ANOTHER man has dropped in to tell us that Mr. John W. Rount is mistaken. Mr. W. C. Lewis says he was married the last time in 1854 and he knows as well as he knows anything that the big snow of that year fell April 24. The preponderance of evidence is against Mr. Rount very decidedly.

THE decoration exercises at Danville Wednesday were largely attended and quite impressive. Flowers were strewn in great abundance where lie

Under the soil and dew, Waiting the judgment day, Under the one the Blue, And under the other the Gray.

Hon. W. H. Miller delivered a beautiful and touching oration in behalf of the Confederates, while Capt. Wm. Herndon told in feeling terms of the valor and patriotism of the Federals. The mingling together in brotherly love of the old soldiers of both sides of the civil strife shows that with those who fought the battles the war is over even if the bloody shirt flauters insist that it is not.

WILLIAM VVYAN, the inter-national tramp, who is making his way to Monterey, Mexico, from London, England, without scrip or purse, was here Tuesday and secured evidence from the circuit and county clerks that he had been here. He is a handsome and intelligent fellow and if he makes his jaunt in a specified time will be \$10,000 the better off. He worked his way across the ocean as a stoker and since reaching this country he has ridden Shank's mare when he couldn't get a free ride on a road vehicle, his wager providing that he must not ride on the cars. He was the centre of a curious crowd while here. The St. Asaph entertained him at dinner and he left afterwards by pike for Somerset. He says he is rarely refused food and shelter.

THE musical and literary entertainment given by Miss Georgia Lewis' school at Mt. Xenia at the close of her fourth term was a highly creditable one, and was enjoyed by a house full of people many of them from Stanford and Danville. The Lucien M. Lewis acquitted himself handsomely in the opening address in which he referred to the many distinguished men of all professions who got the first rudiments of knowledge in the historic old school house. The recitations, dialogues and tableaux were exceedingly well given, the little ones showing how carefully and patiently they had been drilled. Several little girls are worthy of special mention and much praise but we were unable to get their names at the time. The tableau of the Court of Civilization presented a number of handsome young ladies, whose beauty was enhanced by the red lights. The little comedy of the Lost Child was quite amusing, Miss Pearl White, who took the leading character doing especially well and proving herself a fine little actress. The Cook brothers, of Danville, furnished the music and took part in several acts and added much to the performance. Miss Lewis deserves hearty congratulations on the complete success of the entertainment as well as for her marred ability in teaching the young idea how to shoot.

THE largest pearl fishery in the world is in California Bay. Last year divers found nearly 500 tons of shells, and one blue pearl weighing 16 carats was found and sold for \$10,000.
