILBUR quality furniture for our fall showing and we invite your careful inspection of the many new, and beautiful patterns.
