The deal to finance the Burley Tobacco Growers' Association was declared off, the official declaration to that effect being issued in Cincinnati.

According to figures published by the American Agriculturist the value of the farm crops of the country, at the farms in 1904, was \$3,278,000,000, while in 1896 it was only \$1,820,000,000.

A large crowd attended the sale of J. A. Nooe, near Burgin, and the bidding was spirited. Hogs sold for \$1.40; milk cows \$30 to \$45; yearling steers, \$25; long yearlings, \$33; mules \$80 to \$155; horses, \$50 to \$100.—Democrat.

LANCASTER COURT.—There were about 100 cattle on the Lancaster market yesterday, but the bad weather made the buyers scarce and not over half of them sold. Some good young steers brought 3½c and a few heifers 2½c to 3c. Mules were in demand and a number changed hands at \$100 to \$150. Horses were slow and few sold.

What is said to be the largest real estate deal ever made in Pittsburg, Pa., and one of the most important transactions in landed property ever announced from that part of the country, was the sale of the Schenley farm in Oakland, for about \$3,000,000. The buyers are F. F. A. G. and O. P. Nicola and Charles Donnelly, of Pittsburg, and the purchase means the laying out of a model city community on land that has been used for generations for pasture. The tract is in the center of the city, near Schenley Park and the Carnegie Institute. It is said that the project will involve the expenditure of \$10,000,000 for improvements and buildings. The sale was made through Andrew Carnegie, Denny Brereton and John W. Herron, trustees under the will of Mrs. Mary E. Schenley, deceased, of England.

PROTECT YOURSELF AGAINST GERMS.
People With Weak Stomachs Most Liable to Catch Disease.
 When the stomach and digestive organs are weak, the food does not digest, and there is a sour, slimy, fermenting mass, making it an ideal spot for the disease germs to multiply. The only way to protect yourself against disease germs is to strengthen the stomach and digestive organs, and Mi-o-na is the only agent, so far as is known, that will accomplish this.

The ordinary medicine that is taken for indigestion and stomach troubles is advertised to act upon the food alone, and hence can give no more than temporary relief. Mi-o-na is a certain cure in all cases of stomach troubles, except cancer, because it enables the stomach and digestive organs to act in the way Nature intended they should. Drugs cannot digest the food; they simply decompose it.

If you suffer with distress after eating, pains in the head, chest, sides and back, belching of gases and undigested food, bad taste in the mouth, dizziness or vertigo, heart-burn, variable appetite, sick headaches, spots before the eyes, and have a general feeling of despondency, weakness, and debility, you should at once strengthen the stomach and digestive system by the use of Mi-o-na. There is no liquid, no alcohol, no spoonful tablet out of a 50-cent box before eating, and your stomach will soon become so strong and healthy that you will be germ proof. Ask Penny to show you the guarantee under which he sells Mi-o-na; costs nothing unless it cures.

Too Wise.
 Miss Helen Gould recently entertained at luncheon at her residence a number of little girls from a charitable institution.

At the end of the luncheon Miss Gould showed to the children some of the contents of her beautiful home.

She showed them books, carved Italian furniture, tapestries and marbles.

"Here," she said, "is a beautiful statue, a statue of Minerva."

"Was she married?" asked one of the little girls.

"No, my child," said Miss Gould, smiling. "She was the Goddess of Wisdom."

The Best Physic.
 When you want a physic that is mild and gentle, easy to take and certain to act, always use Chamberlain's Stomach and Liver Tablets. For sale by Lyne Bros, Crab Orchard.

The Court of Appeals heard oral testimony in the jurisdiction case and will announce a decision this week. Attorneys for the accused admitted that the Breathitt warrant was a ruse and that "pious fraud" had been resorted to.

No. 75, 150,000 acres of cotton land in Mississippi. There is no section of country which offers so many opportunities for profitable investment as the Mississippi Delta which is now fitly described as "Prosperity Valley." The timber is becoming more valuable all the time for the reason that lumber companies from the North (where the supply of timber is fast diminishing) are constantly increasing their purchases of timber lands in the South. When the timber is removed the land is unsuited for agricultural purposes. It will produce a bale of cotton to the acre or will grow any other kind of crop raised in the temperate zone. The soil is rich and fertile and gives a yield which cannot be excelled; taxes are low the title is perfect and the man who buys Delta farm and timber lands at present prices is making an investment that he will never regret. This land is divided into tracts ranging from 40 acres to the tract to 27,000 acres to the tract and prices from \$2 per acre to \$20 per acre, according to location, etc. We are authorized by the company who owns these lands to state that as other parties are considering the purchase of these lands that we offer these tracts subject to prior sale, withdrawal from market or change in price without notice. However, when notified, they will hold any tract out of market long enough for the purchaser to make an investigation. About 12,000 acres of this land has been sold by the Company since we received this option. For further particulars call at our office.
