Australia has, proportionately, more churches than any other country, the number being 6,013, or 219 churches to every 100,000 people. England has 144 churches to every 100,000; Russia only 55 to the same number.

No stipends are paid to the clergy at St. Luke's church, Chobham, England, while the choir, the organist, organ blower and bellringer all give their services free. The church was built by voluntary contributions, and the cost of carrying it on is only \$7.50 per week.  
**KINGSVILLE.**  
Dr. C. M. Thompson left Monday for Louisville to attend medical lectures.

## THE MOST COMMON AILMENT.

More people suffer from rheumatism than from any other ailment. This is wholly unnecessary too, for a cure may be effected at a very small cost. G. W. Westcott, of Meadowdale, N. Y., says: "I have been afflicted with rheumatism for some time and it has caused me much suffering. I concluded to try Chamberlain's Pain Balm and am pleased to say that it has cured me." For sale by Craig & Hocker, Druggists.  
The consumption of flour in the United States is about one barrel a year to every man, woman and child in the country.

DANVILLE.—The Breckinridge Oil Company will resume operations on the Johnson farm near Moreland next Monday or Tuesday. A new well will be drilled. The extra machinery is on the ground and the men are expected the latter part of this week. The will of Miss Phoebe Crutchfield was broken in circuit court. She left an estate valued in the neighborhood of \$1,200 to some ladies here who had been especially kind to her. The suit to break the will was brought by Mrs. Agnes Calvert, of Perryville, the nearest living relative. John H. Meier and O. M. Huffman have purchased from O. P. Huffman his meat market on Main street, east of Maclinn's restaurant.—Advocate.

## AN ANGRY COLONEL.

Col. Jones has given up for awhile his favorite pastime, that of pursuing the columns of the INTERIOR JOURNAL. We are sorry to lose him, "but it's an ill wind, etc." He says he is darned tired of being fooled into commencing an item he thinks will be interesting reading and at its conclusion finding it to be a clever article on Col. Carter's Liver Pills, Lemjob's Liver Pads or a jolly to a weak-minded woman from old hide Plinkham.  
He came into the office this morning and canceled his subscription to the paper, saying that he ran afoul of whole pages lately that "cooked his goose" for good and he was going back to the Vicar of Wakefield and Children of the Abbey, whose venerated authors he had a clutch on, they had been dead so long.  
He certainly was the picture of an angry gentleman, as adjusting his eyeglasses and calling off from his note book, he informed us, with an oath, that in the past three days only he had been fooled into presuming "three thrilling lion stories, some entralling gossip about a Baralupas that he had not heard of since he quit reading the Bible and a lot of other stuff, all winding up with the information that they would all be seen with the Sells & Downs' Big Shows at Stanford, Monday, May 12.

## WON'T FOLLOW ADVICE AFTER PAYING FOR IT.

In a recent article a prominent physician says, "It is next to impossible for the physician to get his patients to carry out any prescribed course of hygiene or diet to the smallest extent; he has but one resort left, namely, the drug treatment." When medicines are used for chronic constipation, the most mild and gentle obtainable, such as Chamberlain's Stomach & Liver Tablets, should be employed. Their use is not followed by constipation as they leave the bowels in a natural and healthy condition. For sale by Craig & Hocker, Druggists.  
The average expenditure in the whole country for public schools is \$9.59 per head of school population, calculated on the population between five and 18. In New York City, however, the expenditure is over \$20 per head, the amount for the schooling of the young of the city this year being \$20,215,388.  
A London firm has issued a catalogue of the goods it keeps for sale. It is an encyclopedic work in two handsome volumes of 880 pages, 56 to colors, size 10x12 inches, and two inches in thickness. Its publication cost \$100,000.

## LANCASTER.

Quite a number attended the land leasing of Mrs. Emma Perkins on Wednesday. Grass land rented at from 40c to \$2.53 for meadow tracts.  
The collection for home missions at the Christian church Sunday amounted to \$25. As a building fund is also being solicited, this was a liberal donation.  
At the last meeting of the city council a member was elected to supply a vacancy caused by one of the recently elected candidates failing to qualify. The choice fell on J. Joseph.

Each one of the graduates will entertain the class and a banquet will also be given in their honor by the faculty. The commencement will be held at the opera house on the morning of May 22, and a baccalaureate sermon will be preached by some visiting minister.  
On Wednesday evening while the family were at tea, a robber entered Mrs. Fannie Farra's residence and stole \$35 in money. When Mr. John Farra and wife returned to their sitting room they found the contents of a trunk and other articles scattered over the room. J. I. Hamilton, Matt Siler and the blood hounds were telephoned for but no clew has been found.  
Miss Jessie Doty, the handsome daughter of Mr. Jesse Doty, of this place, has gratified her many friends and Lancastrians generally by enlisting in the elocutionary contest to be given by Managers Saufley & Alverson in Stanford on the night of June 18. Garrard representatives have several times won in the Stanford competition, and just a year ago Miss Theo Hemphill brought home the first prize in the way of a diamond ring.  
At the Gold Medal Prohibition contest to be held at Nicholasville during the W. C. T. U. district convention, the following will represent Garrard: Chas. Durham, Marksburg; Miss Lucile Marsee, Marksburg; Miss Annie Burk, Manse. Miss May Robinson, of Lower Garrard, will represent Caldwell College, Danville, and Misses Hampreys, Junction City, Mamie Jones, Pine Hill and Mr. Powell, Richmond, will also enter the competition. The program of the W. C. T. U. convention, which is in session 21, 22 and 23, will include among its attractive speakers Mrs. Frances Beauchamp, State president; Dr. Stucky and George Bain, of Lexington.
