

PROHIBITION got another black eye this week when the supreme court of the United States decided in the case of the Commonwealth of Kentucky vs. the Adams Express Company that the latter can not be fined for shipping liquors to this State from another, because it is interstate commerce and not subject to State interference. The case involved the shipment of liquor from Tennessee to Bonniwell, in Hart county, Ky., in which the Express Company was fined \$50 in each of several cases of a similar nature. A law which permits the will of a local majority to be set at naught in this manner ought to be repealed. Prohibitory laws can make but slow progress so long as it remains on the statute books.

ESTIMATES show that the deficit in the State treasury will reach \$1,500,000 by the end of the fiscal year, June 30. Considering that there were \$1,400,000 to the good when the republicans took charge, this is going some. It is but justice to say, however, that the last general assembly made many large appropriations without providing for their payment. It is also but justice to say that Gov. Willson has spent \$161,148.99 for soldiers to suppress the night riders, much of which was a useless expense.

THE unveiling of the statue of Gov. Goebel has again been postponed owing to the illness of Arthur Goebel, who is in the West fighting an unequal battle with the dread tuberculosis. The monument has not been veiled for some time. It stands near the entrance to Frankfort's city of the dead, and is the object of great interest to all visitors at the capital, who loved the martyred statesman in life and revere his memory in death.

WE are not a very ardent admirer of Congressman Langley, of the 10th Kentucky district, but he is right in some things. His bill to prohibit the National government from issuing liquor licenses in dry States or sections ought to be enacted into law. Maine has been "dry" for two generations, by State law, but the government in a measure nullifies its operations by issuing 358 liquor licenses in the State. It is a burning shame.

THE report that Gen. Johnston has resigned as adjutant general ought to be true if it isn't. It is humiliating to see this old Confederate soldier and former head of the democratic party in Kentucky playing second fiddle for an incompetent republican administration. The "general" ought to have retired long ago and begun doing penance the balance of his life for his sins to the party, which formerly so signally honored him.

THE governor of Alabama will call an extra session of the Legislature to strengthen the prohibition laws by the abolition of all so-called locker rooms and other subterfuges to evade the law. If all tried half as hard to enforce the prohibitory laws as certain people do to break them, there would be no more mouthings of the thread bare assertion that "prohibition does not prohibit."

THE Richmond Dispatch says that there are certain United States Senators, who whether they are aware of it or not, are headed for private life, or we may add for the republican party. The reference is evidently to Senator Daniel, who has declared his support of the principles of protection. Since Daniel's quarrel with Bryan we have never had our former admiration for him.

FRANKLIN county is to remodel its court-house. The best way to remodel that shack is to burn it down and build a new one. It is the worst ever, not even excepting the thing Mercer county calls a court-house. Let the fiscal courts of each county come to Lincoln in a few months and let us show them a court-house that is a court-house.

THE Frankfort News is as badly mistaken when it says that Mr. W. P. Walton, of Lexington, is writing the editorials of this paper as it is when it thinks it is giving the people of Frankfort and Franklin county a newspaper. We have engaged at an enormous expense a fellow named "Friday" to write our heavyweights.

SENATOR CULBERSON, of Texas, delivered a great speech in defense of the democratic policy of a tariff for revenue, while his colleague, Senator Bailey, was voting a tariff on iron ore. The junior Texas Senator seems to be prone to go wrong since his mix up with Standard Oil.

THE president very sensibly told the "more daylight a day" enthusiasts that he would not monkey with the time and that they would have to go to Congress with their proposition. As that body is given to humbuggery it may help them to humbug in the matter of time.

THE Pennsylvania is the largest railroad system in the country, having a mileage of 10,975.75. This is the road on which no passenger was killed last year, and only 102 injured.

CHICAGO's income from saloons is \$7,000,000 a year. The saloon license is \$1,000 a year.

POLITICAL.

Crawford, Owen and Madison counties, Ind., went "dry" in hot election contests Wednesday.

Reports come from Casey that Henry Taylor wants the republican nomination for State Senator from this district.

A bank guaranty bill, differing but little from the Oklahoma law, was passed by the Florida House of Representatives.

Senator Beveridge has introduced an amendment to the tariff bill to prohibit tobacco manufacturers or dealers from using the coupon system to stimulate sales.

Saturday of this week, it is believed, will see the finish of the investigation of the Muskogee town lot frauds, now going on before a Federal grand jury at Tulsa.

The post of minister to China was tendered to John Hays Hammond by President Taft during a conference at the White House and was definitely declined by Mr. Hammond.

