

"I Enjoy Perfect Health To-Day.
Thanks to Per-na."

MRS. MATTIE CLOW.

MANY people by correct living can avoid the necessity of taking medicine, especially during early and middle age. But as old age approaches the climatic changes become more serious, and in spite of the best hygiene Nature needs a little assistance now and then.

Dr. Hartman, in speaking on this subject, said: "I have been all my life a healthy, strong man, and remain so, beyond the age at which most men find themselves old and feeble. For the last thirty or forty years I have occasionally used Per-na to lift myself over some hard places. I believe in a simple life, frugal fare and hard work. I also believe in Per-na. I am one of the doctors who takes his own medicine. I do not have frequent use for medicine, but whenever I do have use I take Per-na."

Mrs. Mattie Clow, 428 1/2 E. St. Vrain St., Colorado Springs, Col., writes: "Per-na is a blessing to persons in advanced years. While persons are young and the life force is strong, the system can easily throw off disease, but when you become old, there are but few remedies that are able to cure."

"Chief among these stands Per-na. I look it for protracted kidney trouble. Nothing could help me but Per-na. It not only cured my kidney trouble, but toned up the entire system. I enjoy perfect health to-day. Thanks to Per-na."

IOWA FALLS EDITOR IS VINDICATED

Iowa Falls Newspaper, Sued for \$70,000 Damages by Wisner Estate, Wins Case.

Editor I. A. Nichols of the Iowa Falls Citizen, who was sued for slander by G. H. and L. J. Wisner of Eldora, claiming damages in the sum of \$70,000, has been vindicated in the district court held in Eldora during the past week. The case has attracted considerable attention all over this section of country. Bro. Nichols, in his paper published yesterday, says of the case:

The damage suits against this paper have attracted considerable attention throughout the county and perhaps elsewhere. The first encounter in court came Monday over a motion by the attorneys of this paper to strike out the vital parts in the petitions of the plaintiffs. Judge Wright gave his ruling Tuesday morning. The following from an Eldora correspondent states the status quo on Tuesday morning as well or better than we could state it:

"In the suit brought by Gilman H. Wisner and Lois J. Wisner, of this city, against Ira A. Nichols, editor of the Hardin County Citizen, of Iowa Falls, for damages in the sum of \$25,000 each, Judge Wright in the district court sustained vital points in a motion of the defendant's attorneys to strike from the petition certain portions thereof.

"The plaintiff in each case sought to recover in one count for damages to the person, because of alleged libel, and in another count damages for a slander of property. The motion sought to strike from the petition all references to the property of the plaintiffs and the damage thereto. This part of the motion was sustained.

"The court also sustained that part of the defendant's motion which sought to have stricken out the part of the petition which is technically called the innuendo, which means the explanatory part thereof, the object of which is to connect the plaintiff with the alleged libelous article—in other words, to show that the article complained or referred to the plaintiffs.

"The court sustained these portions of the motion and strikes out the vital parts thereof."

The plaintiffs had until Wednesday noon to replead, which they did, coming into court with additional legal talent, but pleading practically the same points over again, just changing the minor details, for instance lowering the amount from \$70,000 to \$65,000. The arguments on the so-called amended petition came up yesterday morning, at the close of which Judge Wright turned to the attorneys for the plaintiffs and said in substance that he had given these cases careful attention and that he had decided that there was absolutely no libel in them, and the motion of the attorneys for a defense to strike out their new pleading was sustained.

If there is any further moving, we presume that it will be to appeal to the supreme court.

There are some points with reference to these cases that are worthy of consideration.

The writer would be an ingrate, if he did not appreciate the almost universal public sentiment and sympathy of the people of this county in favor of this paper. There has been no opposition, aside from a few enemies, enemies by the way, based, not on merit or demerit, but on politics or ill-feeling toward Iowa Falls. However, such opposition found so little ground upon which to stand that it just slunk away into the dark and silent recesses of the jungle.

The writer would also be an ingrate if he did not appreciate the fidelity, work, and interest of the attorneys who have handled our cases. They have been just as anxious to win as the writer and have left no stone unturned from the beginning to the final ending, wherever that might be.

Such suits also renew faith and confidence in courts and in men. One is reminded, regardless of all adverse criticism, that there are conscientious, up-right courts that deal out justice without fear or favor, and do it with a promptness and dispatch that is at once healthful and invigorating for the public good.

These suits have had a good healthful effect on the citizenship of Hardin county and in our humble opinion will do much good in the long run. The kind and deep felt public sentiment together with the results remind one that it is worth while to conduct a courageous, conscientious newspaper and that people will uphold, defend, support, and stay by such a newspaper.

LOCAL BOY WINS DISTINCT HONOR

Fred Metcalf, Freshman at Grinnell, Chosen as Member of Famous Glee Club.

Fred Metcalf, son of Rev. and Mrs. Arthur Metcalf of this city, has been chosen as a member of the famous Grinnell College Glee Club. The candidates for membership in this high-class musical organization are all tested and tried out by the leader of the club, and as there were about fifty applicants for eight vacancies in the organization, coupled with the further fact that this is Fred's freshman year, makes his victory noteworthy. Becoming a member of this famous college organization is a distinct honor and Fred is to be congratulated. His experience in the local high school glee club and in choir singing has stood him in good stead in passing the necessary test for membership in the Grinnell club.

The Grinnell College Glee Club makes a tour every year, generally during the fall vacation, and it has visited this city several times, giving a concert here on the first day of April last in the Congregational church. David Peck, instructor of music in the college, is the director of the glee club.
