## PRETTY CHURCH WEDDING IN WEST END LAST WEEK

### Miss Yowell Becomes the Bride of Prominent Floridian—News From Hustonville.

Hustonville, Oct. 26. One of the prettiest weddings of the season was solemnized at the Christian church at 10 o'clock Wednesday last week when Miss Anna Yowell became the wife of R. R. Herron, of Lakeland, Florida. The bride is the attractive and accomplished daughter of Mr. and Mrs. F. M. Yowell, and one of our sweetest and most popular girls. The groom is one of the most prominent men of his city and for a number of years has conducted a jewelry establishment. The bride wore a beautiful traveling suit of tan and her natural beauty never showed to better advantage. The ceremony was said by Rev. W. S. Willis, pastor of the Christian church, assisted by Prof. Rogers, of Danville, who interpreted the holy words into the deaf mute language. Immediately after the ceremony, the happy couple left for the South, stopping at Chattanooga, Atlanta, Jacksonville and St. Augustine. Their many friends wish them all the happiness in the world.

Every democrat should remember to go to the polls on election day and vote right under the rooster for V. C. Creary and the rest of the ticket. I know the democrats will win if the men will just come out on election day. Let's show the republicans they are not the whole thing in Kentucky.

## TO THE VOTERS OF LINCOLN COUNTY

On the 21st day of October, 1911, I was nominated by the Republican party of Lincoln county as a candidate for Representative. Owing to the short time I have in which to make a canvass, it will be impossible for me to see personally all of the voters of the county. For the purpose of giving to them the opportunity of knowing my position on various questions now confronting the people, I take this method to make known my views, and to give them some information which may aid them in deciding as to my fitness and that of my opponent for the position to which we both aspire.

I was born in the mountains of Knox county, Kentucky, 48 years ago where I lived for 21 years; since which time I have resided in Lincoln county. By reason of adverse circumstances and conditions over which I had no control, I had no chance when a boy to secure an education, and when I should have been in school, I was daily engaged at hard manual labor trying to help those dependent upon me for support and maintenance. I, therefore, had no opportunity to attend the schools or to secure any part of an education until after reaching manhood, at which time, and, when more than 30 years of age, by my own many sacrifices, I was able to attend school for several years, and by arduous study secured the requirements of an education, and prepared myself for the ministry, and in the Master's cause I have labored faithfully for the past 15 years during which time I have by the blessing of God, influenced about 1,000 persons to follow "in the faith of the meek and lowly Nazarene."

If I should be elected representative by my fellow citizens, I will strive earnestly to represent all the people, irrespective of party affiliation, and will stand for and vote for the following propositions, or any bills in the interest of the same, to wit:

1. A Uniform County Unit Bill.
2. A fair and honest redistricting bill, giving to every citizen equal representation.
3. Better schools, better teachers and better books to be paid for by the county and state, if the present can not furnish the same.
4. Better roads \$1 per day for an honest day's work on the county roads. Also reasonable compensation to boys between 18 and 21 years of age who at present are required to work on the roads without compensation.
5. A uniform rate of two cents per mile for passengers on all railroads in Kentucky. (The present rate in Kentucky is three cents, but practically all of our neighboring states have the two cent rate; why can't we have it?)
6. The stricter regulation of telephone companies and their rates.

Shanks' Record. Now, as to the record of my opponent, Mr. W. H. Shanks, who has been in the legislature for four years. What has he done during this time in behalf of the people of this county?

Mr. Shanks introduced a bill giving to the railroads in Kentucky the right to establish and engage in the ferry business. What interest have the people of Lincoln county in ferries? Why should Mr. Shanks introduce a bill in which the people, whom he is paid to represent, have no direct interest? Why should Mr. Shanks be so interested in the great and powerful railway corporations of this state as to introduce bills in their interest? Has he any debt of gratitude to pay. Has he any of his lieutenants, with his knowledge or consent, used his name or his position in securing positions over any of these railroads? Let the people know, Mr. Shanks, why you introduced this bill. Tell them the name of the man or men who asked you to father this measure.

