

HAVE BIG DEER HUNT

Event Will Rival Those of the Indians in Early Days.

CLAIM THE CROPS ARE RUINED

Animals Will be Driven From Potawatamie and Shelby Counties.

Cedar Rapids, Nov. 18.—A deer hunt that promises to rival in some respects the sort of hunts the Indians used to pull off on the prairies of Iowa many years ago, will be participated in during the next week or ten days by the farmers of Potawatamie and Shelby counties. State Game and Fish Warden George A. Lincoln of this city will be in charge of the hunt.

Some time ago Mr. Lincoln was notified by his assistant at Avoca, John T. Hazen, that many complaints were being made by the farmers in that vicinity regarding the way the wild deer were going after their crops. As the state law provides that no deer must be shot or caught without authority from the state game warden the farmers were powerless to prevent the ravages.

Mr. Lincoln gave his consent for a big round up so an enclosure has been built covering thirty acres, surrounded by high wire. The deer will be driven into this enclosure and already between thirty and forty of them have been seen in the corral.

The deer will be sold to any person who will help pay the cost of capturing them and the expense of transportation which will be about \$25 each. Mr. Lincoln already has received a number of orders from parks and individuals who are desirous of getting the deer.

WOMAN PHYSICIAN COMMITS SUICIDE

Patients Slow Pay, She Becomes Despondent.

Pittsburgh, Pa., Nov. 18.—Dr. M. Ethel Kirk, aged 35, a well-known woman physician, was found dead in her apartments in the Geyer building, located up town yesterday, from the effects of chloroform. The doctor had committed suicide by placing cotton, saturated with the drug, in the mouth and nostrils. Financial troubles were the cause.

Several days ago Dr. Kirk visited a trust company and made her will. Wednesday, in conversation with the woman janitor of her apartments she said:

"I am tired of this. I can collect little from my patients. I wish I would die. I would like to lie down and never wake up."

Mrs. Dippold, the janitress, was called to the telephone of another physician in the building yesterday.

An officer of the trust company where Dr. Kirk had made her will, informed the janitress that he received two strange letters from the physician. He said he was unable to get a response to telephone calls and advised an immediate investigation. Summoning Dr. H. E. Krumpke, Mrs. Dippold unlocked Dr. Kirk's office. They found the woman lying on a lounge dead.

Long Lost Ring Found in Ground.
Iowa City, Nov. 18.—A diamond ring lost by Miss Agnes Reese of Iowa City more than a year ago, was unearthed today by John Cospin, a laborer, while he was digging near St. Mary's church. The value of the ring was placed at \$150, and Miss Reese cannot account for losing it. The surprise of Miss Reese and her friends was great when the gem came to light in the churchyard.

HEAVY SNOWSTORM IN THREE STATES

Trains are Delayed On Many of the Lines.

Superior, Wis., Nov. 18.—All trains arriving at the head of the lakes are hours behind schedule as a result of the heavy snow storm which began Thursday night and continued all day yesterday. Efforts are being made to keep the lines clear, but with little success. Six inches of snow fell here Thursday. The storm extends over the entire northern part of Wisconsin, Michigan and Minnesota.

EARTHQUAKES STARTLE EUROPE

Switzerland and Germany are Chief Sufferers.

Berne, Switzerland, Nov. 18.—A violent earth shock was felt throughout Switzerland at 10:27 o'clock Thursday night. This was followed by lesser quakes. The movement was especially strong in the cantons of Berne and Zurich, in the district of Interlaken and throughout the region of the Alps. So far as known there were no casualties.

In Geneva street cars were derailed. In this city and in Zurich theater audiences were thrown into a panic and rushed into the streets. At Chamonix enormous avalanches rushed down Mont Blanc. The seismic motion was from north to south.

Berlin, Germany, Nov. 18.—The earthquake of Thursday night, which was felt in a wide area of central Europe, severely damaged the castle of Hohenzollern on the Steep Zollerberg, near Hechingen, Prussia. Statues were disfigured and great cracks appeared in the towers.

NATHOO RELEASED UNDER \$1,000 BONDS

Hindu Seer Free Pending Rehearing.

Des Moines, Nov. 18.—"Count" Nathoo, the Hindu "seer," who was granted a rehearing of his case by the supreme court, has been released on a bond in the sum of \$1,000. Moses Levich is the man who signed the bond which gives the man his freedom.

Nathoo's bond was originally placed at \$4,000, but since he has been given the privilege of a new trial, his bond has been reduced to \$1,000. He was released from custody yesterday when Levich signed the security.

Arsenic Found in the Pepper Box.

