NOW IS THE TIME TO USE HYOMEI.

Cures Catarrh and Prevents Colds. No Stomach Dosing. Just Breathe It.

At this season of the year, catarrhal troubles are very prevalent, and nearly every person suffers to a certain extent. Catarrh is actually the result of a succession of colds and can be easily prevented if the proper treatment is followed. Hyomei is a natural yet scientific cure for the colds and grip troubles that lead to catarrh, as well as a positive cure for the disease itself.

The Balsamic air of Hyomei breathed through the small pocket inhaler that comes with every outfit is filled with germ-killing and health-giving qualities that penetrate to the minutest air cells of the head, throat and lungs. It kills all catarrhal germs, frees the mucous membrane from poisonous microbes and makes a perfect and complete cure of catarrh.

The complete outfit costs only \$1, while extra bottles of Hyomei can be procured for 50c. G. L. Penny sells Hyomei on the "no cure, no pay" plan, and will refund the money if it fails to give perfect satisfaction. You take no risk whatever in using Hyomei. It is the only treatment sold under a guarantee of this nature where a leading local druggist agrees to return the money if the treatment fails to cure.

About 6 o'clock Sunday morning our city was visited by a terrific wind with thunder and lightning accompaniments. The entire roof of the college was torn off with the cornice and the timbers and carried like leaves in a whirlwind, being dashed in every direction and falling a worthless wreck. The rain poured in torrents and soon the entire building was thoroughly soaked and the plastering falling. There being no storm clause in the insurance policy, the loss, which will reach \$700, will fall heavily on Ed. B. J. Pinkerton, of Lexington. Telephones report the storm to have completely wrecked the large store of W. H. Wilkerson at Liberty and greatly damaged his \$10,000 stock of general merchandise. The stores of J. P. Wilkinson and Dick Phillips are also reported badly damaged. Part of the roof of the McKinney Canning factory was blown off and much feeding all over the West End is down, together with Wm. Dodd's large tobacco barn.

Perfect Confidence.

Where there used to be a feeling of uneasiness and worry in the household when a child showed symptoms of croup, there is now perfect confidence. This is owing to the uniform success of Chamberlain's Cough Remedy in the treatment of that disease. Mrs. M. I. Basford, of Poolsville, Md., in speaking of her experience in the use of that remedy says: "I have a world of confidence in Chamberlain's Cough Remedy for I have used it with perfect success. My child Garland is subject to severe attacks of croup and it always gives him prompt relief." For sale by W. N. Craig.

A Maysville dispatch says: Col. S. S. Morrow completed the court martial trials of the members of the local company of State Guards here. Twelve members were on the carpet. Curious relationships are being discussed here. Judge Ford has two half brothers who are not related to each other, and a son and a daughter of a man married each other and violated no law. Let some one explain how this is.
Seldom has Lancaster been more distressed and shown more indignation than at the foul murder of Wm. Rucker at Danville Thursday night. Mr. Rucker was once a resident of this place and his reputation was of the very best.
Mrs. John F. Lear has rented the store room below the Citizen's Bank and will open an up-to-date line of millinery about March 1st. The hurricane that swept across Garrard county Sunday morning at five o'clock laid waste to many farms, taking away fences and destroying barns and other houses. Mr. Kailer and Ed Walker were the greatest sufferers from the storm, both losing large barns. Mr. Kailer, an old man, is paralyzed from the shock. The churches at Paint Lick and Fair View were blown down, this making the second time within the last 12 months that the latter has been so destroyed. No insurance was carried on either building. Within the town limits the wind was fierce and stroog for two hours Mrs. Farris' house, the granary, and Mrs. Higginbotham's residence were unroofed, and trees and fences throughout the town were injured.

CLIMATIC CURES.—The influence of climatic conditions in the cure of consumption is very much overdrawn. The poor patient, and the rich patient, too, can do much better at home by proper attention to food digestion, and a regular use of German Syrup. Free expectoration in the morning is made certain by German Syrup, so is a good night's rest and the absence of that weakening cough and debilitating night sweat. Restless nights and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer climate, you will find that of the thousands of consumptives there, the few who are benefited and regain strength are those who use German Syrup. Trial bottles 25c; regular size 75c. At all druggists.

"Well, well, well!" exclaimed Mr. Wimblaton, as he put down his paper. "What is it, Cincinnati?" his wife anxiously inquired.
