The sheriff of Madison went to Fort Sheridan, Ill., and brought back Henry Bishop, a soldier, charged with betrayal. He is now very willing to marry the girl he wronged.

Hon. W. B. Smith, of Richmond, has been sued by John Cunningham, of Bourbon, for \$2,000, for failure to prosecute an appeal to the court of appeals in a case he had employed him in.

Geo. Jenkins escaped from the workhouse at Lancaster and broke into the house of Alvin Estes. Estes and his brother-in-law, Cornett, attempted to arrest him when he cut Cornett quite severely. He was finally overpowered and taken back to jail.

Ex-Sheriff Watson loses out in the court of appeals, which reverses the decision of the Pulaski circuit court. The suit involves about \$3,000, money he had failed to collect and turn over, defended on the ground that he had no bond for the county levy and that the fiscal court had not made a valid levy.

A dispatch says that an elopement in Casey county has caused great excitement. A man named Wilson eloped with a 18 year old girl named Jeffries, who is a sister of Wilson's wife and came to his home to attend her while she is sick. The girl's father and a posse of citizens are in pursuit, and Wilson may be lynched if captured.

**McKINNEY.**

Dr. Frank Grider and family are on a visit to relatives in Russell county.

An infant of Fleming Curtis' died of some infantile trouble and was buried here last Tuesday.

The latest adventure in business here is the establishment of a new barber shop by Jimmie Cannon.

The McKinney and Hustonville B. B. nines crossed bats on the latter's ground Saturday afternoon and the score stood 17 to 10 in favor of McKinney. Battery for Hustonville, Cannitz and Lusk; McKinney, Hughes and Florence.

Mrs. Ollie Crow returned Sunday from a few days visit to her parents, Mr. and Mrs. Davidson at Somerset. Miss Helen Bibb is at home again after a several weeks visit to friends at High Bridge. Mack Williams is manipulating the keys in the telegraph office here at night, but his stay will be brief as the opening of the office is not permanent.

A letter from Liner D. Gooch, who is a brother-in-law of the writer and an American soldier in the Philippines, conveys the sad intelligence that in one of the severe battles with the insurgents he had an arm shot off and was at the date of the writing in a hospital awaiting recovery, when he will be returned home. His home is near Waynesburg, where his father, now past 74 years of age, still lives. Liner is young, unmarried, a fine specimen of manhood and is said to have made a good soldier.

The Sunday School convention held at New Salem church, near Mt. Salem, Saturday and Sunday was well attended and considered a very profitable meeting. The good people of that section never fail to entertain well when they undertake it. Notwithstanding the large crowd present Saturday the provisions were more than ample and when dinner was over there still remained enough good things on the ground to have satisfied the appetites of a hundred more hungry people. The services closed Sunday with a sermon on temperance by Rev. A. Mobley, followed by a collection for missions amounting to several dollars.

## MATRIMONIAL MATTERS.

Col. Mike Hope and Miss Nellie Reid, of Pittsburg, were married last week.

Mr. and Mrs. W. A. Curry scandalized Atlanta by getting a colored parson to marry them.

Mr. J. Price Hudson and Miss Mary Green Arterburn, of Louisville, were married at Danville.

Henry Howard, of Pentress county, Tenn., was drowned while going after his marriage license.

An Indiana man three score years, ten and four married a maiden four years less than one score.

Jordan McGowan, 70, and Miss Annie Stevens, 16, were married in Wayne last week, says the Record.

Robert Howell, of Watertown, O., drank carbonic acid when his wife told him she no longer loved him.

William Reynolds, of Barren county, and Miss Nora Hays, of Hopkinsville, each 17 years old, were married last week.

Thomas Hansel and Miss Mamie, the pretty daughter of E. B. Miller, formerly of this county, were married at Mt. Vernon last week.

Miss Catherine Graham, said to be a cousin of Gov. Bradley, has brought suit against David Gilbert in Indiana for \$25,000 for breach of promise.

Jack Haley and Sam Rose fought over a girl at Livingston, Tenn., and both are badly wounded. The former used a knife and the latter a pistol.

Mr. Henry T. Sloane, of New York, was Friday granted an absolute divorce from his wife, Jessie A. Sloane, who was a Vanderbilt. That night Mrs. Sloane was married to Mr. Perry Belmont.

At Sharon, Mass., Mrs. J. R. Rose shot her husband dead. She says she acted in self-defense, as her husband was choking her at the time. The pair had been married about a year and were middle-aged.

Eugene Leigh, the well known turfman, and Miss Viola Wilkes, and W. C. Schrode, an actor, and Miss Lillian Wilkes, were married at the Grand Hotel, Cincinnati, Saturday night. The brides are sisters and from Louisville.

At Fairview, Ind., a society of old maids has been organized and it is a fine of \$200 for any of the members to marry. The amount would seem very small, we predict, if any of the Hoosier girls who belong to it should receive an offer of marriage.

When Charles Newell went to the factory in Louisville, where his wife, from whom he had separated, is employed, and tried to cut her throat, a workman struck him on the head with a club, from the effects of which he died just after reaching the jail.

