A Pennsylvania steel company has just booked an order for 180,000 tons of steel rails for Russia. The amount involved is \$5,000,000 and it will take two years and six months to complete the contract.

## LANCASTER.

U. D. Simpson has rented the Mason and the Lancaster hotels, which indicates that he is forming a trust on hash and beds.

E. W. Harris, city assessor, reports the following: Taxable property in city \$828,974, white voters 198, colored 183, dogs 72.

W. T. West is making an attentive, cautious and accommodating postmaster. James Dillon has been confined to his room several days with a cold.

Gov. Bradley's friends here are glad to learn that he is favorably mentioned as a candidate for vice president, and they claim that he is available timber.

G. L. Prescott, of London, England, was in our city on business last Saturday. Miss Letitia Brown entertained a few friends Friday evening at the home of her uncles, W. S. and R. A. Beazley.

It is reported that the grand jury has received several letters, signed "Good Citizen," suggesting how to proceed against certain parties for certain offenses, and that they are ignored as the jury prefers to know who gives the information.

John Dunn tells of a time in the long ago when he was in a pasture with some stock and a thunder storm came up suddenly. He saw a flash of lightning approaching him and, to save his life, he threw his knife and stuck it in a tree some distance away, the lightning following it, destroying the tree, and thus making him hero of the occasion.

The lyceum course for this season is strictly high grade, and includes Spillman Riggs, on "Fanny Side of Life," Dec. 21, "Uncle Josh's Picture Play," Feb. 8, and Dr. A. A. Willis, on "Sanctuary of Life," Mar. 29. The manager has sold 100 season tickets at \$1.50, which is \$1 less than the cost of reserved seats, if taken separately. Season tickets are on sale at McRoberts' drug store.

On Saturday night Bob McSpadden, colored, head porter at Simpson Hotel, was accused by two colored women on the street, who began to search his pockets, saying they wanted candy. After leaving them he missed his purse which contained \$99 in gold. One of the women is a notoriously bad character and has frequently been in the police court to answer different charges. The grand jury will investigate the matter.

Ex-Senator Edmunds, of Vermont, concurs with me in the opinion that the Federal constitution imposes no limitation on the right of the lower house of Congress to expel a member, and that this right is granted for the sole purpose of protecting the dignity and good name of Congress from reproach. The principle should be applied in Mr. Roberts' case, or in any other, where the laws of God and man are openly violated.

Mr. R. A. McGrath, Jr., a popular young man of Bryantsville, and Miss Mary, the beautiful and cultured daughter of M. F. Rout, a prominent farmer near Marksburg, will be married at the residence of B. G. Fox, in Danville, on Wednesday, 6th, by Elder J. L. Allen. The parties are highly connected and are favorites in society. The prospective bride got the highest grades in her classes at Georgetown and Shelbyville. I join their many friends in extending sincere congratulations in advance.

Circuit court convened again last Friday and the day was consumed in hearing grounds for continuance and demurrers. The case of the Commonwealth vs. McCoy, for the murder of Whitehead, in 1889, was continued to the March term. It will be remembered that he was a fugitive from justice for several years, and was found in Shelby county. The case against Isaiah Paulkner and his son, for grand larceny, was passed till Tuesday; and Sutton, for house-breaking, and Mullins, for murder, will be tried Wednesday. The four last named are colored.

About sunset on Saturday, the lifeless body of William Tudor was found, in the drive-way of his barn, suspended from a joist by a rope near a wagon, from which he is supposed to have taken the fatal leap. It is thought that the deed was committed about 3 P. M., as the body was cold. His wife had seen it twice, but thought that he was engaged in something of interest about the premises, she being so situated as not to have a distant view. He lived about six miles from town, was a prominent farmer and was possessed of a good share of this world's goods. He stood well in the community and no cause can be assigned for the rash act, although he had not been well for several days. He leaves a widow and several grown children, he being about 50 years of age. Coroner Greenleaf held an inquest resulting to a verdict consistent with the facts. The funeral took place at Old Paint Lick on Monday.

WORKING NIGHT AND DAY

The hottest and mightiest little thing that ever was made is Dr. King's New Life Pills. Every pill is a sugar-coated globe of health, that changes weakness into strength, dullness into energy, and builds up the health. Only 25 cents per box. Sold by Penny, Druggist.

