We have saved many doctor bills since we began using Chamberlain's Cough Remedy in our home. We keep a bottle open all the time and whenever any of my family or myself begin to catch cold, we begin to use the Cough Remedy, and as a result we never have to send away for a doctor and incur a large doctor bill, for Chamberlain's Cough Remedy never fails to cure. It is certainly a medicine of great merit and worth.—D. S. Mearkle, General Merchant and Farmer, Mattie, Bedford county, Pa. For sale by Craig & Hocker, druggists, Stanford, Ky.

PREVENTED A TRAGEDY.

Timely information given Mrs. George Long, of New Straitsville, Ohio, prevented a dreadful tragedy and saved two lives. A frightful cough had long kept her awake every night. She had tried many remedies and doctors but steadily grew worse until urged to try Dr. King's New Discovery. One bottle wholly cured her, and she writes this marvelous medicine also cured Mr. Long of a severe attack of pneumonia. Such cures are positive proof of the matchless merit of this grand remedy for curing all throat, chest and lung troubles. Only 50c a bottle. Every bottle guaranteed. Trial bottles free at Penny's Drug Store.

LANCASTER.

Dr. A. S. Price was with his brother Edward on Sunday. Miss Nettie Wray was the guest of Mrs. Walter Beazley. J. Joseph is in Cincinnati buying Spring goods.

If the moving of guts and ammunition to London means that Taylor will attempt to establish a government in the republican part of the State, we will give it to him if the good democrats of that section will move out.

The attorneys went to Stanford on Saturday to be heard on the validity of the city warrants issued for the illicit sale of liquor, but Judge Saufley concluded not to hear it until his regular term here, which begins next Monday.

Dr. I. S. Wesley, lease of the local board of pension examiners, has received instructions to examine W. O. Dunlap on account of disabilities incurred during the Spanish war, but, as he is in Alaska, the examination will be delayed for awhile.

Mr. Josh Kemper suggests that we have railroad speeches made on county court day and begin subscription for the right-of-way for the extension of the Southern. This is a move in the right direction, and it is hoped that the commercial club will take the matter in hand.

Attorney J. T. Hays has been to Frankfort to transact some business in the court of appeals. He says that democrats will soon have charge of the State offices and that the republicans will retire. H. C. Hamilton will move the Western Union Telegraph office to his new store on Richmond Avenue.

Confederate money has lately taken a boom here. I understand that Mr. William McCarty met two unknown men and sold them a pony for a \$10 bill, which he put in his pocket without inspecting it closely. A few days later he needed the money to pay for some goods and it was discovered that he had sold his pony for Confederate money.

Passports are no more a necessity in National affairs than in the social world. We need them in our homes when strangers enter them. It is too often the case that unscrupulous scoundrels gain our confidence and we are the loser. A man's character travels with him, but his reputation is left at his home. We should require social as well as business credentials and references.

Lancaster, with her numerous improvements, steady growth and substantial boom, has six churches, one of the best schools in the State, six physicians, 12 lawyers, 10 grocery stores, 4 dry goods stores, 4 clothing houses, 3 hotels, one of them the largest in the country, 2 meat stores, 2 carriage shops, 3 drug stores, a flouring mill, 4 coal merchants, a large granary, 13 blind tigers and one with his eyes open.

Mr. J. A. Beazley has been to Dayton, O., on business. Mr. John A. Stone has been at home with grip for some time. Mr. George Lusk talks of going to New Mexico for his health. Mrs. A. E. Crone is somewhat improved after an operation performed by Drs. Acton and Wesley. Mr. J. T. Williams, of Barbourville, has been the guest of his brother-in-law, J. T. Hays.

We have had music in the air for several evenings. Mr. A. H. Bastin threw his entire telephone system open to the public and musical concerts given at the Blue Grass Grocery Store were heard over the entire country. Mrs. Jeff Dunn also gave sweet music on the piano at Bryantsville, which could be distinctly heard here. I understand that Mr. Bastin will give the receipts for two days, from his phones in this city, to the ladies who are raising a fund to erect the cemetery gate.

Bradley Stormes, a colored boy, about 14 years old, in the employ of Mrs. H. C. Kauffman, stole a check from her, which Eld. George Gowen had given her for \$12 for board, and presented it for payment at the National Bank, when it was paid although she had not endorsed it. He had driven the carriage in front of the bank where it could be seen and the officials knowing that he was in her employ and that such checks were frequently paid, supposed that she had neglected to endorse it and had sent for the money. The boy is in jail. He admits that he took the check and got the money, but he only had 25 cents left.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer \$100 for any case it fails to cure. Send for circulars and testimonials. Address F. J. CHENEY & CO., Toledo, O. Sold by Druggists, etc. Hall's Family Pills are the best.

GOVERNOR GOEBEL.

The following creditable poem was sent to us by Miss Effie Baugh, the bright 14 year-old daughter of Mr. Henderson Baugh of Highland who inherits her father's strong democratic principles, and has taken quite an interest in the doings at Frankfort, and mourned the death of Gov. Goebel almost as much as if he had been a near relation. He was born a destined work to do, And had he lived to do it; four suffering years, Ill fate, ill feeling, ill report lived through, He would have heard hisses changed to cheers, The taunts to tribute, the abuse to praise, And taken them both with his unwavering mood, But as he came on light from darkest days, And seemed to touch the goal from where he stood A felon hand behind that goal and him, Reached from behind his back, a trigger test, And those perplexed and patient eyes were dim, And those noble features were laid to rest!

The words of forgiveness were upon his lips, Forgiveness in his heart and on his pen, When this vile murderer brought swift eclipse To thoughts of peace on earth, good-will to men.

The United States from sea to sea, Utter one voice of sympathy and shame! Sore heart, so stopped when it at last had free, Glorious life, cut short just as its triumph came!

A deed accused! Strokes have been struck before By the assassin's hand, whereof men doubt If more of horror, disgrace they bore; But thy foul crime like Cain's stands darkly out!

Vile hand, that branded murder on a strife, Whate'er its grounds, stonily and nobly striven; And with the martyr's crown, crown his life, With such to praise, little to be forgiven!

A. R. De Fleunt, editor of the Journal Doylestown, Ohio, suffered for a number of years from rheumatism in his right shoulder and side. He says: "My right arm at times was entirely useless. I tried Chamberlain's Pain Balm, and was surprised to receive relief almost immediately. The Pain Balm has been a constant companion of mine ever since and it never fails." For sale by Craig & Hocker druggists, Stanford Ky.

It is always painful to note the errors of boys. Two or three in this town are sowing that which will later require them to reap the whirlwinds. It is alleged that a window pane was removed from D. C. Poynter's store window by them one night last week and some fishing reels and harps taken. Owing to the families to which the boys belong no prosecution followed.

STORY OF A SLAVE.

To be bound hand and foot for years by the chains of disease is the worst form of slavery. Geo. D. Williams of Manchester, Mich., tells how such a slave was made free.
