Important Announcement
Made to Smokers

High Quality of San Felice Cigars Maintained. Now Sell at 5c Straight.
Owing to the greatly increased cost of quality tobaccos, in fact everything pertaining to high grade cigars, the makers of the San Felice cigar, The Delsel-Wemmer Company, have advanced the selling price to the jobbers and dealers, and henceforth this cigar will positively be sold to the consumer at 5 cents straight instead of six for a quarter as previously.
The San Felice is national in its scope and character, having justly attained this eminence through its unequalled excellence. To maintain this unequalled standard of quality, the advance in question is absolutely unavoidable. The generous support of all men using quality cigars is earnestly desired.
