

Dave's All Right.

HUSTONVILLE, Feb. 8.—I noticed in your last issue that there were four tombstone men in your town looking for jobs from the defeated candidates. Please tell them they will never get me as long as these dear, good people, who now live here, remain. I will be here unless some stronger power than that mentioned in your last, calls me. These dear people have always stood to me like brothers and are still my friends and are ready to help me again should I call on them. I have been called by phone by both lady and gentlemen friends, republicans and democrats, expressing regret at my defeat. Why should I not want to live for ever with such people? I want to express my gratitude to all who helped me and will say that my political views are just the same as before. D. C. ALLEN.
