Fracker, of Chicago, who accompanied the body to the city, and Charles W. Fracker, of Des Moines.

S. I. L. BANQUET.

Husbands of P. E. O. Members Entertain at Y. M. C. A.

Members of Chapter BB, of P. E. O., were guests Monday evening at the Y. M. C. A. lecture room at a banquet served by the husbands of the members, who, in P. E. O. parlance, are known as the B. L. L's.

After Rev. B. F. Martin asked the invocation, the banquet was served in five courses, with roast squab as the central dish of the dinner course.

Seven P. E. O. daughters acted as servers, in the persons of Misses Purdine Devine, Elizabeth Stevens, Ruth Van Law, Miriam Singleton, Grace Diehl, Florence Kellogg, and Mary Maxwell. Covers were laid for fifty-eight, which included a few members of other P. E. O. chapters and their husbands, and house guests of members.

The tables, set in a "U" shape, were adorned with baskets of pink roses and narcissus, while at each place was a boutonniere of marguerites, the P. E. O. flower. During the dinner old-times songs were sung to music by an orchestra, which also played through the dinner hour.

With Aaron Palmer as toastmaster responses were given by Rev. W. G. Crowder, Mrs. Edwin Cobb, Dr. George M. Johnson, Dr. R. F. French, Mrs. C. H. Van Law, Mrs. E. L. Kinnam, and C. C. Trine.

The only out-of-town guest in attendance at the affair was Mrs. F. L. Stevens, of Iowa City.

At the Hospital. Grace, the 11-year-old daughter of Jacob Miller, of Dike, was operated upon for chronic appendicitis at the Deaconess this morning. Her condition is good.

Miss Mammie Dawson, 111 North Third avenue, underwent an operation for acute appendicitis at the Deaconess Monday afternoon. She is recovering satisfactorily. Miss Blanche Ford, 107 Third avenue, had her adenoids removed at the Deaconess Monday.

Some slight improvement was noticeable today in the condition of Mrs. Charles Propp, of Melbourne, who is seriously ill at the Deaconess following an operation for infected gall bladder.

Roy Le Fever has returned to his home in Denver, Colo., after a ten days' visit with relatives. His mother, Mrs. H. A. Robinson, remained for a longer stay.

Miss Myra Greenlee went Wednesday to Marengo, where she will visit before going to the home of her parents, Mr. and Mrs. Charles Elliott, at Geneva, Kan.

Preparations are under way for a high school play to be given in May. The play will be part of the commencement week program.

On Feb. 23 programs will be given in all the rooms, excepting the high school, in commemoration of Washington's, Lincoln's, and Longfellow's birthdays.

The apparatus for agricultural work at the high school has been delivered and the study has been taken up. This is the apparatus that is required by the state and includes equipment for the testing of soils and milk and for doing practical field work. The board spent over \$100 for the equipment.

Real Estate Transfer. Josie McMahon to Al Sanderman, lots 5 and 6, block 2, Lerner's third addition to Melbourne, \$1.

Knute Scott, to Albert Williams, part of lots 11 and 12, block 2, Webster's fourth addition, \$2,500.

Gussie Schlicht, et al., to Frank Schlicht, lot 3, block 1, Woodworth & Meeker's addition, \$20.

Lawrence P. Belknap to E. H. Reifschneider, the north one-half of the south half of lots 5 and 6, block 2, Shirk's addition, \$1.

C. D. Smith to E. H. Reifschneider, lot 4, block 2, Shirk's third addition, \$1.

Lois Brechbill to E. H. Reifschneider, the north ninety feet of lot 3, block 3, Electric addition, \$1.

Harry Gerhart, trustee, to Charles Mead, lot 14, Melrose Park, \$1.

