

HAIR COMING OUT?

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of Danderine at any drug store, pour a little in your hand and rub well into the scalp. After a few applications the hair stops coming out and you can't find any dandruff.

An Earthly Taste.
 Waiter—The customers are complaining that the coffee tastes like mud.
 Chef—That's all right. Tell them it was ground this morning—TIT-BITS.

Easily Remedied.

LYCEUM COURSE FOR NEXT YEAR

COMMITTEE DECIDES TO LIMIT COURSE TO SEVEN NUMBERS OF BETTER TALENT.

SUB-COMMITTEE TO REPORT ON TALENT NEXT MONDAY

As Much or Perhaps More Will Be Spent For Talent For Next Season in Order to Get Higher Class Performers.—Course This Season Will Be Successful Financially.

A series of entertainments is to be given by the community lyceum course next season, it was determined at a meeting of the committee held Thursday afternoon, when a list of talent was offered from which to select the numbers. A committee composed of Rev. W. G. Crowder, Rev. R. B. Davidson, W. H. Gilbert, Miss Lora R. Hagler, secretary of the Y. W. C. A., and John B. Northcutt, secretary of the Y. M. C. A., is to consider the talent and report at a meeting of the whole committee, which is to be held next Monday noon at the Marshalltown Club. This committee consists of the pastors and two representatives of each church, the Y. M. C. A., Y. W. C. A., and Marshalltown and Rotary clubs.

The committee authorized the promotion of a course for next winter but decided to limit it to seven, instead of eight numbers, and to secure better talent. As large or a larger sum of money is to be spent for talent, but by reducing the number of entertainments a very much higher class of talent can be secured. The course of this winter will pay all expenses, and it is expected that a small balance may be left.

AMUSEMENTS.

"Fair and Warmer" Greeted by Large Audience at the Odeon.
 Avery Hopwood's clever farce, "Fair and Warmer," here for the first time on Christmas, 1916, played to a return engagement at the Odeon Thursday night and pleased another large audience. The Selwyn & Co. cast was good in every particular, and the two leading roles of "Billy" Bartlett and "Blanny" Wheeler were in especially good hands. Sager Midgley, of vaudeville fame, appeared as "Billy" and Isabelle Mendoza as "Blanny."

"Fair and Warmer" like most farces, admits of more or less dialog that is near the danger line, and as a consequence must be in good hands to "get by" the censor. "Fair and Warmer" gets by. The situations that result in the mixup of the Bartletts and the Wheelers are ridiculous and laughable, and while highly improbable are within the range of possibilities. Harriet Worthington appeared as Mrs. Bartlett and C. Paul Schwager as "Jack" Wheeler. Altho in a minor role Dorothy Fox Slaytor as Tessie, the maid, did a clever bit of work.

At the Strand.
 In "Wolves of the Rail" being shown at the Strand, William S. Hart is introduced in a new role—that of an upholder of law and order, rather than the outlaw, altho the early scenes of the drama depict Hart as the leader of a daring and notorious gang of bandits, who so terrify the officials of a western railroad that a famous eastern detective is sent to break them up.

How Hart, as "Buck" Andrade, meets this detective; how his reformation is brought about at the bedside of his dying mother, and how he does the work that the detective came west to accomplish, form the basis of as thrilling and interesting a photoplay as Hart ever made. "Buck" Andrade finds his reformation made easier by the companionship and devotion of Faith Lawson, a young girl who has succeeded to her dead father's job as "towerman" at the Smoky Gap mountain station. In fact, Faith and Buck are the central figures in a pretty romance, which adds interest to the virile story.

Mr. Hart, as "Buck" Andrade, and Viola Vale as Faith Lawson, are both good, giving strong characterizations of the parts. The supporting company is very capable.

A Pathe pictorial film, an interesting film showing the making of shoes for the soldiers, and a Katzenjammer animated cartoon are also shown.

At the Casino.
 The week-end bill of vaudeville and pictures, at the Casino, provides an evening's entertainment that is rather above the average. Jeanette Adler and Six Musical Girls, who are the headliners, have a refined musical and singing act that is good. Their musical numbers on various instruments are of a high order, and their vocal selections good. The Three Tones, harmony singers, sing, dance and have a line of repartee that is well done and keeps the audience laughing. Wright and Davis, in a comedy skit entitled "Coenology," have an act that is presented in a rather novel manner. It is laughable and makes a hit.

A five-part Fox picture feature, Jewell Carmen in "The Kingdom of Love," tells a good story in an interesting way, the cast being especially good. The Pathe news-weekly, which includes pictures showing our boys training for the front in France, also is shown.

