McKINNEY.

Everett Eperon has quit clerking at F. M. Ware's. J. Wes Bailey is his successor. The sick children of D. A. Baugh are improving as is also Elbert Moore. The disease is typhoid.

Farmers are disposing of their wheat the last few days at 70 to 72c. Corn is being offered at \$1 per barrel. The corn crop in this section has been considered unusually good, but the last news from the field was "shocking."

Wheat sowing is on and the rain of Saturday night has gladdened the hearts of our farmers and the work goes steadily on.

The cannery here, after a very successful season, has shut down. About 100,000 cans, we understand, were put up. Tomatoes only were used.

The sale of furniture, &c., at the Commercial Hotel, Saturday afternoon, was not largely attended and the bidding was not spirited, good beds being selling as low as 60c apiece.

A saw mill firm from Michigan has been stopping at the Commercial Hotel this week awaiting the removal of their machinery, from this place to Dunnville, in Casey county. They will bore with a big auger when they get properly located.

Mr. George Griffiths, representing the T. B. Stone Lumber Co., of Cincinnati, tells us that he has under contract for delivery here and at Waynesburg about one and a half million feet of lumber. The work has already commenced and will be pushed to completion.

Our town has grown to such alarming proportions that when one of our citizens "picks up his trix" and moves, it is sometimes as long as an hour-and-a-half before all the rest of us know it. Stanford is already being spoken of as "our suburban village" and Hustonville has entirely lost its identity. You may expect us over the Buffalo bill any day. We believe in expansion—by a gas process.

Ora Gooch and his sisters have moved into the Commercial Hotel, which they bought three weeks ago and are cleaning up from bottom to top, and preparing to accommodate the public with good board and lodging. Rev. W. R. Davidson has moved into M. V. Owens' property on Middleburg street, and J. W. Bailey is moving into the property vacated by Davidson on same street.

Thomas True has rented property of K. L. Tanner and moved here with Turnersville. The Webb family, who came to this county less than a year ago, and bought property at Jumbo, have moved back to Hamilton, O. It will be remembered that the elder Mr. Webb died suddenly at his home only a few months ago, since which event the family have been less satisfied in their new home. By their removal the community loses valuable citizens and they take with them best wishes of many friends here. Young Mr. Webb continues the business at Jumbo.

FROM SUPT. SINGLETON. I had the pleasure of visiting Prof. J. H. Patterson in his school at Lancaster and met Miss Lusk, the superintendent, in the school, making her annual visit. Prof. Patterson has a good school, which is bound to be a success, having quite a number of good teachers who are putting forth every effort to make the school a success. I had the pleasure of seeing the school library, which is a credit to the school and town. The pupils are studious and will some day speak for the school. I hope Stanford will soon have a nine or 10 months' free school.

Three millions of dollars were raised for the Johnston flood sufferers, and only about a million has been raised for Galveston, though the loss of life was 8,000 people and the destruction of property about \$35,000,000 in Galveston as against 2,200 lives lost in Johnston, and vastly less destruction of property.

Break up Trusts by Electing Bryan.

BRODHEAD, Sept. 27.—I wish to say a few words through your valuable paper on the political issues of the day. It is high time the people of the United States had begun to look around, and see if they know where we stand, and what will become of us if we do not quit supporting trusts by voting the republican ticket.

We must elect W. J. Bryan for president; for he can and will put a stop to trusts, and take that awful burden away, and give the laboring man a chance to live. They now have the principal part of the wealth of our nation in their clutches and McKinley dares not open his mouth, for his election, if elected at all, depends entirely upon the influence of those soulless beings, which can not hear the orphan's cry, or the prayers of the poor weeping widow.

In this State it behooves every person who is against government by assassination to vote to the polls and cast his vote for J. C. W. Beckham for governor.

On John W. Yerkes' campaign buttons can be seen the words "civil liberty," but we suggest that he have it changed to harmonize and place thereon the words "government by assassination."

No doubt when Taylor, the king of assassins, dies and lifts up his eyes from the lower regions, he will want Gov. Goebel to dip his finger in cold water and cool his parched tongue. If any man on earth was ever alighted without a cause it certainly was Gov. Goebel, who died a martyr for the great common people.

