

NATURE'S LAWS.

Nature's laws are perfect if only we obey them, but disease follows disobedience. Go straight to Nature for the cure, to the forest; there are mysteries there, some of which we can learn for you. Take the bark of the Wild-cherry tree with mandrake root, Oregon grape root, stone root, queen's root, bloodroot and golden seal root, make a scientific, glyceric extract of them, with just the right proportions, and you have

DOCTOR PIERCE'S GOLDEN MEDICAL DISCOVERY.

It took Dr. Pierce, with the assistance of two learned chemists and pharmacists, many months of hard work experimenting to perfect this vegetable alterative and tonic extract of the greatest efficiency.

C. W. PAWLEY, M.D.

Mr. C. W. PAWLEY, of Millville, Calif., writes: "I wish to tell you that I have used your 'Golden Medical Discovery' in my family for twenty years. We have had a doctor called in but once during that time. I have a family of ten children, all well and hearty, for which, to a great extent, we owe thanks to you and your 'Golden Medical Discovery' and 'Pellets' which we use when sick."

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. *Small, round, tiny granules.*

SIMS—TODD

Miss Cora Sims, age 21, and Mr. Armstrong Todd, age 22, were united in the holy bonds of matrimony, at the home of the bride's uncle, T. N. Sims, near McKinney, February 23, by Rev. K. G. Martin. The bride is a popular young lady of near Waynesburg, while the groom is a fireman, on the Q. & C. railroad and the son of Rev. R. E. Todd, of Eubanks. This young couple will make their future home in Danville. Their many friends wish them joy and happiness. Written by their cousin DAISY SIMS.

DID SOME GOOD WORK

Senator Hubble, Representative Douglas and McClure added long feathers to their caps when they succeeded in having passed the bill increasing the pay of the lady teachers at the Kentucky School for the Deaf, in this city. The people who know, the circumstances are loud in their praises of these men. At present, as we understand, the lady teachers receive the ridiculous sum of \$600 a year for work worth twice that amount. Under the new law they are to receive \$900, which is more in keeping with what the work is worth. The men who had the vote passed are entitled to a vote of thanks by everyone who believes in fair play.—Danville Messenger.

Germs Spread in Skin

Eczema, Psoriasis and other skin troubles are caused by myriads of germs at work in the skin. Unless these germs are promptly destroyed they rapidly multiply, gnawing their way deep into the sensitive tissue. This is what causes that awful itch, and what seemed a mere rash may grow worse and develop into a loathsome and torturing skin disease with its years of misery.

We have had experience with many remedies for skin trouble but have never seen such remarkable cures as those from D. D. D. Prescription. Instant relief from the very first application. We are so confident that D. D. D. will reach your case that it will cost you nothing if the very best full size bottle fails to make good every claim. If you have skin trouble of any kind, we certainly advise you to drop in and investigate the merits of D. D. D. anyway. We know that D. D. D. will help you.