At the Hospitals.
 No change is noticeable in the condition of Robert, son of Municipal Judge R. E. Johnson, and a patient at St. Thomas hospital. The little fellow's recovery from an operation for double mastoiditis is slow because of lung infection.

Misses Esther and Alfreda Jeske, of Eldora, had their tonsils removed this morning at the Deaconess.

Mrs. L. C. Howard, three miles west of the city, submitted to an abdominal operation this morning at the Deaconess, following which she was doing fairly well.

The condition of Mrs. William Bell, of Berlin, is much better. She underwent an operation for acute gangrenous appendicitis Wednesday at the Deaconess.

James F. Dobson, of Garwin, is receiving treatment at the Deaconess.

B. A. Y. Installation.
 Officers of the Brotherhood of American Yeomen, No. 244, were installed at the Odd Fellows hall Thursday evening.

ning. Thomas McDonald was installed foreman; H. S. Hoffa, master of ceremonies; Mrs. J. Wertemberger, correspondent; Miss Margaret Woodmansee, chaplain; Mrs. C. C. Woodmansee, overseer; Mrs. B. F. Beehrle, Lady Rowena; Mrs. H. S. Hoffa, Lady Rebekah and B. F. Beehrle, guard. Miss Margaret Woodmansee, past corresponding secretary, was presented with a fountain pen.

F. H. Wiley acted as installing officer. An oyster supper was served following the ceremonies.

MRS. BREUNIG WANTS DIVORCE.

Wife of Rhodes Man Now Plaintiff in Action For Separation.
 Lester Breunig, of Rhodes, who made an unsuccessful attempt to obtain a divorce from Mrs. Pearl G. Breunig early in 1917, has been now made defendant in an action for divorce filed Thursday for Mrs. Breunig, who lives in Eden township. Mrs. Breunig makes claim for the custody of her child, \$200 temporary and \$2,000 permanent alimony. An order for a writ of attachment against Breunig's property was issued by Judge Cummings to secure Mrs. Breunig's claim for alimony. The couple was married in Toledo, June 23, 1915.

In the suit for divorce which Breunig brought, infidelity was alleged by Breunig as cause for divorce. When the court announced at the trial last June that he would dismiss the husband's petition, Breunig's attorney dismissed the case and the court awarded Mrs. Breunig alimony of \$200.

Farmer, Manufacturer, Insurance Agent

HERMAN KNUDSON.
 From farm, thru business college, to manufacturing and then into the life insurance business is the rapid career of promotions for Herman Knudson, a young and energetic business man of this city. Born and reared on a farm near Osage, he finished a course in the Capital City Commercial College, worked in a bank at Manson, then in the office of the master mechanic for the old Iowa Central railway, and then entered the employ of the C. A. Dunham Company, of this city, seven years ago. Rising from billing clerk, chief clerk, assistant sales manager, and finally publicity manager, Mr. Knudson's record in the manufacturing business was one of constant promotion.

But that last promotion required him to give up his new house in Marshalltown, to leave the community in which Mrs. Knudson had been reared and in which he held honorable position as member of the local board of directors of the Y. M. C. A. and of the board of deacons of the Church of Christ, so an opportunity to go into business for himself and remain in Marshalltown was more than the attraction of the Dunham Company could counteract strong as that attraction was and as friendly as the relationship has always been, and on Feb. 1 he will join the Shove & Co. insurance agency to present the merits of life insurance in a strong, solid-line company like the Mutual Life of New York. This is one of the big and best companies writing the safe and most approved forms of policies.

We consider ourselves fortunate in being able to command the co-operation of one of the most promising young business men in the city and we cordially introduce him to the public as a creditable representative of a good company and a capable agency. Shove & Son Insurance Agency.

E. H. KELLER VERY ILL.
 Former Retail Clothier Suffers Second Stroke of Apoplexy.
 Emil H. Keller, 112 West Church street, is very seriously ill at his home, suffering from a severe apoplectic seizure. The initial symptoms appeared during the night Wednesday, but there was no particular alarm felt until Thursday afternoon, when the paralytic condition became much worse. Practically the entire left side of the patient is affected, and he is in a semicomatose condition.

This is the second stroke of apoplexy suffered by Mr. Keller within five months. Last September, in Chicago, he had a slight stroke, but recovered quickly, altho never completely. The other side was affected as a result of the first seizure. The present illness is sufficiently serious that the outlook is not particularly bright.

OBITUARY.
Linder.
 Ordan T., the infant son of Mr. and Mrs. Elmer Linder, 712 Noble street, died Thursday night at 9 o'clock of pneumonia. He was an only child and was born March 20, 1917. Funeral services will be held Saturday afternoon at 2:30 from the residence in charge of Rev. R. F. Martin. Burial will be in Riverside.

