PREACHERSVILLE.

We are going to have a box supper Saturday night at Masonic Hall.
W. M. Coldiron, our excellent school teacher, gave a water melon treat to his pupils Tuesday.
Simeon Blankenship killed a black viper near his home. This snake is as poisonous as the rattler or copperhead.
We have dinings almost daily and hay rides every few nights, to say nothing of water melon feasts. Truly this is a land of plenty, "the garden spot of the world."

Mrs. Marinda Blankenship visited at Brodhead last week. Miss Katie Payne, of Goshen, is with relatives and friends here. Robert Duvall, of Keokuk, Ia., is visiting his brother, Eugene.
J. C. Hutchins, superintendent of the Methodist Sunday school, will take his pupils to Dripping Springs the fourth Sunday. Rev. Jordan preached a good sermon to a large congregation Sunday evening.
Corn and wheat crops are said to be better than they have been in years. Arch Dyehouse bought a horse of Henry Miller for \$110. Andrew Thompson sold to B. D. Holtzclaw some good cattle. Sam Carpenter has a splendid colt which he took to the Brodhead fair.

IN MEMORIAM.

In loving remembrance of Cecil Crutchfield, who departed this life August 16th, 1905.
In childhood we played together,
But now I'm so much alone
Since Cecil, my dearest brother,
Has left our once happy home.
It seems so lonely without him,
We miss him everywhere;
We miss him at the table
When we see his vacant chair.
'Twas so sad to part with Cecil,
Oh so sad that he must die,
But we hope to meet him again,
Some sweet day, bye and bye.
From his lonely sister,
BESSIE.

A little forethought may save you no end of trouble. Anyone who makes it a rule to keep Chamberlain's Colic, Cholera and Diarrhoea Remedy at hand knows this to be a fact. For sale by all druggists.

BIG LAND SALE.

An area of 6,000,000 acres, forming part of the public school domain, will be disposed of on September 1, at the first public land sale ever held by the state of Texas. Provisions made by the legislature last winter for the sale under direction of the Land Commissioner, are designed to eliminate speculators and dispose of the land to actual settlers. There will be no "land rush" such as is characteristic of the opening of Federal domain, because the lands to be disposed of are not in a solid block, but are situated in every section of the state. The larger portion is close to the western and northwestern frontier. The area involved is twice as large as the State of Connecticut and larger than Massachusetts, New Hampshire, or New Jersey. Some of the lands are located in East Texas, along the Sabine and Lower Red Rivers, or their tributaries, and some of them in West Texas, on the Rio Grande, more than 900 miles further west. Some are in the northern part of the Panhandle and others down close to the Gulf of Mexico, sections so far apart that a difference of more than 100 degrees in temperature has been registered at the same hour of the same day. After the 6,000,000 acres have been disposed of there will still be 12,000,000 more acres in the public school domain—all at the present under lease to cattle men—to say nothing of the State university lands.

Nothing on the Market Equal to Chamberlain's Colic, Cholera and Diarrhoea Remedy.

This fact is well-known to druggists everywhere, and nine out of ten will give their customers this preparation when the best is asked for. Mr. Obe Witmer, a prominent druggist of Joplin, Mo., in a circular to his customers, says: "There is nothing on the market in the way of patent medicine which equals Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints. We sell and recommend this preparation." For sale by all druggists.
Grayce—Gladys never talks about anyone except herself.
George—Well, she has one good point.
Grayce—What's that?
George—You never hear her speak ill of anyone.

GOOD for OLD and YOUNG

August Flower keeps the children healthy and strong—
Full of vigor and frolic the whole day long. So when Mamma needs more they rush off in high glee.
And shout to the druggist: "Please give it to me!"
Ability to get up brisk and fresh in the morning, lack of appetite, pallor, muddy complexion and poor spirits—these all indicate a disordered stomach and bad digestion—in adults and children, too. They also indicate the urgent need of taking Green's August Flower regularly for a few days.
It's a reliable old remedy for all stomach troubles, never fails to cure indigestion, dyspepsia and chronic constipation, and is a natural tonic for body and mind.
Two sizes, 25c and 75c. All druggists.

No. 13.—A section of country, which offers so many opportunities for profitable investment as the Mississippi Delta which is now being described as "Prosperity Valley." The timber is becoming more valuable all the time for the reason that timber prices in the North (where the supply of timber is fast diminishing, are constantly increasing their purchases of timber lands in the South. When the timber is removed the land is unequalled for agricultural purposes. It will produce a bale of cotton to the acre or will grow any other kind of crop raised in the temperate zone. The soil needs no fertilizers and gives a yield which cannot be excelled; taxes are low, the title is perfect and the man who buys Delta farm land at present prices is making an investment that he will never regret. This land is divided into tracts ranging from 40 acres to the tract to 15,000 acres to the tract and prices from \$8 per acre to \$16 per acre, according to location, etc. We are authorized by the company who owns these lands to state that as other parties are considering the purchase of these lands that we offer these tracts subject to prior sale, withdrawal from market or change in price without notice. However, when notified, they will hold any tract out of market long enough for the purchaser to make an investigation. About 12,000 acres of this land has been sold by the Company since we received this option. For further particulars call our office.