## BRODHEAD.

Mrs. Pascal Hunt died of consumption near Marksburg, and Mrs. Jonathan Brown, of heart trouble.

C. B. Newland and Miss Bettie Henderson, of Garrard, niece of Mrs. J. G. Frith, were married a short time since at the home of the bride.

Miss Delpha Collier has returned from an extended visit at Salem, Ind. Mr. Wm. Watson from McCara, is visiting his mother and brother in our county. Len Parson and wife and Alma Newland, of Lebanon Junction, and J. J. Painter and wife, of Tazewell, Tenn., were here at the Newland Painter wedding.

Jas. Gover, of Stanford, and Mrs. Rachel Whitehead, of our county, drove up to Rev. A. J. Pike's residence, produced the necessary papers and in a brief and appropriate ceremony he joined them, man and wife as they sat in their buggy. They went on their way rejoicing, leaving the parson smiling all over by being liberally rewarded for the few words he said.

Lum Horvel will move to E. Gilpin's farm and Rev. G. D. Hendrickson will occupy the house when he will vacate. The latter and family will be a great help to the church and community.

Mr. W. H. Sowder has moved to town and has taken a position in the Martin Protheroe Co., and will take an interest in the firm Jan. 1st. Mr. Sowder is a clever, social gentleman and we predict he will make a success in business.

When one purchases so insignificant a thing as a postage stamp, he little realizes that in 1898 the number of 2-cent stamps issued was 2,500,000,000. As this stamp is one inch long the entire number placed end to end would reach 39,000 miles, or once and a half around the globe at the equator.

During the year enough 1-cent stamps are used to reach from New York city, by way of Europe and Asia, to Bombay in India. If all the postage stamps issued by the government in 1898 were placed one above the other they would make a pile about 21 miles high, the number of all denominations being 3,500,000,000.

A humble boy with a shining pail, went singing down the leafy vale, to where a cow with bridle tail, on the alfalfa did regale.

A humble bee did gaily sail, over the soft and shadowy vale, to where the boy with a shining pail, was milking the cow with the bridle tail. The bee lit down on the cow's left ear, her heels flew through the atmosphere, and through the leaves of a poplar tree the boy soared into eternity.—Elkton Times.

Mr. John Newland and Miss Viola Painter, daughter of G. E. Painter, were married at the Christian church, Rev. G. D. Hendrickson, pastor of the Baptist church, officiating. The ceremony was performed in a very appropriate and impressive manner, the contracting parties standing under an arch of evergreens and chrysanthemums. The bride wore a beautiful traveling suit and carried a bunch of white chrysanthemums. The attendants were C. C. Davis and Miss Sallie Purcell, W. G. Brook and Miss Bettie Newland, C. B. Cox and Miss Ella Dunn, L. L. Jarrett and Miss Alma Newland, E. S. Albright and Miss Birdie Martin. The bride received many nice presents. The church was packed to its utmost capacity, quite a number from a distance being present. The happy pair left on the night train for Louisville and Cincinnati, and will visit relatives at Carthage before they return to keep house in our town. Mr. Newland is an excellent gentleman, who has a good position on the railroad. His bride is an excellent Christian lady, possessing a sweet disposition and has a kind word for all she comes in contact with. The writer having known them from childhood extends hearty congratulations with hopes for a long and happy life. Miss Maggie Livingston played a beautiful wedding march.

With the trusts reducing the amount of advertising some \$15,000,000 a year, and the paper trust putting up the price of white paper, it will not be long until the public will have to pay more for its reading matter.—Lexington Leader.

Any quantity of American women haven't the faintest notion of what a khaki gown is, but, in view of the announcement from London that Lily Langtry is having one made, they'll have a khaki gown or know the reason why.

Isaac Loveless, Pike county, Ind.'s oldest citizen, died Thursday. He had lived on the same farm 84 years. He had 11 children, 45 grandchildren, 87 great grandchildren and 13 great great grandchildren.

A Braecan county girl who lost the power of speech several years ago, coughed while chasing a cow and now can talk. Moral: If your wife is deaf and dumb drive up the cows yourself.

Mrs. Mary Hume, of Peru, Ind., is only 29 years old and is the mother of 10 living children. Five sets of twins have blessed her and her husband's union.

## MATRIMONIAL MATTERS.

E. I. Ogden and Miss Elizabeth Calvert were married at Somerset.

A man at Duluth, Minn., chopped his wife horribly with a meat ax, then set fire to his house and perished in the flames.