The marriage of Miss Mabel Werne and Mr. Andrew Graham Whitley was quietly solemnized last evening by the Rev. Carter Helm Jones at the home of the bride's father, Mr. Joseph Werne, 1728 Fourth Avenue. The house was beautifully decorated in evergreens and a profusion of white carnations. There were no attendants. Miss Werne wore a beautiful bridal gown of white silk, trimmed in lace and pearls, and carried a bouquet of white carnations. Mr. and Mrs. Whitley will not go away until later in the season, and are at home at 1728 Fourth Avenue.—Louis-Post, 28th.

**RECRUITS FOR THE PHILIPPINES.**—The recruiting officer at Lexington, has just received orders to enlist a number of white men for service in the regiments now in the Philippine Islands. These men will be sent direct to San Francisco as soon as they are enlisted in Lexington, and from there they will be sent direct to Manila. This will make a fine trip around the world for able bodied unmarried men who want to see the world. Such persons should apply at the Recruiting Office in Lexington at once in order to get in before it is too late.

Rioters at Warder and Burke, Idaho, to the number 800 or 1,000, seized a train and proceeded to two mines on Canon creek, where non-union men were employed, and, after an exchange of shots, blew up the mines and destroyed other property, causing a loss of \$250,000. One man was killed and another mortally wounded. The 250 non-union men were warned and took to the hills before the mob arrived.

Mrs. Annie E. George, accused of killing George D. Saxton, the President's brother-in-law, was declared not guilty by the jury after an all-night session. There was a burst of applause in the court room and after Mrs. George had thanked each of the jurors personally, she went her way a free woman.

The Cincinnati Commercial-Tribune says a counter-petition has knocked Blue Grass Blade Moore's chances for pardon out and the probability is that he will have to serve his term.

The L. & N., which operated only 966 miles in 1878, now operates 5,028 and is the biggest system in the South.

## MIDDLEBURG.

Born, to the wives of Rev. F. L. Creech and W. T. Wesley, respectively, girls, on the 27th inst.

Many democrats of Casey will doubtless take the opportunity to hear Senator Goebel at Stanford, Monday, May 8.

A coffin drummer was in Yosemite one day last week advertising his goods—the last thing on earth man would want.

Capt. Green preached at the Baptist church Sunday and Sunday night to good sized audiences. Rev. F. L. Creech preached at Russell Springs. The captain will move to the burg some time in May.

There is scarcely a stream in the whole county without a mill set and it is not uncommon to find two or more. Ten years ago it was thought the timber in this county had been exhausted, but there is oodles of 'er yet.

There is a heavy apple bloom this year and it is to be hoped that there will be a bountiful crop as all other fruits are dead, even to blackberries. Rose bushes are killed also; don't know what the elite will do for bouquets.

Farmers are busy preparing the soil for planting. Very little corn has been planted yet. Farmers are no later than they were last year. Anglers are getting in good time—fishing and spinning yarns. The large hole of water below the mill is lined from sun up to sun down with fishermen.

W. T. Sharp, the one-horse representative from Casey and Russell counties, is a candidate for the republican nomination of superintendent of public instruction. It is sincerely hoped by all democrats, who are acquainted with the Russell county statesman, that he will come out triumphant in the nominating convention—and then let him make a thorough canvass of the State and the democratic ticket will be strengthened fully 5,000 votes. He is another Deboe.

Miss Florence Christopher has returned to her home in Buena Vista. J. C. Collinsworth was in Danville and Lebanon the first of the week. G. H. Wesley is in from Adair county. J. W. McWhorter, Sr., is visiting friends and relatives in Frankfort and Cincinnati. Dr. L. S. Wesley, of Lancaster, and a Mr. Northcutt, a young produce man of the same town, were in the burg last week.

Hardly a day passes but what 15, 20 or more loaded wagons pass through this place for the station. The Lincoln end of the road has been almost impassable, but is some better now. It was no uncommon sight a few weeks ago to find half a dozen or more wagons stalled, with the wheels in mud over the hub, between Freetown and McWheat's, a distance of about quarter of a mile. Free turnpikes are not what they are cracked up to be.

A typographical error in our last communication made us say that the county G. A. R. would hold their meeting here May 20, when it should have been May 30th, which will be on Tuesday. Some of the old veterans were bothered over the error and they hope this correction will have the widest publicity possible. The reunion and decoration services will be held at the Middleburg Cemetery. Our people are very enthusiastic over entertaining the old soldiers this year, and a large crowd from all over this and adjoining counties are expected. Congressman Boring and Judge George Denny have been invited to make addresses and if the Lost Cause is represented Col. R. J. Breckinridge will be asked to speak.

There are some rads in this neck (and it is said to be worse in other parts of the county), who are not pleased at all with the action of the republican committee of two or three men naming P. H. Taylor, for representative, and many of them vow, that he will never go to Frankfort by their votes. If the dissension among the republicans of Russell is anything like that of Casey, a good democrat could win. It is indeed a pity that such men as the Messrs. Stones, either J. Boyle, Geo. E. or Bryant, would not accept the nomination. Either could win. The row still continues in the g. o. p. in Casey, and if the democrats would only do their part, ere long she will be found in the democratic column as of the good old days of yore.

