THE RACE INFERIOR.

Our souls are white, our faces black yet we must tread the beaten track of what the other races term, the race inferior.

Yet why are we so called, I cannot see. Did that same God who did create man, in His own image designate the negro race inferior.

The preamble to the Constitution reads: All men are created free and equal and have certain inalienable rights. Therefore what rights we do possess must be considered alien.

There are those who started out to solve the "Negro problem," some of these segregate. Others say amalgamate. Still others say to colonize the race. We who from colony and place were forced to serve as bondmen for the other race.

And will our deeds of valor be forgotten. We who for democracy have fought and helped to win, or will we still remain in dire plight. As Aliens to the cause of just and right.—Mrs. Lewis 1316 N. 4th street West, Cedar Rapids, Iowa.

MARSHALL MILLER

Marshall Miller election to the city Council is looked for by all who are interested in good City Government, as he is recognized as a man thoroughly competent to fill the office as a representative of all the people, and will administer the duties of his office as he believes will be of benefit to the majority of the people, and not to any special interest. He has many times in the past demonstrated his executive ability and has the nerve and a will to do what he believes to be right at all times. He has repeatedly refused to tie with any Slate or ticket. He believes that the taxpayers should have value received for every dollar expended, and economy in the strictest sense, but not to the detriment of the demands of a growing city such as Des Moines.

Mrs. Jackson's Epileptic Fits Conquered

Her own story of her remarkable deliverance. New Jersey Chemist offers generous supply of the wonderful remedy free.

No wonder Mrs. Jackson is anxious to have the whole world know what Dr. Kline's Epileptic Remedy did for her. Doctors tried and failed to help her. Fifteen convulsions in three hours is a terrific experience. But Mrs. Jackson is well now. Read how it all happened:

Dr. R. H. Kline Co., 301 White St., Red Bank, N. J.
Gentlemen: About six years ago I was taken with convulsions. I had fifteen convulsions in about three hours. I had two doctors with me and they worked for some time. Then I was sent to the hospital and there I laid for three weeks before I knew where I was. I was in the hospital for four weeks. Then my husband took me home. Every year after that I would have several attacks of convulsions. A little over two years ago when I had four very hard convulsions, at one time, a lady friend told me of Dr. Kline's Epileptic Remedy. I was anxious to try anything as I was troubled so severely. I got one bottle and took it and it made me feel a little better, so my husband and I continued it, which I did, and at the present time I never felt better in my life. If this letter will help anybody that has that kind of trouble, I hope they will take your Epileptic Remedy, as I believe it will cure them as it has cured me. Yours very truly, (Signed) Mrs. W. G. Jackson