When a young man goes a-courting in Boonland, the mother of the girl in his case marks the candle, and when the flame burns down to the mark, the love-making must adjourn. And the young boer who hasn't sense enough to mark lower down the candle, or at least make time by blowing it out, is just too soft to stop an English bullet.

The estate of the late Dr. E. D. Standiford, president of the L. & N., is being spent in a way he little dreamed. His son and namesake, who married Miss Lillie Gerard, has just been divorced from her on her petition and made to pay her \$10,000 alimony by a Louisville court.

Standiford showed the courage of his conviction that marriage is not a failure by wedding Miss Lillian Cooke Godfrey in Jeffersonville. Scarce 24 hours elapsed between the granting of the divorce and his remarriage.

John G. Mattingly and Elizabeth D. Mattingly, of St. Mary's, celebrated the 50th anniversary of their marriage Nov. 27. They had 11 children and 26 grandchildren. Mr. Mattingly began life in humble circumstances, but amassed a fortune as a distiller. The first steam engine brought to Marion county was brought and used by him, in 1853. He was the first man in the county, too, to buy and use a self binder reaper and the first to use the now much used bone meal as a fertilizer.—Lebanon Enterprise.

A wedding, which was a surprise to all but their most intimate friends, occurred Friday evening at the home of Rev. S. M. Rankin, who performed the ceremony. The contracting parties were Mr. Gabriel T. Lackey and Miss Mary Alcorn, who have been lovers for a long time. Miss Pattie Alcorn and W. S. Embry stood with them during the ceremony, after which Mr. and Mrs. Lackey drove to Junction City and took the train for Cincinnati to remain a few days. The groom is a son of Hon. G. A. Lackey and has been associated with him for some time in the conduct of his farm. His mother was a Welch and he has the characteristics of both sides of his family. The bride is the second daughter of Judge and Mrs. J. W. Alcorn, and is also the second daughter to marry in a month. She is a very attractive beauty of the blonde type, and having shown her love for the man of her choice in the strongest possible manner, is sure to make him a loving and true helpmeet. Their friends unite in warmest congratulations and good wishes.

A SURE CURE FOR CROUP

TWENTY-FIVE YEARS' CONSTANT USE WITH OUT A FAILURE.

The first indication of croup is hoarseness, and in a child subject to that disease it may be taken as a sure sign of the approach of an attack. Following this hoarseness is a peculiar rough cough if Chamberlain's Cough Remedy is given as soon as the child becomes hoarse, or even after the croupy cough appears, it will prevent the attack. It is used in many thousands of homes in this broad land and never disappoints the anxious mothers. We have yet to learn of a single instance in which it has not proved effectual. No other preparation can show such a record—twenty five years' constant use without a failure. For sale by Craig & Hocker, Druggists.

BRAVE MEN FALL

Victims to stomach, liver and kidney troubles as well as women, and all feel the results in loss of appetite, poisons in the blood, backache, nervousness, headache and tired, listless, run-down feeling. Just there's no need to feel like that. Listen to J. W. Gardner, Erie, Pa. He says: "Electric Bitters are just the thing for a man when he is all run down, and don't care whether he lives or dies. It did more to give me new strength and good appetite than anything I could take. I can now eat anything and have a new lease on life." Only 25 cents at Penny's Drug Store. Every bottle guaranteed.

The commissioner rules that in all cases where documentary stamps of the denomination of 10 cents or any larger denomination shall be used for denoting any tax, the person using or affixing it shall, in addition to writing or stamping thereon, with ink, the initials of his name and the date when affixed, mutilate the stamp by cutting three parallel incisions lengthwise through it, beginning not more than 1 of an inch from one end and extending to within 1 of an inch of the other end.

My son has been troubled for years with chronic diarrhoea. Sometime ago I persuaded him to take some of Chamberlain's Colic, Cholera and Diarrhoea Remedy. After using two bottles of the 25-cent size he was cured. I give this testimonial, hoping some one similarly afflicted may read it and be benefited.—Thomas C. Bowers, Glencoe, O. For sale by Craig & Hocker, Druggists.

Rev. G. C. Overstreet got "overbet" in his race for superintendent of public instruction on the Brownie ticket, and is said to be dying at his home at Taylorsville.
