

For Twenty-Six Years

Mrs. Lamaster, of Kentucky, Suffered with Internal Catarrh and was Finally Relieved by Peruna.

MRS. W. W. LAMASTER.

"I SUFFERED for twenty-six years with bladder and kidney trouble, and being advised to give Peruna a trial, I did so, and am thankful to say that eight bottles of Peruna and three bottles of Manalin entirely cured me of that trouble, and I am as well as ever."—Mrs. W. W. Lamaster, 3127 McAtee Ave., Louisville, Ky.

Catarrh Causes Kidney Disease.
Catarrh is a frequent cause of kidney disease. The pelvis of the kidneys, as well as the tubules, is lined with mucous membrane, and is therefore subject to catarrhal congestion. Sometimes the catarrh is so slight as to cause no attention. Other times it leads up to very serious conditions.

Any remedy capable of mitigating the catarrh is a much more rational treatment than to give palliatives that only relieve the patient of one or more disagreeable symptoms.

It is claimed for Peruna that it is an internal systemic catarrh remedy, and reaches the catarrh in whatever organ it happens to be located.

"I was cured of a severe attack of inflammation of the bowels by taking Peruna. I am glad to recommend Peruna to any one."—Mrs. J. J. Cross, 552 Water St., San Antonio, Texas.

Dr. Wilbert Shallenberger
The Regular and Reliable Chicago **SPECIALIST**

Who has visited adjacent towns every month since 1901 will be at Webster City, Hotel Willson **MONDAY, OCT. 16, 1911.**
One day only and return once every 28 days.
From 12 m. to 6:15 p. m.

Cures permanently see cases no under...
Cures all curable cases of Catarrh, Nephritis, Throat and Lung diseases, Eye and Ear, Stomach, Liver and Kidneys, Gravel, Rheumatism, Paralysis, Neuralgia, Nervous and Blood diseases, Blood and Skin diseases, Epilepsy, Bright's Disease and Consumption in its early stages, diseases of the bladder and female organs, Liquor and Tobacco habit, Stammering and stuttering, and all diseases of the Eye, Ear, Nose and Throat.

NERVOUS DEBILITY

EXPECT BIG BATTLE SOON

With 22,000 Men an Immediate Attack is Being Planned.

ARABS ACCEPT THE CHANGE

Fleet Will Be Kept in Harbor of Tripoli, However, For Possible Uprising—Liberal Proclamation Issued.

Tripoli, Oct. 13.—General Caneva, commander in chief of the Italian expedition, has decided to act quickly, and it is believed the troops under him will march immediately against the positions occupied by the Turks. A reconnaissance of the desert yesterday disclosed the central body of the Turkish troops with field guns not far from the city.

Nineteen more Italian transports, escorted by warships and carrying the second division of the troops, arrived this morning. The men were hastily landed. This division is 15,000 strong, and there are now 22,000 Italian soldiers on the coast of Tripoli. Not only is the Italian position safeguarded against surprise, but an effective occupation of the interior can be begun.

It is reported that the Arabs have accepted the Italian occupation joyfully, but some of the warships remain in the harbor in readiness for emergencies. Troops also were landed at Benghazi, Derna, Tobruk and Bomba.

Although the utmost precautions have been taken looking to the perfecting of sanitary arrangements, cholera has broken out, and it is reported that four deaths have occurred.

General Caneva has addressed a proclamation to the inhabitants, assuring them they haven't been enslaved by Italy. On the contrary, they have been liberated from the yoke under which they have been laboring for years.

They will be ruled by their own chiefs under the patronage of the king of Italy. Religious and civil laws will be respected and taxes will be reduced or abolished.

The proclamation concludes by announcing that Italy desires that Tripoli shall remain the land of Islam under protection of Italy.

Admits Three Murders.
Minneapolis, Minn., Oct. 13.—James Dygart yesterday confessed to three murders—those of Mrs. Amelia Bolton and her cousin, Frank E. Rhoades, on the Bolton farm, in Anoka county, Minn., and that of John Hefstedt, a farmer of Douglas county, Wis.

Dygart was employed by Walter Bolton, husband of the murdered woman, as a farm hand, as he was by Hefstedt. He said he killed Hefstedt because the latter attacked him.

His confession to the Wisconsin murder came after severe questioning that had brought out his admission of guilt in the Bolton farm tragedy.

Tumble may be Fatal.

Rheims, France, Oct. 13.—Level was injured probably fatally in a fall today. The aviator was sweeping along in his biplane about 250 feet from the earth when something went wrong with the machinery and the aeroplane plunged downward, striking a telegraph pole in its descent. Level was senseless and barely living as he was taken from the wreck. It was found that the skull and spine had been fractured.

M. Hortja, a student of aviation, while practicing at a height of thirty-five feet at Charlevill yesterday fell, receiving injuries which, it is expected will cause his death. His machine capsized.

Trial of Guy Baker Begun.

Iowa City, Oct. 13.—Trial of Guy Baker of Lone Tree, Ia., for the murder there of Oliver P. Driver one year ago began in Muscatine county yesterday, following a change in venue from the Johnson county district court. Baker is now going through his second trial, having been convicted before Judge Howell at the first trial and sentenced to twenty-two years in the state's penitentiary.

Suicide Missed Heart.

Iowa City, Oct. 13.—Earl Carson, 29, attempted suicide yesterday afternoon at his home at Lone Tree. He attempted to put a .38 caliber bullet through his heart. He mis-

ed his heart an inch or so, but the bullet penetrated the body and came out of his back, close to the spine. His recovery is doubtful. He was despondent over ill-health. He has a wife and three small children.

WILL BE NO PICKETING AT BURNSIDE

Strikers Obey Injunction Issued by United States Judge.