W. G. Estal to John E. Tuffee, lots 14 and 15, block 13, Green Mountain, \$1,200.

C. H. McMahon to F. G. Brand, lot 2, block 3, Clemons' third addition, \$211.

H. E. Grewell to F. S. Perry, lots 1, 2 and 3, block 2, Clemons' first addition, \$175.

A. L. Clemons to F. S. Perry, ten lots in Clemons, \$500.

C. E. Frederickson, et al., to E. A. Busca, of Hardin county, lot 6, block 17, Albion, \$1.

H. A. Church to R. L. C. Thomas, lot 5, of Church's sub-division of Woods' third addition, \$500.

J. N. West, of Warren county, Illinois, to William West, Jr., lot 5, block 3, Shirk's addition, \$1.

George W. Wensel, et al., to F. W. Roskopf, lots 4, 4 and 6, block 5, Melbourne, \$600.

A. E. Hoover to J. G. Carter, land in LeGrand township, \$1.

Guy McKnight to John W. Long, thirty-two acres in Timber Creek township, \$1.

M. J. Tjpdike to Mahlon Russell, a seven-eighths interest in Bangor township, \$3,062.

Henry Lemker to Catherine Freese, 160 acres in Logan township, \$1.

THE BOWLING LEAGUE

Standing of the Teams.

Table with columns: Team, P., W., L., Pct. K-C. Cycle 43 29 13 .696, Hawkweys 39 28 11 .667, Rooters 39 19 20 .487, Chalmers 39 18 21 .462, Blue Jays 39 17 22 .438, Imperials 39 14 25 .359

The Hawkweys took two of the three games with the K-C. Cycle five, Monday evening, strengthening their hold on second place in the bowling league championship race. The Hawkweys rolled two big scores in the first two games, getting 921 and 933. Landis, of the Hawkweys, rolled 233 for high game, and also scored high average with 293, a total of 603 pins for the series. The scores:

Mr. and Mrs. Harry Early are the parents of a seven-pound daughter, born Wednesday.

Roy Le Fever has returned to his home in Denver, Colo., after a ten days' visit with relatives. His mother, Mrs. H. A. Robinson, remained for a longer stay.

Miss Myra Greenlee went Wednesday to Marengo, where she will visit before going to the home of her parents, Mr. and Mrs. Charles Elliott, at Geneva, Kan.

Preparations are under way for a high school play to be given in May. The play will be part of the commencement week program.

On Feb. 23 programs will be given in all the rooms, excepting the high school, in commemoration of Washington's, Lincoln's, and Longfellow's birthdays.

The apparatus for agricultural work at the high school has been delivered and the study has been taken up. This is the apparatus that is required by the state and includes equipment for the testing of soils and milk and for doing practical field work. The board spent over \$100 for the equipment.

Real Estate Transfer. Josie McMahon to Al Sanderman, lots 5 and 6, block 2, Lerner's third addition to Melbourne, \$1.

Knute Scott, to Albert Williams, part of lots 11 and 12, block 2, Webster's fourth addition, \$2,500.

Why a County Agent? Things He Has Done

I have hesitated to name concrete examples of what county agents have done. I know I can not name all the activities of any agent, and I fear if I name some you will consider those I cite to be all that the agents do, which would be doing them and the movement an injustice. However, I have mentioned co-operation and soil fertility as two principal lines. I will risk mentioning a few other leading lines carried out by various agents.

Nearly every agent puts on a two weeks' oats smut educational campaign each year, with township meetings and demonstrations. It results in eradication of the smut. Oats smut costs Marshall county over \$80,000 year.

In five years this would pay for our outstanding highway bonds, and permanently rebuild every bridge in Marshall county. It is a needless waste which a little education remedies. It is said Iowa farmers annually waste enough to feed Europe.

We annually sow hundreds of bushels of shipped-in clover seed not adapted to our climate and filled with weed seeds. By encouraging home production, and by co-operative buyings, many agents save their salaries several times every year in this item alone.

The Black Hawk agent found by experimenting with corn in every part of his county that one certain variety yielded twelve bushels per acre more than any other. The result is they are standardizing a new variety which will do much for that locality. Marshall county raises approximately 138,240 acres of corn annually. If the yield could be increased one bushel per acre it would prove no small item.