Free lumber was handed a knockout in the Senate, Mr. McCumber's amendment to the tariff bill placing lumber as a commodity on the free list being defeated by a vote of 23 to 56.

R. D. Hunter was nominated for Representative by the democrats of Clark. Dr. H. C. Nunnally, who married Miss Florence Tanner, of McKinney, was nominated for coroner.

The tone of the Democratic press of the State sounds like a big Democratic majority in the coming General Assembly. The spirit of harmony prevails, and the State will swing back to her old-time moorings this fall.—Frankfort Journal.

Adj. Gen. P. P. Johnston has withdrawn his resignation as head of the State militia at the request of Gov. Willson. After a short vacation on his Florida plantation he will return to Frankfort and again take up the duties of office.

Congressman William Lorimer, of the Sixth Congressional district of Illinois, was elected United States Senator at Springfield by the joint session of the General Assembly and the long contest over the Senatorship was closed. The election came about through a coalition of democratic assemblymen and anti-Hopkins republicans.

Sugar had its inning in the Senate, formal consideration of that schedule had begun after the lumber schedule had been laid aside temporarily. Senators Foster and McEnery, of Louisiana, both democrats, bore out the theory that the tariff is a local issue by advocating, in extended speeches, a high duty on sugar of all grades. Senator Shively, of Indiana, in his maiden speech, made a general attack on the pending tariff bill.

MATRIMONIAL.

Thomas Plummer, a widower of 29, and Miss Ada Hunt, 18, were married at James Hunt's Wednesday.

Jasper Gray, aged 71 years, and Mrs. Jane Carter, a few years his junior, were married by Judge W. H. Phillips at Nicholasville.

Col. Bennett H. Young, of Louisville, is strongly boosted for the Democratic nomination for Governor in an editorial in the Jessamine News.

News comes from Hustonville that a mighty handsome West End girl will be married to-day to a prominent young Louisvilleian.

Dependent over a postponement of her wedding day, Miss Maggie Bowles, aged 18 years, committed suicide at Madisonville by shooting herself through the heart.

THE INTERIOR JOURNAL has the honor this issue of announcing the engagement of Miss Lillie Tevis Carpenter, the charming daughter of Dr. and Mrs. J. G. Carpenter, of this place, and Rev. Homer Wilson Carpenter, of Cleveland, O. The wedding will occur at the Christian church in Stanford at 8:30 on the evening of June 30th. Miss Carpenter is one of Lincoln county's prettiest and most popular young women and her prospective husband is a prominent minister of the Christian church. Miss Tevis is prominent in social and church circles and she will be missed by a large number of friends, who will give her up with sincere regret.

DON VARRICK.

This magnificent bred young stallion will make the season of 1909 at my stable at Stanford, Ky., (better known as the Dr. Bailey place) at \$10 to insure a living colt. Don Varrick is 16 1/2, a beautiful chestnut, short back, heavy bone; in fact the highest type of the trotter. He is by the great Onward Silver 2:05 1/2, that won the \$5,000 Transylvania in a record time of 1:54 and the same year won the \$10,000 Bonner Memorial and the M. & M in broken heats and sold for \$1,000 and later sold for \$5,000. Don Varrick bred exactly like his sire, a horse that won the \$5,000 Transylvania in 1888, making a record of 1:57 and was classed as one of the great four, being one of the greatest winners on the grand circuit last year. Onward Silver is by Onward, one of the greatest and best sires of George Wilkes. Onward's dam was the dam of Director, the sire of that great family of trotters and pacers. Don Varrick's 1st dam was by Wilkes 189, by George Wilkes, a full sister to the Wag 2:15 1/2, and half sister to Madeline Patchen, the dam of Rubber, 2:10. Winchester, 2:19 1/2, Billy Wilton 2:20, and Miss R 2:20; 2nd dam Mary, by Ross's Grey Eagle, the dam of the Wag 2:15 1/2, Madeline Patchen, the dam of Rubber 2:10, Winchester 2:19 1/2, Billy Wilton 2:20, and Miss R 2:20.

Don Varrick's dam produced Dr. Conner that paced a public half mile on the Lexington track at 16 months in 1:56 1/2 and sold to N. W. Hatcher, of New Haven, Conn., for \$1,000. She also produced Maggie Igo that trotted a half mile on the same track at 16 months in 1:11 and sold for \$300. Please note the fact in the pedigree of speed on both sides—not a missing link for generations. Bred to this fellow and you can't miss the three times every breeder looks for—size, speed and looks. See him before buying your mare, season money due when mares are parted with or bred to another horse. Mares kept at 10 cents per day and all care taken but will not be responsible for accidents or escapes. DR. G. G. HERRY, Stanford, Ky.
