Summer Diarrhoea in Children.

During the hot weather of the summer months the first unnatural looseness of a child's bowels should have immediate attention, so as to check the disease before it becomes serious. All that is necessary is a few doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy followed by a dose of castor oil to cleanse the system. Rev. M. O. Stockland, Pastor of the First M. E. Church, Little Falls, Minn., writes: "We have used Chamberlain's Colic, Cholera and Diarrhoea Remedy for several years and find it a very valuable remedy, especially for summer disorders in children." Sold by Stanford Drug Co.

Good Out of Nazareth.

It is not often that jewels come from Bell county. But in Conductor M. O. Winfrey, Owen county seems to have found a jewel. Bell county is one of the most intensely republican counties in the State. Yet what few democrats live in that mountain fastness are "died in the wool." Mr. Winfrey, who is conducting the Owen County Teachers' Institute, is from Bell county. He is one of the best educators in the State and would make a splendid State superintendent of schools. Bob Ford, who lives in Middleboro, says that Mr. Winfrey is all right and that is a certificate of character in this part of the world. Prof. Winfrey has rendered valiant services to the school interests of Kentucky. For several years past he has been the most active educational worker in the State and is the first real leader the teachers of this State have produced since the death of Ed Porter Thompson. We predict the election of Mr. Winfrey at the November election and the people of Kentucky and the democratic party will do a good day's work when they put him at the head of their educational institutions.—Owen County Democrat.

Galveston's Sea Wall

makes life now as safe in that city as on the higher uplands. E. W. Goodloe, who resides on Dutton St., in Waco, Tex., needs no sea wall for safety. He writes: "I have used Dr. King's New Discovery for Consumption the past five years and it keeps me well and safe. Before that time I had a cough which for years had been growing worse. Now it's gone." Cures chronic Coughs, La Grippe, Croup, Whooping Cough and prevents Pneumonia. Pleasant to take. Every bottle guaranteed at Penny's Drug Store, Stanford, Lyne Bros., Crab Orchard.

Tabulation of the official returns of Thursday's election in Nashville shows that Johns, the independent candidate for Sheriff, was elected by a majority of seven votes.

Ten Years in Bed.

"For 10 years I was confined to my bed with disease of my kidneys," writes R. A. Gray, J. P. of Oakville, Ind. "It was so severe that I could not move part of the time. I consulted the very best medical skill available, but could get no relief until Foley's Kidney Cure was recommended to me. It has been a Godsend to me." Penny's Drug Store.

The End of The World

of troubles that robbed E. H. Wolfe, of Bear Grove, Ia., of all usefulness, came when he began taking Electric Bitters. He writes: "Two years ago Kidney trouble caused me great suffering, which I would never have survived had I not taken Electric Bitters. They also cured me of General Debility." Sure cure for all Stomach, Liver and Kidney complaints, Blood diseases, Headache, Dizziness and Weakness or bodily decline. Price 50c. Guaranteed by Penny's Drug Store, Stanford, Lyne Bros., Crab Orchard.

The State College of Kentucky, Lexington, Kentucky.

The Agricultural and Mechanical (State) College of Kentucky offers the following courses of study, viz: Agricultural, chemical, biological, mathematical, physical, normal school, classical, mechanical engineering, mining engineering, each of which extends over four years and leads to a master's degree. Each course of study is organized under a separate faculty. The general faculty number nearly 50 professors and instructors.

County appointees receive tuition, room rent in dormitories, fuel and light, and if they remain 10 months, traveling expenses. The laboratories and museums are large, well equipped, comprehensive and modern. Military tactics and science are fully provided for as required by Congress. Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the college to supply. No other institution in the State offers advantages for the education of women at such a low rate.

The State College of Kentucky is the only institution in the Commonwealth doing in any proper sense university work. The completion of the college home for young women provides facilities for good board and lodging. It is well equipped with all modern conveniences, including both rooms and a room for physical culture. It is heated by steam and lighted by electricity. An opportunity is thus afforded to them of a thorough education in classics, modern languages, literature, science, mathematics, logic, metaphysics, history and political economy. No other institution in the State offers advantages for the education of women at such a low rate.

A new Library Building will, through the generosity of Mr. Andrew Carnegie, be erected during the next collegiate year. The Normal Department will be on a better footing than ever heretofore. Last year's largely increased attendance, with the unprecedented growth of the Summer Normal School, both indicate that an era of prosperity is approaching that of all previous years has opened for the Normal Department of the State College.
