Referring to the criticism of R. L. Shannon, secretary of the State Board of Embalmers, in reference to an item in our letter of May 2nd, we beg to refer Mr. Shannon to the Embalmers' Monthly, for the month of April, 1905, page 128, which reads as follows: "The names in the following list are those of embalmers who have been licensed by the State Board of Health, or the Board of Embalmers, and who have given evidence of their qualifications to properly prepare bodies for shipment under the stringent rules governing the transportation of bodies dead of infectious diseases. Presumably the embalmers named are the most competent and reputable in their respective communities. Only licensed embalmers will be admitted to this list."

The list for Kentucky includes the following names: "Franklin, J. H. Dashwood; Louisville, Charles H. Boden, 529, Second Street; Lancaster, J. A. Beazley." We quote this simply to show our information.

TEMPLE HILL STOCK FARM,

Magoffin Place, City Limits,

Harrodsburg, Kentucky.

Red Leaf, 4-year-old record 2:22 in 9th heat over one-half mile track. Sire of 3 with record better than 2:23. Champion show horse of Kentucky and leading sire of high-class road horses and teams. \$25 to insure a living colt, and a good one at that, or \$12.50 the season.

I claim it is to the best interest of the owners of mares of Mercer and adjoining counties to breed to Red Leaf. Because he is not for sale; I expect to keep him and breed and handle his produce, and it is very natural that I will work for the sale of all his colts at high prices, no matter to whom they belong. 2nd, Because his colts have a reputation and have sold for higher prices and advanced than those of any stallion in Mercer or adjoining counties. 3rd, Because his colts have taken more premiums than those of any stallion in Mercer or adjoining counties. 4th, Because he has a better record as a race horse, having won 10 out of 13 races, and a better record as a show horse, having won 6 out of 12 shows, than any stallion in Mercer or adjoining counties. 5th, Because Red Leaf is the only horse sired by a horse with a record of 2:18 (G. F. Clay), who has sired 8 colts with records better than 2:23, and with a dam (Lady Hart) that every colt she had took a standard record, and was a winner, and whose grand dam (Soprano) was the greatest brood mare in the world, having 11 in the list, and whose sire (G. F. Clay) sold for \$6,000, and whose dam sold for \$1,500, whose dam's sire (Red Wilkes) sold for \$5,000 for a half interest, and who himself (Red Leaf) sold at three years old for \$1,000 and at 4 years old for \$1,250, and that his himself sired 11 colts to sell for over \$500—some as high as \$2,000—and teams from \$1,500 to \$3,000 in Mercer or adjoining counties. 6th, That three of Red Leaf's colts were over trained for speed and they all took records. 7th, But one of Red Leaf's colts was ever raced, and he started in 11 or 12 races, winning first in one and second in all the others, as shown by the Year Book, and showed miles in 2:15, and would have been a sensational horse had he lived. 8th, Red Leaf has sired more high-class, high-priced teams than any stallion in Kentucky in the past two years. 9th, I can show several offers of over \$2,000 for a pair I now have. None of those sold five years old, and most of them under three years old.

Now I say if you want a trotter, Red Leaf is bred to get them, as his sire is one of the greatest sires of extreme speed, and his dam a great producer, and she by one of the world's greatest sires of speed (Red Wilkes), and his sire's dam the greatest brood mare in the world. If you want a show horse, he has proven he can get them of the highest quality, a three-year-old mare by him showing through the circuit in regular and sweepstakes and winning 24 out of 25 shows—something equaled only by the world's famous Gypsy Queen. If you want a business horse, he can get them that will sell for the biggest dollars, and his fillets are sure to be great brood mares. If these are not facts, why not? I also have a good Black Jack to stand at \$1 to insure a living colt. R. E. GODDARD.

Addressing our exchanges, and especially those who are in the habit of looking upon the mountains as a section of doubtful morality, we present a collection of county officials who are totally exempt from the ordinary vices, drinking liquors, chewing and smoking tobacco and the use of profanity: The county judge, circuit clerk, county clerk, county attorney, superintendent of schools, sheriff and treasurer of Pulaski are not addicted to any of these vices. We would like to know if there is another set of principal offices of another county in the State so entirely free from these common vices?—Somerset Journal. Pirating Foley's Honey and Tar.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. G. L. Penny.