Chicago, Nov. 18.—The inquest over the body of Arthur Bissonette, a former policeman, for whose death Mrs. Louise Vermilya is being held, was yesterday postponed until Nov. 27, owing to Mrs. Vermilya's ill health.

Coroner Hoffman said he received a full report of the constitution of the viscera of Richard T. Smith Bissonette, and Frank W. Brinkamp, supposed victims of Mrs. Vermilya, together with an analysis of the contents of the pepper box Mrs. Vermilya fed herself arsenic from.

"There was plenty of arsenic found in the box," said Coroner Hoffman, "but I will not say now what else it contained. These things will be made public at the inquest."

SUDDENLY DISAPPEARS

Disappearance of Peter Howe of Montgomery is Unexplained.

SEARCH IS FRUITLESS.

Only Trace to be Found is Cap and Overshoe Which He Had Worn.

Estherville, Nov. 18.—Vanishing suddenly from an auto, Peter Howe, a resident of Montgomery, is said to have disappeared as completely as if the earth had swallowed him. Mr. Howe, in company with two other men from Montgomery, were enroute to their home from Sioux Valley, Minn. About 9 o'clock in the evening Mr. Howe was in the front seat and while the machine was going about fifteen miles an hour he attempted to get in the back seat by stepping on the fender, but in doing so he fell off.

As soon as the machine could be stopped the other men went back to find him, but all they could discover was his cap and one overshoe. Farmers were notified and a search was made with lanterns, but no trace of him was found.

It is feared, as this happened near a slough, that he crawled into it and was drowned. He has a wife and child at Montgomery.

May be Burned Fatally.

Iowa City, Nov. 18.—Frank Peete nearly was burned alive yesterday when his clothing, saturated with oil and grease, became ignited while he was working near a bonfire. With his clothes aflame he ran down the street seeking aid. He is in the hospital in a serious condition.

FURTHER TROUBLE ON MEXICAN BORDER

American Troops Will Remain Indefinitely.

Washington, D. C., Nov. 18.—Danger of another well organized and formidable revolutionary movement in Mexico has caused the suspension of the return to their home stations of the American troops sent into the border country during the Madero revolution. The attitude of the United States is one of apprehension of further trouble, against which every precaution is to be taken to insure the strictest neutrality.

Austin, Tex., Nov. 18.—Two captains of Texas rangers yesterday were expected at the border with instructions to prevent any activity in Texas toward starting a revolution in Mexico.

These movements were made after a conference between Governor Colquitt and Ranger Captain Hughes, who claims to have evidence that part of the preparations for a Mexican revolution are under way in Texas.

From a heretofore reliable source it was learned that General Reyes, now at San Antonio, may be placed under surveillance of the Texas authorities. The rangers have been ordered to prevent marauding on the American side of the border.

unqualified owner in fee simple of the West half (1/2) of the North East quarter (1/4) of Section 29, Township 88, Range 26, West of the 5th P. M. Iowa, and that he acquired his title and ownership by the purchase and payment of a valuable consideration therefor and by a warranty deed conveying said property to him.

That he and those under whom he claims have been in actual, open, notorious, peaceable, continuous, and adverse possession of said property under color of title and claim of right thereto for more than twenty years prior to the time of the commencement of this action and that plaintiff is now in such possession of said property.

Plaintiff avers in his petition that whatever right, claim or interest the defendants, the unknown claimants, of said property have or claim to have thereto or therein is based upon the fact that Philander M. Alden and George S. Robinson as trustees under the will of James S. Waterman, deceased, acquired title to the undivided two-thirds (2/3) of said property and by their deed of conveyance only conveyed the undivided one-half (1/2) thereof, and that the title to the undivided one-sixth (1/6) of said property is now in said trustees, and that they are beneficiaries under the will of the said James S. Waterman, or that they are either spouse, child, heir at law, next of kin, descendants, devisees, or grantors, of the above named defendants, or of George S. Robinson trustee, or of John C. Waterman, Robert W. Waterman, Mary Wells, Charles Waterman, Henry Waterman, Abbie L. Waterman and Charlotte J. Waterman, or that they derived some interest in said property by virtue of such relationship and have succeeded to the rights which the said James S. Waterman had in said property in his life time.

Plaintiff in his petition prays that his title to said property be quieted and established as against all of said defendants to this action including the unknown claimants of said property and all persons claiming by, through, or under them, and for other equitable relief, and that you each and all be forever barred and estopped from having or claiming any right, title or interest in or to said property or any part thereof.

You are further notified that unless you appear thereto and defend before noon of the second day of the next term of said court, the same being the December, 1911, term thereof which will commence at Webster City, in Hamilton county, Iowa, on the 4th day of December, 1911, default will be entered against you and judgment and decree rendered thereon as prayed for in said petition.

