It Reached the Spot.

Mr. E. Humphrey, who owns a large general store at Omega, O., and is president of the Adams County Telephone Co., as well as of the Home Telephone Co., of Pike County, G., says of Dr. King's New Discovery: "It saved my life once. At least I think it did. It seemed to reach the spot—the very seat of my cough,—when everything else failed." Dr. King's New Discovery not only reaches the cough spot; it heals the sore spots and the weak spots in throat, lungs and chest. Sold under guarantee at Penny's Drug Store. 50c. and \$1. Trial bottle free.

Almost every one has heard of Missouri's \$10,000 steer. The valuation does not represent the real worth of the animal but the amount of money that was expended in its behalf. The steer in question, when a calf, was claimed by each of two neighbors who went into law to substantiate their respective claims. The case was in the different courts for seven years; the total cost of the litigation amounting to a little more than \$10,000. The steer is still living and is ten years old, being owned by Elijah Rice of Charlton county, that State. He has done credit to the notoriety he has enjoyed by growing to the remarkable height of 68 inches, equal to the height of a horse 17 hands high. Efforts are being to secure the animal for exhibition purposes at fairs and carnivals the coming summer.

The World's Best Climate

is not entirely free from disease, on the high elevation fevers prevail, while on the lower levels malaria is encountered to a greater or less extent, according to altitude. To overcome climate affections, lassitude, malaria, jaundice, biliousness, fever and ague, and general debility, the most effective remedy is Electric Bitters, the great alterative and blood purifier; the antidote for every form of bodily weakness, nervousness, and insomnia. Sold under guarantee at Penny's Drug Store. Price 50c.

The Hope diamond is a sapphire-blue brilliant weighing 44 1/2 carats. It was at one time owned by H. T. Hope. It is supposed to have been cut from the large blue diamond weighing 112 1/2 carats in the rough sold by Tavernier to Louis XIV.

A band of 25 masked men visited four farmers in Bracken county. John Sanders was made to scrape his tobacco bed and was whipped until the blood came. Another farmer's vehicles were burned.

Ed Callahan was probably fatally wounded by his brother-in-law, John Spicer, at Callahan's store on Long's Creek, Breathitt county, and Spicer was in turn shot and killed by Callahan's 17-year-old son, as a result of a quarrel between Callahan and Spicer. Spicer was a brother of Mrs. Callahan, who is now separated from her husband. Callahan brought suit for divorce several months ago and this and trouble in settling up their partnership business caused the difficulty.

Investigation of the fire at Laporte, Ind., which destroyed the home of Mrs. Belle Guinness and in which she and her children were supposed to have been burned to death, lead the police to believe that the place was a clearing-house for the victims of murderers. Five bodies were unearthed, one being Andrew Heldgren, of Aberdeen, S. D., who had courted Mrs. Guinness by mail and came to see her. His body was found cut to pieces. Mrs. Guinness' two husbands died under mysterious circumstances. The woman is believed to have escaped previous to the fire. Some of the bodies found are believed to have been shipped from Chicago, as five trunks were recently received by express from that city.

"Health Coffee" is really the closest coffee imitation ever yet produced. This clever coffee substitute was recently produced by Dr. Shoop, of Racine, Wis. Not a grain of real coffee is in either. Dr. Shoop's health coffee is made from pure toasted grains, with malt, nuts, etc. Really it would fool an expert, who might drink it for coffee. No 20 or 30 minutes tedious boiling. "Made in a minute" says the doctor. Sold by Penny's Drug Store.

Mrs. Blank—I can remember the day when you begged me to say the word that would make you happy for life.