And the people of this grand old Commonwealth are asked to vote for a party that endorses the killing of this great and good man.

It is true that Gov. Goebel had to take the life of his fellow-man, but he didn't run over in Indiana for protection, but courted a trial, which he stood and came clear.

The republicans accuse Gov. Goebel of securing an office to which he was not legally elected, though they know it is not true. But it comes with poor grace from a party that has stolen every office in the United States from president on down to school trustee. Mr. Davison tried to steal the place from Mr. Gilbert, to which he knew he was not elected.

Go to the polls the 6th day of November and cast your votes for Bryan, Beckham and Gilbert.

Yours in the faith, ORIE A. FRITH.

MIDDLEBURG.

The republicans say "hang the assassins," but when the courts take preliminary steps to hang the brutes, those same republicans raise a howl against it. The truth is if a few of those howlers were strung up it would have a salient effect on law breakers, and assassination would not be so common in our land.

Everybody should hear Hon. Geo. E. Stone here Saturday. George knows it, and can tell it with force. The more we hear of the murderous methods of the murderers and their sympathizers, the more determined we will be to defeat the whole outlay from McKinley to Yerkes. So come out and hear one of the best speeches ever made at Middleburg.

In a game of ball here the other afternoon our boys did up the Yosemite club in fine style. The game up to the end of the sixth inning was interesting, with chances in favor of the Yosemite, but at that point Rev. Geo. Green did some good batting which put our boys in the lead, when the game was easily won. The Yosemite boys can play ball and but for the fact that they make mistakes they would be hard to handle.

BISMARCK'S IRON NERVE. Was the result of his splendid health. Indomitable will and tremendous energy are not found where Stomach, Liver, Kidneys and Bowels are out of order. If you want these qualities and the success they bring use Dr. King's New Life Pills. They develop the power of brain and body. Only 25c at Penny's Drug Store.

MT. VERNON.

Yerkes speaks here tomorrow. Hon. James D. Black will speak here Oct. 6th at 1 P. M. and at Livingston. W. E. Edwards has bought the Wyatt Warren farm in the Glades and will remove thereto.

Circuit court will probably adjourn Saturday morning. Grand jury adjourned Monday after returning 24 indictments in all; none for murder and only two for felony.

The democratic club will meet at court-house Saturday night, 29th, when a rousing old time will be had. Hon. Lecheb Owsley will be on hand and assist in the good work. A crowded house is expected.

Dell Jones, the little Middleboro beauty, who has been visiting her sister, Mrs. L. W. Bethum, has returned to her home much to the regret of her many friends.

A letter has been received from W. J. Newcomb, Galveston, acknowledging the receipt of car line sent by our people. The relief committee send the thanks of the stricken city for the donation.

W. L. Richards, cashier of the Mt. Vernon bank, has arrived and is making preparations for beginning business Oct. 1st. Now if we get the pikes, with our railroads, telegraph and telephone our county can at least keep in sight of the procession.

Our telephone lines flashed the news over the county within a few minutes after the jury returned the verdict in the Howard case. In all cases of general interest to the public news has been furnished first by the telephone people and without cost to its patrons and the public.

E. A. Herrin is still here erecting smoke stacks. S. W. Davis has moved into his handsome new storehouse. S. C. Franklin, foreman. Signal office, is a man of varied accomplishments. He is a linotype operator, printer, druggist, optician and jeweler and is well up in all these callings.

London sent 125 telephone messages into the blue-grass within 30 days after getting connection. There are yet many newspaper readers who don't know that Central Kentucky has this class of communication with London Williamsburg has put in a first-class exchange and are arranging to build a connecting line to London shortly.

Pikes or no pikes will be the warmest question we will have from now until election day. From present prospects it is believed the proposition will carry by a good majority. Every citizen should study the question thoroughly and learn of the immense returns and benefits that will be derived from a small investment. The proposed pikes will prove to be of greater value to the county than any other enterprise not even excepting the railroads.
