

THE MILITANTS INVADE CATHOLIC CHURCHES

English Suffragettes Disturb Worshippers at Westminster and Brompton.

THE FEELING IS BITTER.

Hostility of Public Toward Women Is Growing More Pronounced.

London, June 8.—Suffragettes for the first time yesterday invaded Catholic churches and created scenes by attempting to harangue the congregations. Warship was disturbed in both Westminster cathedral and the Church of the Oratory, Brompton.

Father Bernard Vaughan had just taken his place in the pulpit in Westminster cathedral during the evening service when a woman well dressed and apparently of refinement, rushed up the steps into another pulpit and waving her arms shrieked: "In the presence of the Blessed Sacrament I protest against the forcible feeding of women."

The congregation, shocked by the woman's action, rose from their seats. Murmurs of protest at the sacrilege ran through the edifice. One of the women worshippers tried to persuade the suffragette to descend from the pulpit, but she remained waving her arms and yelling incoherently until the verges forcibly pulled her down the steps and led her to the door, where she was turned over to the police. She declined to give her name.

A band of militant suffragettes interrupted the midday mass in the Church of the Oratory by chanting: "God save Emmeline Pankhurst and all our noble prisoners; open the eyes of this church and of the priests to put an end to the torture; in the name of the blessed Joan of Arc, hear them in their hour of need."

A scene of disorder ensued. A suffragette arose and started a prayer but she scarcely uttered a word when a woman worshipper held her hands over the mouth of the suffragette. Struggling fiercely and screaming, the suffragettes were forced by ushers and male parishioners down the aisle to the doors and into the street. Many of the members of the congregation followed the evicted suffragettes to the sidewalk where a well dressed woman hit a militant sister in the face which bled profusely. The crowd cheered the woman who struck the blow. Only two of the suffragettes who caused the disorder were arrested.

The growing hostility on the part of the public toward the militant suffragettes was shown by assaults yesterday on several open air meetings. Speakers were mobbed, stands were torn down and the women were saved by the police from duckings or beatings. A crowd at Hampstead Heath knocked over the platform from which a party of militant suffragettes were to speak and scattered the suffragettes in all directions. They tried to drag two of the women to a pond for a ducking but police rescued them.

A similar scene occurred in Clapham Common. When a militant suffragette advocated the use of bombs the speaker and those on the stand with her were pelted with mud. The police helped the women to escape on a motor bus. A meeting in Hyde park ended in the same manner.

Club Women Attend Biennial.
The twelfth biennial of the National Federation of Women's clubs—one of the largest women's conventions ever held—will convene in Chicago June 9th to 19th. Chicago expects to entertain 15,000 women, which includes club representatives from every state in the union, the Philippines, Canada, India, West Indies and Japan. The Chicago Record-Herald says the first convention was held in that city in 1892 and that 297 women were entertained by the club women of that city—quite a comparison with the 15,000 to attend at this time, twenty-two years later.
The main meetings during the convention will be held in the auditorium. Among topics to be discussed we note suffrage and the dress question. Mrs. Carrie Chapman Catt, chief of the New York women, will give the first address on woman suffrage ever delivered at a biennial. A great many social affairs and sight-seeing trips will be given for the entertainment of the club women. One of the most brilliant features will be a Greek pageant, given at the art institute, in which several hundred singers and dancers will take part.
Webster City has nine federated clubs. They will be represented by Mrs. F. E. Whitley, Wednesday club, who is vice president of the state federation of women's clubs; Mrs. W. C. Burleson, Home club, member of the Conservative committee, state federation of clubs, and who was also elected an alternate; Mrs. B. C. Mason, member of the Travel club. The latter two ladies will be entertained at the Dr. J. M. Lang home, Mrs. Lang being formerly Miss Annie Evans, an old-time resident of this city.
The Superior Rebekahs will serve a lunch to their members tomorrow evening after lodge. The N. G. requests the degree staff to be there for drill.

TAMPICO TO REMAIN OPEN TO COMMERCE

United States Will Not Allow Huerta to Blockade Port.

WILL TRY TO AVOID A CRISIS

Federals May Be Allowed To Prohibit Landing of Ammunition.