The Black Hawk county agent also has promoted dairying thru cow testing associations. The result is that cows from that locality already have a national reputation as producers and sell for fancy prices. This winter the writer heard two strangers in western Iowa talking about dairying. One had just bought some Holsteins and did not know where to find a sire. The other said "Write the county agent at Waterloo. He will find you one."

Cerro Gordo county produces good horses. The farmers were not getting full market value for them. The agent located and bunched the horses and their owners profited \$25 to \$50 per head. It was merely by organization and co-operation.

Thru the effort of the county agent Scott county started to raise alfalfa. It has been exceedingly profitable. Thru it he has built up its stock interests and is rapidly improving the soil.

By means of an educational campaign and state and federal aid the agent in Clay county practically stamped out hog cholera while it was still raging in adjoining counties.

Henry county has much good pedigree stock; so has Marshall county. But Henry county breeders are getting much easier sales and better prices than Marshall county breeders. Why? Because their county agent has given them a wide publicity thru a breeders' association.

These are only a few of the things that have been done in other counties and can be done in our own county with excellent results. The opportunities are unlimited and organization can accomplish wonders.

J. H. Howard, President.

MILLIONS USE IT TO STOP A COLD

"PAPE'S GOLD COMPOUND" ENDS SEVERE COLDS OR GRIPPE IN FEW HOURS.

Relief comes instantly. A dose taken every two hours until three doses are taken will end gripe misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge of nose, running, feverish sick headaches, dizziness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffing! Ease your throbbing head! Nothing else in the world gives such prompt relief as Pape's Cold Compound. It acts without sedation, taste, odor, or any inconvenience. Be sure you get the genuine.

of lots 11 and 12, block 2, Webster's fourth addition, \$2,500.

Gussie Schlicht, et al., to Frank Schlicht, lot 3, block 1, Woodworth & Meeker's addition, \$20.

GIRLS! ACT NOW! HAIR COMING OUT MEANS DANDRUFF

25-CENT "DANDERINE" WILL SAVE YOUR HAIR AND DOUBLE ITS BEAUTY.

TRY THIS! YOUR HAIR GETS SOFT, WAVY, ABUNDANT AND GLOSSY AT ONCE.

Save your hair! Beautify it! It is only a matter of using a little Danderine occasionally to have a head of heavy, beautiful hair; soft, lustrous, wavy and free from dandruff. It is easy and inexpensive to have pretty, charming hair and lots of it. Just get a 25-cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance; freshness, fluffiness and an incomparable gloss and lustre, and try as you will you can not find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower; destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.

Ushers Will Seat Only Between Numbers After the Program Commences

COMMUNITY LYCEUM COURSE

Fit Your Hills, Hollows or Levels Pigtight With

APEX Fence

THE "swinging joint" makes it flexible—self-adjusting to the ground. No bagging or sagging—it is the real pigtight fence.

APEX Fences are doubly strong at every joint—the "re-inforced" rigid stays keep it always in shape, so it looks better and lasts longer.

Strains and shocks are evenly distributed—all wires are evenly and tightly stretched, but no wire binds in Apex Fence.

They are made of open hearth steel wire, heavily galvanized. Material and workmanship are guaranteed to be first-class.

Fence For Every Purpose

This is an Apex Fence for every purpose—one for every purpose. Everyone can be suited in the matter of price. Everyone can have better fences by building them the "Apex Way."

If you have not used Apex Fence materials, let us show you the advantages of the "swinging joint" and the sterling qualities of this fence.

No Holes To Dig with

APEX Steel Drive Posts

Simply drive them into place with a few strokes of the maul or sledge as you sink them from the wagon. Can you imagine anything easier? What could save you more work or more time than this?

Yes, you can. Apex posts are much more economical than wood posts.

Other Big Gains

With steel posts you can have fence rows to destroy weeds and insects. Your stock and the galvanizing on your fence are better protected from lightning and electric currents.

Remember that Apex Steel Drive Posts with a Central Bar have no big, strong, heavy gauge posts, with a bearing against the ground which makes them firm and substantial. Do not accept imitations, but get the Apex.

Let us show you how to have better looking and more serviceable fences by building them the "Apex Way."