**CLARENCE COLEMAN.**

**MILLIONS GIVEN AWAY.**

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for Consumption, Cough and Cold, have given away over ten million trial bottles of this great medicine, and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, Bronchitis, Hoarseness and all diseases of the Throat, Chest and Lungs are surely cured by it. Call on Penny, Drugist, and get a free trial bottle. Regular size 50c and \$1. Every bottle guaranteed, or price refunded.

Beer tableds are about to be put on the market by a German firm. A small tablet dropped into a glass of water will turn it into beer as fresh as if just drawn. It is asserted.

The identical people who make a lion of a man will make a monkey of him if he doesn't look out.—Detroit Journal.

## HUSTONVILLE.

Wheat is looking fine.

Mrs. J. W. Hocker and Postmaster Cannitz are both convalescing.

A liberal use of paint is materially improving the appearance of our town.

Mrs. Joe Chandler, who lived on J. K. Baughman's farm, died last week of consumption, aged about 25. A husband survives.

Allen & Wilkinson took a lot of cattle to Paris today to sell. They keep this end pretty well cleaned up in the cattle and hog line.

Spring cleaning is on with a vengeance and a number of our men are escaping it by fleeing to Casey under the pretense of fishing.

From the number of canvas-covered tobacco beds in the West End one would conclude that a big crop of the "weed" will be planted.

A large crowd will greet Senator Wm. Goebel here Monday night next, while many will go to your town to hear him. This is a Goebel stronghold.

We are still sure of the electric railroad. It may not be built this year, but we'll wager dirt will be broken before Dewey day—May 1—rolls round again.

We need a first-class butcher shop. A man who understands the business can do well here. Two hotels and a population of 800 certainly ought to support one.

Farmers are busy with corn planting and many do not take time to come to town except on Sunday. The acreage will be about the usual. Hardly a third of the crop is in.

Dr. R. A. Jones, who invariably does well when he practices dentistry here, ended his two weeks' stay—Saturday. We are glad he is going to Stanford, where we hope and believe he will do well.

W. L. Evans, who is the boss gardener in this section, put in 20 bushels of onions and his patch is almost as large as a New York farm. He is also up to date as a fisherman, having caught a load in few hours Saturday.

Telephones are as thick here as fiddlers are supposed to be in the Plutonian regions. Nearly every home has one. The charges are \$1 per month and the renter is permitted to talk to any station on the Hustonville & Green line.

L. M. Reid, who, with his brother, Carroll, trains a stable of runners, is at home for a few days. After the Louisville races, where they will start a number of horses, they will go to New York with their string. Dr. W. I. Letcher and Mr. D. S. Rowland, of Danville, were guests at Mr. Samuel Reid's. Mrs. R. J. Lyles, of Nashville, is here with relatives.

Kirksville, Mo., suffered a terrific tornado Thursday evening, just as the people were at supper. The entire east side of the city was wiped clean. Over 200 buildings, homes and stores were leveled. A heavy rain followed the cyclone, and the debris of wrecked buildings took fire in several places making a grewsome picture. Fifty persons are known to have been killed and between 400 and 500 injured. At Newton about 20 are dead. The total fatalities as a result of the tornado may reach 100. Other towns in the vicinity suffered more or less seriously.

On her acquittal Mrs. George told a newspaper reporter: "I want to say that my misfortunes and the bitter result should be a lesson to designing men. And it should also serve as a warning. Oh, if I could only go into every home and tell each wife, sister or daughter, and warn them against trusting any man with their virtue! I would say to them that no man, however fair he may seem, can be trusted with their dearest possession. I would warn them to be careful of their associates, to guard themselves against this temptation which dragged me down."

**BRAVE MEN FALL.**

Victims to stomach, liver and kidney troubles as well as women, and all feel the result in loss of appetite, poisons in the blood, backache, nervousness, headache, and tired, listless, run-down feeling. But there's no need to feel like that. Listen to J. W. Gardner, Idaville, Ind. He says: "Electric Bitters are just the thing for a man when he is all run down, and don't care whether he lives or dies. It did more to give me new strength and good appetite than anything I could take. I can now eat anything and have a new lease on life." Only 25 cents at Penny's Drug Store. Every bottle guaranteed.

Louisville has 173 churches and 46 hospitals, asylums and homes. Its combined bank capital is \$20,000,000. The 2,040 manufactories have an invested capital of \$50,000,000 and they employ 32,000 men. The death rate of the city in 1898 was only 13.59 to the 1,000. There are 54 public schools which cost \$526,360.10 a year. There are besides 60 private schools.

**RED HOT FROM THE GUN.**

Was the ball that hit G. B. Steadman of Newark, Mich. in the Civil War. It caused horrible Ulcers that no treatment helped for 20 years. Then Burns' Army Salve cured him. Cures Cuts, Bruises, Burns, Boils, Felons, Corns, skin Eruptions, Hot Pile cure on earth. 25 cents a box. Cure guaranteed. Sold by Penny, Drugist.
