Miss Lillie Thompson visited Miss Hallie Brown and other relatives here. James Lawrence and little daughter, Minnie, of Bee Lick, visited here last week. Mrs. John B. Anderson visited her parents, Mr. and Mrs. John Naylor. J. M. Cress and family have returned from a visit to relatives at Brodhead.

If those ardent "free pikers" of Casey county could only get to travel over the Preachersville pike from the Stanford pike to this place, and from here to Crab Orchard in the shape the roads are now and have been in for some time, we believe they would see the error of their way. The pike to Crab Orchard from this place a few years since was the equal of any in the State.

According to the American Jewish Year Book, just published, there are 1,418,813 Jews in the United States, and of these about 750,000 are residents of the State of New York. In the year ended June 30, 1905, 118,418 Jewish immigrants came to this country, of whom more than 100,000 landed in New York. Nearly one-half of the whole Jewish population of the country lives in New York City, which is the largest Jewish city in the whole world. The statistical credits New York City with about 600,000 Jewish inhabitants, which is more than half the entire Jewish population of the German Empire. Two countries have more Jews than the United States: Russia, 5,212,805, and Austria-Hungary, 2,076,378.

A New Jersey judge decided that an angry father has no right to horse whip a youth who tries to run off with his daughter and gave him \$800 of the \$50,000 damages asked. Considering the satisfaction a man would experience in administering the beating and flogging them, the price put on thrashing an objectionable would-be son-in-law, is not exorbitant either. —Frankfort Journal.

### Some Seasonable Advice.

It may be a piece of superfluous advice to urge people at this season of the year to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over, and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is so widely known and so altogether good that no one should hesitate about buying it in preference to any other. It is for sale by all druggists.

## Vinol THE COD LIVER PREPARATION WITHOUT OIL

Vinol is fast superseding old-fashioned cod liver oil and emulsions because, without a drop of oil or disagreeable feature; it contains all the medicinal elements of cod liver oil, actually taken from fresh cods' livers. By our process the oil, having no value either as a medicine or food, is separated from the medicinal elements and thrown away. Unlike old-fashioned cod liver oil and emulsions, Vinol is deliciously palatable, agreeable to the weakest stomach, and therefore unequalled as a body builder and strength creator for old people, puny children, weak, run-down men and women, after sickness, and for all pulmonary diseases. Everything Vinol contains is named on the label.

OUR GUARANTEE—We have such faith in VINOL that if you will take it we promise if it does not benefit or cure you we will return you your money without question. We take all the risk.