Price.
 Eleonora, the 10-year-old daughter of Mr. and Mrs. A. R. Price, of LeGrand, died from the effects of an abscess on the brain at 8 o'clock Thursday night at the Deaconess hospital, where she had been taken in the morning for an emergency operation. Besides her parents, she is survived by a sister, Nancy Jane.

Licensed to Wed.
 W. M. Young, junk dealer, aged 43, and Mamie Evans, aged 32, both colored, of Hampton.

There is a Cause.
 Remove the cause, there can be no effect. Try chiropractic for that rheumatism. H. L. Robertson, chiropractor, 118 East Main street.

Diverting Freight Cars to Move Corn

A general order, caused to be issued by the government, has been sent to all of the local freight agents of railroads, and probably to all railroads of the corn belt ordering them to divert all box cars suitable for loading grain to the loading of corn. The cars are intended to move the soft corn, immense quantities of which are stored in elevators in the corn belt. The government was warned that unless the corn was moved much of it would mold and spoil. The railroads have orders to turn all cars suitable for grain over to elevators for loading corn. The result is that cars that can be used for corn can not be obtained for other shippers, which is producing a scarcity of cars for many industries.

MILLING COMPANY GETS WHEAT.

First Consignment Since Mill Was Built Is Received.
 Telegraphic advices from the grain department of the government food administration to the Marshalltown Milling Company, received Thursday, announced that four carloads of wheat have been consigned to the company. This is the first wheat the company has been able to get since its new mill was completed late last fall. The company expects to begin milling Monday. As yet, however, there are no assurances that further shipments will be received.

APGAR AGAIN CHOSEN

Senior Class at M. H. S. Awards Apgar the Contract for Making their Photos—The Fourth Consecutive Year.

M. H. S. senior class yesterday awarded Apgar the contract for making their graduating photos for the fourth consecutive year. Last year over 3,000 photos were made by Apgar for the class and not only has the high standard of his work been recognized in this city but in the surrounding towns as well; last spring 16 other graduating classes came to this popular studio for their individual and group pictures.

To Join Naval Reserve.
 Carl D. Winters and Carl M. Steinmayer, of this city, left this morning for Pensacola, Fla., to enlist in the naval reserves and to remain there for training. It was wrongly understood when an item was printed in Thursday's issue about their going that they were to enter the army at Camp Dodge.

In the District Court.
 The case of Evans vs. Melvin, et al., that has been on trial since Wednesday, was given to the jury at 10 o'clock this forenoon. The jury had not reported upon a verdict up to noon. Other members of the jury panel not engaged on the case were excused until Monday.

3,000 Gems in Crown.
 There are no less than 3,000 stones in the crown of the British king. Some very famous jewels are included in this number. One of these is a large heart-shaped ruby, given to Edward, the Black Prince, in 1337 by Dom Pedro of Castile. Another precious gem of the crown is a huge sapphire, bought by George IV. The remaining jewels consist of 1,263 brilliant diamonds, 1,273 rose diamonds, 147 table diamonds, 277 pearls, sixteen sapphires, eleven emeralds and four rubies. Complete with its white silk lining and purple cap, the crown weighs slightly more than thirty-nine ounces.

English kings have worn a number of crowns, some of which had very interesting stories. Edward III. and other monarchs of an earlier time pawned the crowns of their day to obtain funds needed principally for foreign expeditions. Part of the money that made possible the great victory of Agincourt was obtained from pawnbrokers by Henry V.

Crowns have been worn by not only kings but other dignitaries since the most ancient days. One of the most famous now in existence is the iron crown of Lombardy, used in 1805 at Milan to crown Napoleon. It was made in the sixth century, and derives its name from the circle of iron inside another of gold. The circle is said to have been made of a nail from the Cross, and is supposed to have given the crown a special significance. It has a tragic history.

DROPS OF MAGIC! LIFT OUT CORNS

Sore, touchy corns stop hurting, then lift right out with fingers

For a few cents you can get a small bottle of the magic drug freezone, recently discovered by a Cincinnati man.

Just ask at any drug store for a small bottle of freezone. Apply a few drops upon a tender, aching corn or callus, and instantly all soreness disappears, and shortly you will find the corn or callus so loose that you lift it off with the fingers.

Just think! Not one bit of pain before applying freezone or afterwards. It doesn't even irritate the surrounding skin.

Hard corns, soft corns or corns between the toes, also hardened calluses on bottom of feet shrivel up and fall off, without hurting a particle. It is almost magical.

Ladies! Keep a tiny bottle on the dresser and never let a corn or callus ache twice.
