PERFECTION SMOKELESS OIL HEATERS

NEVER smoke—a patented lock flame-spreader automatically prevents the flame from creeping up.

There is no odor—the drum of this heater acts the same as the "Long Blue Chimney"—no dust, no ashes.

Regulator on top of drum sends heat straight up or outward into the room as desired.

Window in front makes it easy to see and regulate flame—no easy-to-break mica in window but substantial fine brass gauze.

The Perfection Smokeless Oil Heater is simple to re-wick; besides a wick with reasonable care lasts a season.

Holds one gallon of kerosene. Indicator shows how much is in the reservoir.

Any good kerosene will give satisfaction, but for best results use Perfection Oil.

Perfection Smokeless Heater is 25 inches high and 12 inches in diameter, finished in polished steel or blue enamel, with trimmings of black Japan or nickel.

Price varies from \$4.00 to \$7.25, according to finish. Look for the triangle trade mark.

Sold by all reliable dealers.

WOMEN BAN EXTRACTS.

W. C. T. U. State Convention to Pledge Members to Refuse to Buy Fort Dodge, Oct. 4.—One result of the state convention of the W. C. T. U. held here this week is that members in attendance will pledge themselves to use no flavoring extracts that contain alcohol. According to the president, Mrs. Ida B. Wiles Smith, of Cedar Rapids, who is presiding at the convention, the proposition of assisting the board of health of Iowa in doing away with flavoring extracts that contain alcohol will be presented today to the delegates and all will be asked to pledge their support by not using the extracts under the ban.

"Our convention is to be one of practical things rather than theories," declared Mrs. Smith. "What will be heard here this week will be by practical workers instead of theorists. We have a man who has lived in a state where there is prohibition and who played a practical part in getting the state to go dry. We have two women who have lived in states where prohibition and suffrage have gone hand in hand, so you see that those who attend our convention will hear first hand information."

TEDDY AND TAFT MEET.

Shake Hands and Extend Formal Greetings at Hughes Reception. New York, Oct. 4.—Theodore Roosevelt and William H. Taft clasped hands for a moment last night at the Union League club reception to Charles E. Hughes.

"How do you do?" said Mr. Taft. "How do you do?" Mr. Roosevelt rejoined.

Each bowed and Mr. Roosevelt passed on to shake hands with other guests, leaving Mr. Taft to greet those who followed. A few moments later Mr. Roosevelt took his place in the receiving line. He stood between Mr. Hughes and Chauncey M. Depew. Just the other side of Mr. Depew stood Mr. Taft. Thus, standing in the same receiving line they shook hands with the hundreds of club members and their guests who filed past during the evening. They did not meet again, however, or exchange any other word than commonplace greeting.

"We shook hands," Mr. Taft said afterwards, "just like any gentlemen should shake hands."

Colonel Roosevelt declined to comment on the meeting.

After the handshaking was over and the library was cleared, Ethel Root, president of the club, escorted Mr.

Hughes through a flag draped corridor to a small platform in the main club-room. Beneath a life-sized picture of Abraham Lincoln, Mr. Root again introduced the nominee, and Mr. Hughes made a brief address.

Colonel Roosevelt and Mr. Taft were called upon by Mr. Root and each responded with a short talk.

The meeting between Colonel Roosevelt and Mr. Taft was the first since April 13, 1915, when both were pallbearers at the funeral of Thomas R. Lounsbury, professor of English at Yale university and a close friend of both. On that occasion they merely shook hands, exchanging no word.

HITCOCK "FIELD MARSHAL."

To Take Active Control of Republican Firing Line in West.

Chicago, Oct. 4.—Frank H. Hitchcock, republican national chairman in 1908 and former postmaster general, is now the responsible authority in general charge of the Hughes campaign.

William R. Wilcox remains as chairman of the national committee. He is not to be disturbed in his conduct of that post and the general party machinery is to be maintained intact as now organized.

Mr. Hitchcock becomes active field marshal in immediate direction of republican forces on the firing line. He assumed command yesterday when he reached Chicago.

This was learned last night from an entirely responsible authority. It is accepted as closing a series of incidents that have created more or less friction within republican circles ever since the elevation of Mr. Wilcox to the national chairmanship, and which was accentuated during the tour of Mr. Hughes to the Pacific coast.

That the remainder of the active work of the national campaign may be conducted from Chicago under Mr. Hitchcock's leadership, is entirely possible, judging by information available last night.

Mr. Hitchcock's immediate headquarters were established in Chicago at western headquarters in the Conway building. The western headquarters sent out a bulletin to this effect last night. He is to remain in Chicago for at least a week, and after a trip through some debatable western territory will return here.

Eastern states, from a republican point of view are considered "in good shape," as one of the party leaders said last night. New York is held absolutely safe for Hughes by republican managers, and northern states and all New England have been marked up for republicans ever since the Maine election.

Campaign strategy turns to the middle west and to metropolitan centers, where questions raised by the enactment of the Adamson law and the unrest in labor circles have prevented an accurate political line on November possibilities. In a bunch of states where direct primaries have been late and where considerable factional feeling was generated, party managers in both camps realize conditions are critical just now, with election day five weeks away.

Mr. Hitchcock's job as field marshal, it is understood, will be to shake off the lethargy reported in some state committees and local organizations and to stir up some "old timers" who appear to have accepted Hughes' nomination as an equivalent of election.

Sheffield News Items.

Special to Times-Republican. Sheffield, Oct. 4.—Mr. and Mrs. A. E. Adams and his mother went to Waterloo Tuesday to attend the dairy congress.

