## The Key that Unlocks the Door to Long Living.

The 85 and 90 years of age are not the rotund well fed, but thin, spare men who live on a slender diet. Be as careful as he will, however, a man past middle age, will occasionally eat too much of some article of food not suited to his constitution, and will need a dose of Chamberlain's Stomach and Liver Tablets to cleanse and invigorate his stomach, and regulate his liver and bowels. When this is done there is no reason why the average man should not live to old age. For sale by all druggists.

If those newspapers that are continually howling for "more railroads for Kentucky" will lay aside their clubs and quit pounding the companies now in existence, possibly capitalists will think of putting their coin in such enterprises. A railroad company stands about as much show in Kentucky, as does a clawless cat in perdition.—Central Record.

## The First Requisite of Beauty.

The first requisite of beauty is a clear complexion. Orino Laxative Fruit Syrup clears a sallow blotched complexion as it stimulates the liver and bowels, and the eyes become bright and clear. You owe it to your friends to take it if your complexion is bad. Orino Laxative Fruit Syrup does not nauseate or gripe and is very pleasant to take. Refuse substitutes. Penny's Drug Store

## A DIFFERENT EXPLANATION

### Concerning "Honest Mike" Boots.

We have handled "Honest Mike" boots ever since we have been in business. For several years we were sole agents here; until Mr. Edelen (because we bought better goods in all except this one article elsewhere) without notice, and leaving us at the time with a supply of the boots, placed the boots in other hands and attempted to turn the effects of the advertising we had given them to the other party.

During the time we were agents for the line we spent money advertising it, and through this advertising succeeded in creating quite a demand for the goods. Despite Mr. Edelen's base attempt to take from us that which through our efforts we had created, we yet enjoy our usual demand for the boots.

Just because Mr. Edelen's hair is gray it does not follow that we "youngsters" are in the wrong or unworthy of confidence. The fact is Mr. Edelen's action toward us has been far from right.

Because we continue to handle the boots without his authority he attempts to make it appear that they are not genuine. That in itself shows his purpose is to place us in a questionable attitude before our customers and friends.

Our controversy is only with Mr. Edelen.

We have many more than 12 pairs of "Honest Mike" boots in stock and shall buy more when they are sold. See if we do not.

Meanwhile "Honest Mike" boots get well advertised. Buy them of Cummins & McClary.