Dated October 20, 1911.
W. J. Covill,
Attorney for Plaintiff.

On this 24th day of October, A. D. 1911, the foregoing notice was presented to and approved by the undersigned judge of the said district court of Hamilton county, Iowa, and is hereby ordered published once each week for four consecutive weeks in the Webster City Freeman, a newspaper printed and published in Webster City, Iowa, in said county.

Judge of the District Court of Hamilton County, Iowa. 2474

WIFE RESCUES HER HUSBAND

P. C. Damina, Formerly of Iowa, Is Saved From Kidnappers.

WAS TAKEN INTO THE PASSES.

Letter From the West Tells Iowa City Friends of Occurrence.

Iowa City, Nov. 18.—The remarkable story of how P. C. Damina, a former student in the college of pharmacy of the state university, was recently rescued from the hands of irate Mormons in the wild passes of Utah, has been received by friends of the young man who live in Iowa City. A shotgun in the hands of his wife, formerly Miss Mary Bowen, held twenty men at bay, says a letter received here, and resulted in the rescue of Damina after she had braved the perils of mountain passes and traced the fleeing Mormons to their first night's stopping place.

According to the information received here by Mr. and Mrs. Lee Whitaker, with whom the young man made his home during his college days, he had wed Miss Bowen, who came of Mormon parents. He was not a Mormon, and the neighborhood men became aroused at the intrusion he had made into their circle. Intent upon hastening him away, the crowd of twenty or more men gathered about his house one night and, after a short search, discovered him in hiding. Capturing him, they started for the mountains. His bride gave chase to the party as soon as possible.

She tracked them to the mountains and up a steep mountain pass until she came to the spot where they were stopping for supper. Ordering them to hold up their hands she stepped in front of the party with shotgun in hand. Instantly the men fled in all directions, leaving her husband alone with her. She quickly released him and together they returned home.

What the gang intended doing with Damina is not known, but it is evident that some violence was intended. Damina is a druggist in Salt Lake City.

15 BELOW ZERO BY PUSH BUTTON

Tests to Revolutionize Warship Magazine Cooling.

Boston, Mass., Nov. 19.—A temperature of 15 degrees below zero by press the button, is the promise held out by a new plan of refrigeration now being tested by the heat laboratory at the Massachusetts Institute of Technology. Professor Charles L. Norton is making a series of experiments on a refrigerating machine which, instead of the more common ammonia, uses sulphur dioxide for the refrigerating substance.

It is about the size of a small trunk with a revolving part consisting of a bell affair with no reciprocating parts at all on the outside. The sulphur dioxide and all the machinery lubrications are hermetically closed within the bell. One which is about 12x12x3 feet in dimensions uses about a half horse power and is able to make 300 pounds of ice a day. It is expected that a smaller one will be made to accommodate ordinary iceboxes in the home.

The most important use of the device, however, will be for cooling the magazines of warships. It was for this purpose that the machines were shipped directly to the institute for testing. A naval officer has stated that he expects the new device to revolutionize methods of warship refrigeration.

Burns Expected to Prove Fatal.

Tama, Nov. 18.—Mrs. Howard Travers, a bride of a month, was burned fatally here yesterday afternoon. Physicians declare that she will live only a short time.

Early in the afternoon Mrs. Travers went to the home of a neighbor to take care of a baby while the neighbor did some shopping. During the afternoon the fire needed starting. Finding it low, Mrs. Travers attempted to use kerosene, pouring the liquid from a can. An explosion followed, the woman's clothes catching fire. She suffered

Does the Shoe Fit?

Cedar Falls Record: The Iowa City Republican says that a number of retailers met at Cedar Rapids the other day and organized. They were directors of a state organization perfected at Dubuque last week. They have resolved that everybody shall trade with them and that mail order houses and the parcels post must go. In looking over the list of eminent retailers, from a number of the good cities of Iowa we find just two who are advertisers, B. Jackson of Clinton and Paul Davis of Waterloo. The names of the officers are not known so far as the newspapers of their towns are concerned. If the Iowa retailer will get over his stinginess and let the world know what he is doing with the same energy the mail order houses get publicity, he will not be troubled with outside competition. In addition to demanding help from the newspapers, the Dubuque convention referred to the newspapers as being subsidized. Outside of clothing and dry goods there is not enough general advertising in most of the cities of Iowa to subsidize a country cross roads weekly. The Iowa dealers should buy and pay for their publicity and quit their whining. If they cannot meet competition, then let them get out of business. The newspapers should quit their miscellaneous boosting and let the men who get the advantage of boosting, buy their space and do their own boosting.
