Believes Tide of Battle Will Come Within Two Months. London, June 25.—Premier Lloyd-George announced yesterday that the next couple of months would be anxious ones. There might be a great blow coming in the next few hours, he said, and on this blow the issue of the campaign might depend. The entente allies, he added, never felt better prepared to meet it. The premier, who made his announcement in the house of commons, referred to the amazing organization which was bringing American troops to France. "Enough Americans," he added, "have arrived to satisfy the allies and to disappoint and ultimately defeat our foes." It was possible that within a short time, the premier said, the allies would be stronger than Germany. The enemy, he declared, had no further reserves to call up after another offensive, except by a drastic combing out of the essential industries, which he already had started. Premier Lloyd-George said the Austro-Hungarians were in full retreat. The question now was, he added, whether they would be able to effect a retreat. Mr. Lloyd-George emphasized the difficulty and almost impossibility of dealing with Russia, with her many differing and changing governments. He agreed, however, that it would be to the interest of the British people and also just and equitable, if Russia wanted it, that Great Britain stand by Russia. Replying to criticisms of the military policy and to suggestions that the cabinet had overruled military advice Premier Lloyd-George said he thought that Mr. Bonar Law last week had given all the information that could be furnished at the present moment consistent with military prudence. Naturally questions about the distribution and numbers of troops could not be answered. Concerning the American troops, the numbers arriving since March 21, the premier said, had been more than satisfactory, and he added: "It is an amazing piece of organization which has enabled the bringing of such vast numbers of first rate American troops to France." Mr. Hogge interposed: "The figures are admitted." Mr. Lloyd-George, waving his arms: "Oh, all right. My honorable friend ought to be satisfied. I hope the Germans are also." In declining to give figures as to the numbers of American troops, the premier said they were of the very best quality and many were already on the firing line. He hoped that soon very many more would be there. News of Eldora. Special to Times-Republican. Eldora, June 25.—A son was born Monday to Mr. and Mrs. Elmer Fossler, living northwest of Eldora a few miles. Frank Carmody arrived in Eldora Monday from New York City, having recently arrived in the United States from France, where he had gone on a business mission for the government. Mr. Carmody is an Eldora boy, having lived here until some twenty years ago. His home is now in San Francisco. His father, James Carmody, for years a business man of Eldora and Marshall-

town, is seriously sick at his home here. The Thomas Dooley family had a narrow escape Sunday evening as they were returning to their home here from a visit in the country east of Eldora. When about two miles from town a motorcycle passed the team driven by Mr. Dooley and the team shied, the result of which was that the horses became partly loosened from the buggy. This frightened the animals and they ran away, throwing the occupants out with the result that Mrs. Dooley had an arm broken. Mr. Dooley badly bruised and shaken up, while the 3-year-old son of Will Sennink, who was in the buggy with the Dooley family, had one leg broken. John St. John is confined to his bed in Eldora, suffering with malaria fever. It is now believed that G. W. Parks, who for a number of weeks has been confined to his bed with rheumatism, is on the way to recovery. Clergy to Attend Keane Funeral. Special to Times-Republican. Dubuque, June 25.—About 500 Catholic clergymen from all parts of the country are expected to be present at the cathedral Wednesday morning at the funeral services for the late Archbishop John J. Keane who died early Saturday morning. A priests choir composed of clergymen from all sections of the archdiocese of Dubuque will sing. The body of the dead prelate was removed from the home to the cathedral Monday night where it will lie in state until the funeral services. It is estimated that almost 40,000 people will view the remains. READ THE T-R WANT ADS.

One cannot know much about any great human being, think what he would do under this or that circumstance, or what he would say if he were here, without coming to be something like him. We are strangely influenced in this world by those whom we admire most. Harriet and I know a little old maid, I have written about her elsewhere, who has thought so much about the Carpenter of Nazareth that she has come to be wonderfully like him.—From "Hempfield," by David Grayson in the American Magazine. Influence. Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost. Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and white the skin becomes. Yes! It is harmless. Lemon Juice For Freckles. Girls! Make beauty lotion at home for a few cents. Try it!