Chicago, Oct. 13.—There was no picketing in the vicinity of the Illinois Central shops at Burnside by strikers yesterday as a result of the injunction issued by United States Judge Humphreys at Springfield, Ill. Quiet reigned and the police guard patrolling the plant had nothing to do.

Nearly 1,500 men reported for work. No disturbances followed the payment of the September wages to the strikers. About \$200,000 was disbursed to the strikers and while the saloons in the neighborhood did a large business, the strikers were peaceable and no fights were reported.

PORCH DESTROYED BY DYNAMITE BOMB

Misses Open Window But Tears Large Hole in Porch.

Galesburg, Ill., Oct. 13.—At 1 o'clock yesterday morning a bomb was thrown at the home of W. P. Drew, a professor of Knox college. The bomb missed a window that had been opened to receive it and fell upon the side porch, tearing a large hole in the porch and broke seven windows. The family was sleeping upstairs on the back porch and escaped injury. Professor Drew has been instrumental in the prosecution of illegal liquor selling here and it is believed by anti-saloon workers here the bomb was thrown with a view of checking the prosecutions.

This is bomb No. 2 for Galesburg, the rear of the Heidelberg club having been wrecked by a bomb about a year ago.

KILL REED, SAYS HYDE

Creates Sensation While on Trial for Murder at Kansas City.

REED IS U. S. SENATOR

Hyde Angered at Half Uttered Allusion to His Wife, and Only Intervention of Woman Stops Trouble.

Kansas City, Mo., Oct. 14.—"I will kill that man."

These words of Dr. B. Clark Hyde in court here yesterday were dictated at James A. Reed, United States senator, who is assisting in the prosecution of the physician on trial a second time for the alleged murder of his wife's uncle, Thomas H. Swope.

Senator Reed had referred to the charges of bribery made by Dr. Hyde yesterday.

"It is made upon the testimony of this man alone," the senator said, "and that of his wife, who—"

Reed stopped suddenly and changed to another subject without completing the sentence. Dr. Hyde, who had been sitting beside his wife in the front part of the court room, leaned forward in his chair as the special prosecutor flayed him; when he referred to his wife, Hyde jumped from his chair.

His eyes were flashing in anger. Spectators believed he was about to attack the senator. Then it was that he made the threat against Reed, but Mrs. Hyde placed her hand on his arm and drew him back into the seat.

Sentence of Eight Years.

Osage, Oct. 14.—Oscar Bowers, a farmer of Mitchell county, was sentenced to eight years in the penitentiary on a charge of manslaughter. The jury which heard the case brought in a verdict Wednesday and the court passed sentence Thursday.

Bowers in a quarrel killed Leo Johnson. He alleged the act was in self-defense.

REBELS ARE PREPARED

Soldiers Joining the Mutineers and Many Cities in Revolt.

THE GOVERNMENT QUAKES

Is Assembling Forces and Will Make Hurried Attempt to Crush Rebellion Before It Spreads.

Hankow, Oct. 13.—The revolution which has been hanging over China for months and of which the rising in the province of Szechuen was only a small part, has begun in earnest. It is a concerted movement to take the empire and declare a republic.

The noted exiled revolutionist, Dr. Sun Yat Sen, leader of the anti-Manchu party, if the plans do not miscarry, is to be elected president. He was the delegate of the revolutionary party to the United States in 1910, and is believed during that tour, to have made arrangements for financing the movement.

Sun Yu, a brother of Dr. Sun Yat Sen, who is now in Hankow, has been elected president of the provincial assembly, and Tang Hua Lung, the retiring president of the assembly and a noted scholar, has been elected governor of Hupeh.

The whole assembly has seceded from the imperial government. The rebels are well organized and financially strong. They have confiscated the local treasuries and banks and are issuing their own paper money, redeeming the government notes with this, as foreign banks are refusing government notes.

The revolutionaries have captured Wuchang, the native section of Hankow, and Hanyang, all adjoining cities in Hupeh province. Changsha, capital of Hunan, is reported to have risen in revolt, and Nanking, capital of the province of Kiangsu, is on the verge of a rising, several public buildings having been destroyed.

Thousands of soldiers have joined the mutiny in Hupeh. Many Manchus have been killed and the terrified people are fleeing from the cities into the country carrying their belongings.

The prisons have been opened and the criminals liberated. There has been fighting in the streets, but the most stringent orders have been issued that the lives of foreigners and their property shall be respected.

An American expedition, dispatched from Hankow to Wuchang to aid the missionaries there, returned here with all the missionaries, except Miss R. A. Kemp of the Episcopal society, members of the Roman Catholic mission, including the sisters, and the London mission, who declined to depart.

There was a brief exchange of shots between the Wuchang forts and a loyal Chinese cruiser. The firing ceased after British and Japanese officials had protested that it endangered the foreign concessions.

Friday, the Thirteenth, a Hoodoo.

Boone, Oct. 14.—Henry N. Hansen, a car repairer in the employ of the Chicago & Northwestern, was injured at the Story street crossing last evening. While working around train No. 13, a westbound passenger he accidentally stepped in front of a switch engine, his arm being crushed so badly that amputation at the shoulder was necessary. He received other minor injuries.

AUSTIN IS NOW AFRAID OF FIRE

May Sell Wreckage to New York Firm in Near Future.

Austin, Pa., Oct. 14.—The danger of fire in what is left of Austin and with no means of fighting a conflagration is a problem that is now confronting this community. Orders were issued yesterday to the state constabulary to arrest any person starting a fire of any kind near or about the wreckage.

Fire insurance companies have cancelled their policies on houses that still remain standing, and are returning contracts for premiums that have not run out. It is explained that this is done because the water works has not been so repaired