The Epworth League gave a reception Monday evening in honor of Rev. and Mrs. A. B. Soule. A very pleasant evening was spent.

Miss McCamant returned to her home in Monroe, Wis., the last of the week after spending a month with her brother, J. P. McCamant, and family.

W. W. Brower left Tuesday morning for a month's visit with relatives in Harramantan, Alta., Canada. While there he will attend the golden wedding anniversary of his father and mother.

The work on the Odd Fellows' new building is progressing rapidly and in two or three weeks the store buildings will be ready for occupancy. The garage is nearing completion and the foundation for the new Baptist church is nearly completed. The work on the new church will commence at once. These new buildings add greatly to the appearance of our town.

ENGLISH CHURCHMAN IS DELEGATE TO P. E. CONVENTION

Sheffield, Oct. 4.—The Rev. J. P. Bishop, rector of the English church, has been elected delegate to the Protestant Episcopal convention in St. Louis on Oct. 11. The bishop is a widower and has two sons fighting in the war. One is an army officer and the other a lieutenant in the navy attached to a machine gun brigade lent to the Russians to fight on the eastern front.

TWO HELD FOR ARSON

EFFORT TO BURN THEATER AT SIOUX CITY ALLEGED BY POLICE OFFICIALS.

FILMS SCATTERED ON PLAYHOUSE FLOOR

Police Arrest One of Proprietors and Tenant on Charge of Having Started Blaze—Films Spread About in Apartment Effort to Scatter Fire—Effort to Collect Insurance Alleged Motive.

SIOUX CITY, Oct. 4.—As the result of a blaze at the Lyric moving picture theater at 411 Fourth street, John Waters, said to be half owner of the playhouse and George Ammerman, proprietor of a peanut stand in the theater lobby, are under arrest at police headquarters charged with arson.

The fire at the theater did little damage, but the circumstances attending the conflagration were reported to Fire Marshal Milton Hartman and as a result of the information given by Patrolmen J. P. Farley and M. E. Farley and Merchant Policeman Henry Bornholtz the arrest of the two men was ordered.

Since their arrest both men refuse to talk. They are making an effort to procure bail.

According to Patrolman M. E. Farley and the merchant policeman two men whom they believe to have been Waters and Ammerman were seen leaving the theater. The alarm of fire was turned in less than an hour later. The fire department arrived at the theater at 4:10 o'clock. The blaze was quickly extinguished and little damage was done, at least a week, and after a trip through some debatable western territory will return here.

ing placed under arrest. Ammerman later was picked up by the police.

Patrolman J. P. Farley signed the information upon which the warrant for the arrest of the men was issued.

John H. McLean, partner of Waters in the theater ownership, who visited police headquarters during the morning, said that he was convinced of his partner's innocence, as there is no reason for such a step, as the theater is a money maker.

Mr. McLean said there was \$5,000 insurance on the addition to the building and the fixtures, which he and Waters own.

News of Hampton.

Hampton, Oct. 4.—Frank Scantlebury shipped out a fine bunch of cattle Sunday morning to Chicago, three cars of them that averaged 1,617 pounds each. He received \$11.10 per hundred for them.

Mrs. J. W. Kennedy has returned to her home at Nora Springs after a short visit here with her parents, Mr. and Mrs. A. M. Soper.

John Atkinson turned his Minneapolis street car over to a substitute for a few days and with his wife and child is here for a visit with relatives and friends.

Oscar Hay, of Chapin, who has been an employ on the M. & St. L. section at that place, has applied for the position of section foreman with good chance of success.

COMB SAGE TEA IN FADED OR GRAY HAIR

IF MIXED WITH SULPHUR IT DARKENS SO NATURALLY NO-BODY CAN TELL.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound" you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

HAVE YOU A FRIEND WITH SKIN TROUBLE?

If you have a friend suffering with eczema or some such itching, burning eruption, what greater kindness could you do him than to say:

"Why don't you try Resinol Ointment? I know you have experimented with a dozen treatments, but I believe Resinol is different. In the first place, doctors have prescribed it for years. And then, Resinol does not claim to be a 'cure-all'—simply a soothing, healing dressing, free from all harsh drugs, that USUALLY proves successful in just such cases as yours."

Resinol Ointment is sold by all druggists. For free sample, write to Dept. 55-R, Resinol, Baltimore, Md.

Aitken, Riding Goodyear Cords, Shatters World's Record!

Captures Astor Trophy in Sheepshead Bay Speedway 250-Mile Classic

Rickenbacher Also on Goodyear Cords a Close Second

Catapulting along the edge-to-edge board course at Sheepshead Bay Saturday at the rate of 104.66 miles an hour, a world's record for the distance, Johnny Aitken drove his Peugeot to victory in the Astor Cup Race over a field of 31 starters.

He rode on Goodyear Cords! And he won on Goodyear Cords!

Desperate competitors thundered at his hubs every mile of the way—a treacherous tire might have meant defeat—but he won—his Goodyears did their splendid part.

They stood the burning, tearing, grinding, rending punishment of 250 miles over edge-to-edge boards at a 104.66-mile pace—and victoriously!

Aitken's victory is not an isolated instance of the unflinching stamina of Goodyear Cords. The racing records of the past three months are formidable with additional proof.

Proof, not alone of stamina—though this is paramount—but of speed, spring, and exultant vitality.

Proof of the very qualities that led to the adoption of Goodyear Cord tires as standard equipment on the Franklin, the Packard Twin-Six, the Locomobile, the Peerless, the White, the Haynes Twelve, the Stutz and the McFarlan.

Proof of the qualities that make these tires better.