Mr. Shanks also introduced another bill preventing persons other than lawyers from looking up deeds, records, etc. for hire or compensation. If a man prefers to hire a surveyor or some other competent person to make an abstract of his title, why should you want to prevent him from doing so? Why say to him "You can't do it; you hire me or some other lawyer to do this work?"

Mr. Shanks also introduced another bill regulating jury service and which has a tendency to keep men over 60 years of age from serving on juries. Does Mr. Shanks think that a man of 60 years is not as good a juror as the boy of 21. If he does, I can't agree with him.

Mr. Shanks claims to be a Law and Order man and against saloons. If he is, then let him explain to the people why he is going to vote for Billy Klair, for Railroad Commissioner, who is now and has been for many years, engaged in the saloon business in the city of Lexington and who has, upon many occasions, as the records will show, violated the liquor laws of this state. The railroads want Mr. Klair elected. Is Mr. Shanks for him because the railroads want him, or is Mr. Shanks going to vote for him because he is a saloonkeeper, or simply because he is a Catholic and under the rooster?

The county is supposed to be the unit in all matters connected with the holding of a local option election. I believe that when 25 per cent of the voters ask for an election upon this question, that they are entitled to it. I do not think that one precinct should be allowed to control the entire county. If the county is going to be the unit, let it be the unit in all matters connected with a local option election, both in the petitioning for and the holding of the election.

I have made a careful examination of Mr. Shanks' record and I do not find a single bill bearing his name in favor of the great common people. Is it possible that by reason of his great wealth, being the owner of 1,000 acres of land in the heart of the blue grass, and worth about \$100,000, most of which was given to him, that he is not in sympathy with and is not in touch with the plain, common man? Surely in four years he had an opportunity to introduce at least one bill in favor of the folks at home, even though many of them are poor in this world's goods.

Perhaps Mr. Shanks has been too busy running for Speaker and looking after one or two personal friends to pay any attention to the "old folks at home." What has Mr. Shanks done to merit your support? What promises has he carried out? Has he enacted or helped to enact any laws of benefit to you?

The poor, humble tobacco raiser has been almost ruined by a soulless corporation, the American Tobacco Company. The price has dropped from about 20 cents to almost 5 cents. Surely, Mr. Shanks ought to have tried to do something to protect the tobacco raiser from this monster corporation; but has he done it? No! No! No!

Mr. Shanks has drawn from the State Treasury over \$1,000, placed there by his fellow citizens, to be paid out for "value received." Mr. Shanks, in explanation, I ask you: Can you back the tobacco raiser in the eye, or any honest man of full face, and tell him that he got "Value Received" for the taxes levied to pay your salary and expenses at Frankfort? If I am wrong about this matter, let Mr. Shanks tell you what he has done. Let him give an account of his stewardship. Let him tell why he is entitled to your vote.

If I am elected Representative on November 7th, I promise you faithful and honest public service, and shall faithfully strive to represent all the people, whether they come from the gilded mansion of the rich or the humble cabin of the poor.

Very Truly Yours,  
ED HUBBARD.

## All the Facts in Epitaph.

Even the solemn and sacred cemetery of the Moravians at Bethlehem supplies an interesting addition to the curious epitaph collection in the following which is cut on a stone over the grave of an Indian. "In memory of my dearest son James Melonius Ross, eldest son of John Ross, principal chief of the Cherokee nation, died in St. Louis, November 9, 1864. His corpse was transported by Adams Express to Bethlehem and interred at this sacred spot November 22, 1864, age fifty years, twenty-nine days."

## BIG LOSS IN CORN

### Seems to Have Been Caused by Rot—Bushel to Shock is Spoiled.

Much complaint is being heard from farmers all over Lincoln and in other sections of the prevalence of rot in corn. Some say that the bad ears are showing up to the amount of a bushel to the shock. It had generally been expected that one of the best corn crops known in many years would be the harvest in Central Kentucky this year, but the rot caused by too much rain on the shock will cut down the estimate considerably.