Washington, D. C., June 8.—A new crisis in the Mexican difficulty faced the Washington government last night. It was a situation fraught with perils for mediation and with possibilities that might precipitate war between the United States and Mexico.
General Huerta brought about the crisis by ordering gunboats to blockade the port of Tampico and seize a cargo of ammunition enroute there for constitutionalists aboard the steamer Antilla from New York flying the Cuban flag. Huerta has notified the powers of the intent to blockade the port and that he proposes to seize the cargo consigned to the belligerents against his sovereignty as contraband of war.
The purpose of the United States to suppress the attempt to blockade and prevent interference with the Antilla was indicated last night when Secretary Daniels issued an official statement announcing that while no new orders had been given Rear Admiral Badger, there had been no change in the policy of the government in reference to its desire that the port of Tampico shall be open to all commerce. The statement follows:
"The navy department has issued no new orders to Admiral Badger since the Mexican gunboats were reported to be leaving Puerto Mexico. The department has at no time contemplated furnishing a convoy to the Antilla or any other ship, nor have any orders to that effect been issued. No word whatever has been received as to whether warships of other nations have been notified of the blockade at Tampico, or what their attitude would be toward such a blockade. There has been no change in the policy of the government in reference to its desire that the port of Tampico shall be open to all commerce."
As to whether all commerce in this instance includes contraband of war, no official of the government will discuss. So far as is known, the only orders relating to Tampico that have been issued went to Admiral Badger on May 18 in the form of a message informing him that while it was not believed the Huerta gunboats would return to Tampico, it was deemed advisable that the commanders of American naval vessels understand that there be no interference with commerce at that port.
That the blockade decree will be carried out was verified yesterday by Admiral Badger in a report to the navy department from Vera Cruz. He advised that the Mexican gunboats Zaragoza and Bravo, which left Puerto Mexico last night, had passed Vera Cruz and were steaming toward Tampico. The American cruiser Tacoma and gunboat Sacramento are following the Huerta ships. What the American warships will do when the commander of Huerta's ships attempts to seize the Antilla, when she arrives at Tampico Wednesday, no official in Washington would say last night.
The message from Admiral Badger received by the navy department yesterday was:
"Sunday, June 7, 10 a. m.—Position of Mexican gunboats Bravo and Zaragoza at 9 a. m., latitude 10.43, longitude 96.3, headed for Tampico, making about nine knots. Should arrive off Panuco river about 5 a. m. tomorrow. Tacoma and Sacramento following in observation."
As she was going down the front porch steps at her home on Willson avenue this morning, Mrs. A. F. Schultz made a misstep and fell to the ground, spraining her left ankle.
Little Helen Best, daughter of Mr. and Mrs. Geo. W. Best, is ill with the mumps.
A. J. VanDoren of 316 Des Moines street had fresh green peas from his garden for dinner Saturday.

The cold cream had been ordered by wireless from the steamer.
On board the Wilhelmina anxiously waiting for the cold cream were two San Francisco society girls, suffering from bad cases of Honolulu tan. The girls are Miss Laura Peakes and Miss Inez Marion.
"Why, we just had to have the cream," said Miss Peakes yesterday when she stepped off the steamer with her mother, Mrs. Jane Peakes, who is a relative of Mrs. Eugene de Sable.

GENERALLY FAIR AND HOT IS FORECAST

No Present Indications of Rain of Any Consequence East of Rockies.

Washington, D. C., June 8.—Generally fair and hot weather is forecast for the coming week east of the Rockies.
"There are no present indications of precipitation of consequence east of the Rocky mountains during the coming week," said the weather bureau's bulletin last night, "except that there will be showers and thunder storms at the outset from the lake region eastward and possibly in the far northwest. Occasional local thundershowers are also probable in the south, including Texas, but no general rains."
"West of the Rocky mountains rains will continue early in the week, followed by generally fair and warmer weather from the middle until the close of the week, the rising temperatures extending to the eastern slope of the mountains."
"It will be somewhat cooler Monday and Tuesday over the upper lake region, the upper Mississippi valley and the central portion of the country, with moderate temperatures thereafter, while in the east, rather high temperatures will rule during much of the week, owing to the presence of a strong high pressure area over the south Atlantic states and the adjacent ocean."
