**Chamberlain's Colic and Diarrhoea Remedy.**

Now is the time to buy a bottle of this remedy so as to be prepared in case that any one of your family should have an attack of colic or diarrhoea during the summer months. It is worth a hundred times its cost when needed.

**Never "Jiggle" the Telephone Hook**

"Jiggling" the telephone hook will cut you off from the operator so she will not get your signal.

Move the receiver hook up and down SLOWLY four or five times to attract the operator's attention for any purpose.

Moving the hook slowly opens and closes an electrical circuit which causes a tiny electric light to flash in front of the operator.

If you "jiggle" the hook rapidly, the light does not glow, and the operator will not know you are trying to attract her attention.

Remember, move the hook up and down SLOWLY or not at all.
