BROADHEAD.

Messrs. Dick and Jap Albright were in Mt. Vernon Tuesday.
Mrs. J. J. Smith, of Hiatt, is very sick. Mrs. Virgil Martin has been ill but is better.
Rev. C. C. Wilson closed a week's meeting at Maresburg Monday. Rev. Sipple filled the pulpit at the Methodist church Sunday and Sunday night.
Xenophon Emerick, the stone mason, has just gotten out a car load of rock from the quarry on G. E. Painter's farm. The rock is for Robert Collier, of Crab Orchard. Mr. C. will soon erect a large residence in Crab Orchard on the lot known as the Buchanan lot.
If every one in this neck of the woods raises tobacco who says he will, the markets will surely be glutted. Nearly every farmer says he is going to raise more or less of the weed, but the only one who has made any start toward doing so is P. E. Shivel, who has sown seed.

Granville Owens, president of the Hansford Telephone Co., informs us that his company will soon begin the construction of a line from this place to the upper Negro creek neighborhood. At present a line is being constructed from Level Green through the Southern part of the county.

Evangelist S. A. Barnes, of Danville, will preach at the Baptist church Saturday night and Sunday. It is likely that a protracted meeting will begin Sunday. The Baptists of this place are without a pastor and next Saturday being regular monthly meeting, probably some one will be selected to serve during this year.
R. Nelson Owens, of Salem, Ind., was visiting relatives here and in Mt. Vernon. Mr. Owens is a native of this county but moved to Indiana years ago and began working in stone, at which he has been very successful. He now manages a large monumental establishment. He is a brother to Geo. Owens, manager of the Mt. Vernon Monumental Works.

Rev. A. J. Pike has been retained as pastor of Freedom church for the ensuing year. The regular meeting day has been changed from the second to the first Sunday in each month. Owing to the extremely cold weather the fifth Sunday meeting, which was to have been held at Freedom Jan. 31, was postponed until the 5th Sunday in May.
Charley Pike, son of Rev. A. J. Pike, and a brakeman on the L. & N. between Corbin and Knoxville, sustained a very painful injury a few days ago. In stepping from a car his foot turned on a rolling rock, spraining his ankle badly. He is in a hospital at Corbin. His sister, Miss Eliza, is waiting on him. It is thought he can be brought home this week.

To The Voters Of Lincoln County.
A famous writer has said: "Our greatest glory consists not in never falling, but in rising every time we fall." I have sought the nomination for circuit clerk at your hands and have met defeat. I have made a clean fight from first to last, a fight entirely free from the influence of money or whisky. I have made the race strictly on my own merits and not on the demerits of any one else. I have neither said nor done anything that would injure either of my opponents in the final election. I am more than grateful to the democrats for the support given me in the primary and promise them that I am for my successful opponent in November.
Very truly yours,
LESLIE ANDERSON.

Soldier Balks Death Plot.

It seemed to J. A. Stone, a civil war veteran, of Kemp, Tex., that a plot existed between a desperate lung trouble and the grave to cause his death. "I contracted a stubborn cold," he writes, "that developed a cough that stuck to me, in spite of all remedies, for years. My weight ran down to 130 pounds. Then I began to use Dr. King's New Discovery, which restored my health completely. I now weigh 175 pounds." For severe colds, obstinate coughs, hemorrhages, asthma, and to prevent pneumonia it's unrivaled. 50c and \$1. Trial bottle free. Guaranteed by Penny's Drug Store.
The Sacramento Bee hits the nail on the head in a recent declaration that "the interference of the liquor interests in local government is largely to blame for the prohibition wave that is sweeping over the country, and which gains its strength not so much from abstainers as from intelligent drinking citizens, who see the danger of liquor control." If the whisky men would live up to the law instead of defying it and attempting to run the government, there would not be that growing dissatisfaction with the traffic.

Pains of women, head pains, or any pain stopped in 20 minutes sure, with Dr. Shoop's Pink Pain Tablets. See full formula on 25c. Box. Sold by Penny's Drug Store

Leaders of the mob said they had not been given a speedy trial of the Negro as promised.

MIDDLEBURG.

James Winkle, who lives on Doe Creek, has been arrested on a charge of detaining a woman. His trial will take place at Yosemite on the 20th. The warrant was sworn out by Mrs. James Wells, a sister-in-law. The friends of both parties regret the affair greatly, as both are good citizens.

One day last week Major and Bob Estes started a wild cat on High Ridge, 2 1/2 miles East of here, and after chasing it for some time it attempted to take refuge in a hole in the mountains when Major, who was close at hand, seized it by the hind legs and held it until the dogs came up and killed it.

The campaign for the republican nomination for circuit judge in this district is getting to be interesting here. It is fairly begun. There are already three candidates and the fight has reached the "card writing" stage. Printer's ink is being used without stint and the papers will likely do a land office business before the battle is over.

The question of issuing bonds to provide suitable buildings and equipment for the graded school was voted on here Saturday and lost. The advocates of the question did little or nothing to win their fight, but the opposition was well organized and left no stone unturned in their effort to get votes. They came almost in a body and nearly voted out before but few of those favoring the proposition arrived. At the close the vote stood 66 for and 54 against. There were a few innocent spots indulged in, but for the most part good feeling prevailed. As the question lost, the trustees will be compelled to rent the Middleburg Normal College building in which to teach the school for at least two years, when a vote can again be taken on the bond question. The board of trustees is composed of Dr. J. T. Wesley, Q. R. Jones, Jason Coffey, C. T. Luster and W. P. Wesley, and they are men of good business sense and have the welfare of the community at heart, so no one need fear that the best will not be done.

The Secret of Long Life.

A French scientist has discovered one secret of long life. His method deals with the blood. But long ago millions of Americans had proved Electric Bitters prolongs life and makes it worth living. It purifies, enriches and vitalizes the blood, rebuilds wasted nerve cells, imparts life and tone to the entire system. It's a godsend to weak, sick and debilitated people. "Kidney trouble had blighted my life for months," writes W. M. Sherman, of Cushing, Me., "but Electric Bitters cured me entirely." Only 50c. at Penny's Drug Store.
