THE GERMANS OCCUPY GHENT

Force of 6,000 Teutons Reported Approaching Nearby Village of Selzaete.

ARMIES ACTIVE NEAR LILLE

Cavalry of Allies and Germans Make Fruitless Attempts to Pierce Opposing Lines.

London, Oct. 13, 1:40 a. m.—The Belgian town of Ghent is now occupied by the Germans, according to an Amsterdam dispatch to the Reuter Telegram company. Uhlans have arrived at Selzaete, a short distance from Ghent, and the commander announced that 6,000 soldiers must be quartered in the village. Ghent is about half way between Antwerp and Ostend and a little to the south.

From the Battle Front (via Paris), Oct. 13.—The battlefield northwest of Lille was the point of greatest interest in yesterday's continuation of the great conflict which already has lasted twenty-nine days. The cavalry of both armies has swept about the country for five days, seeking to go through or around the opposing lines, and everywhere has encountered the forces of the enemy.

A successful ruse carried out by a detachment of French infantry in the vicinity of Lens is related in the orders of the day. Having been ordered to hold position the small squad did so throughout the day, but at dusk the detachment was compelled to retire before an overwhelming force of Germans.

Reaching a country estate, the French commander placed a number of men in the last outlying houses with orders to remain until they heard the bugle call. The rest of the party took up a position a quarter of a mile further on in the open country.

The Germans continued their pursuit without noticing the French riflemen in the houses. A bugle sounded and fire was opened both on the front and on the rear of the German force which, after losing many men, retreated. The French reoccupied their original positions and saved the allies' line from being pierced.

A French noncommissioned officer with seventy-two men who had been forgotten at an entrenched advance post, near Roye, saw 7,000 Germans advancing, but the Frenchmen did not budge until their ammunition was spent. Then the officer ordered his men to retire through a wood and he rejoined his regiment with twenty of his command. He was promoted on the field to be a lieutenant as his stand had permitted a reinforcement of the allied line at a critical moment.

The weather, except for some chilliness is favorable for military operations. The men occupying exposed trenches have recovered from the damp spell. Trench duty in the siege operations is now thoroughly organized. The din continues all the time and the trenches of the opposing approach to within 100 yards of each other at some places. The men in these ditches, especially along the line from Rheims to the Meuse, have been inactive often during the past few days and voices often ring out from the shelters, calling upon one another to come out and fight.

Some of the men became very daring, the life in the burrows with the occasional turn at rifle firing being so monotonous that they go out in search of adventure. One party

accompanied by Mr. and Mrs. O. H. Montzeimer of Primghar, who have been enjoying a family reunion at the H. P. Mason home and also returned to their homes today.

—Mrs. T. B. Kearns, Mrs. George F. Christenson and Miss Ruth Christenson are spending the day in Eagle Grove.

—Miss Helen Covil is spending the day in Eagle Grove.

—Mrs. F. D. Young returned this noon from Des Moines where she has been visiting her daughter for the past five days.

CONVICTS AID IN FIGHT ON FLAMES

Help Local Department Save the Business Part of Town.

Woodward, Ia., Oct. 13.—Twenty-five state convicts were largely instrumental yesterday in saving the business section of this city from being destroyed by fire.

The convicts were at work on the buildings for the epileptic colony near here when fire broke out in the Woodward garage. A high wind caused the blaze to spread rapidly and when the local department realized the fire was getting out of their control they sent a call to the convict camp for help. The men responded quickly and did heroic work in helping put out the flames.

The garage and thirteen automobiles which were in it at the time of the fire were destroyed, as was the implement store of Staker & Sons and the livery barn. The damage is estimated at \$10,000.
