EVERYBODY URGED TO MAKE GARDENS

GARDEN CLUB ENLISTS AID OF WHOLE CITY TO EMPHASIZE IMPORTANCE OF "GROWING."

GROVER MILLS TAKES ACTIVE PART IN IDEA

Entire Force of Mills to Be Sent Home to Spad Up Gardens Next Saturday

—Mrs. G. W. Darling to Organize Vacant Lots For Growing Vegetables
—Mills Offers Tomato Plants at Cost.

In order that all Marshalltown may fully appreciate the importance of making gardens this year, and producing every possible bit of produce that can be squeezed out of the ground, several important steps have been taken by the Marshalltown Garden Club. Chief among these is the enlistment of the Western Grocer Company in the movement.

R. W. McCreery, manager of the Western Grocer Company mills in this city, stated this morning that it is of paramount importance that this year's gardens be bigger and better than ever. A food shortage which will be of serious proportions faces the country next year, and no one can put too much time and work on gardens this year.

Mill Employees to "Make Garden."

On a week from next Saturday, April 14, and on the Saturday following if necessary, the Western Grocer mills plan to shut down and instruct all their employees to go home to "make gardens." "We must realize the importance of this at once," said Mr. McCreery, "and we are willing to co-operate and boost to the fullest extent any garden movement which will take in the entire city." Every available vacant lot should be cultivated, and grown people, as well as children, will do well to interest themselves in gardening this spring and summer.

Offer Tomato Plants to Public.

To further co-operate with this garden movement, the Western Grocer mills has made plans to offer a large number of tomato plants to the public at cost during the first part of May. Mr. McCreery stated this morning that as soon as the mills had supplied its regular contracts, it would offer to the public fine transplanted tomato plants at 1/2 cent each, or about 5 cents a dozen. These plants will all have been started in green houses, and then transplanted, and will be in perfect condition.

In a circular to be sent out next week by Superintendent Palmer of the schools, the need of vegetable gardens will be emphasized to the school children, and their parents' aid will be solicited in the work. During the past few years many school children have had successful vegetable and flower gardens, and efforts will be made to enlist even more in the movement this spring.

BURLESQUE SHOW TONIGHT.

"The Broadway Belles", Headed by Jane May and Joe Marks, Are Here. "The Broadway Belles" will appear at the Odeon Theater tonight presenting Miss Jane May, the charming little soubrette who was finally induced to enter burlesque, and forsake her flat-topped offers to continue her vaudeville career. She is perhaps one of the most versatile little ladies who has ever graced the burlesque stage. In conjunction with her wonderful personal magnetism she is a real dancer of the Broadway type and possesses a singing voice of unusual sweetness and range. Odeon.
