The readers of this paper will be pleased to learn that there is at least one cured disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally acting directly upon the blood and purifying the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for full particulars.

Stimulate Children?

Ask your doctor how often he prescribes an alcoholic stimulant for children. He will probably say, "Very, very rarely." Ask him how often he prescribes a tonic for them. He will probably answer, "Very, very frequently." Then ask him about Ayer's Sarsaparilla as a strong and safe tonic for the young. Not a drop of alcohol in it.

Always keep a box of Ayer's Pills in the house. Just one pill at bedtime, now and then, will ward off many an attack of biliousness, indigestion, sick-headache. How many years has your doctor known these pills? Ask him all about them. Made by the J. C. AYER CO., Lowell, Mass.

Less Than One Cent a Mile.

One-third of the cost of railroad transportation! That's the record of the Ford Model T—of a whole neighborhood of Fords, in fact.

Read this: "In that short time (June to September) I drove the car 1,850 miles with less than one-cent per mile running expenses, including lights, and no repairs at all. I think that record is good, but I know of several cars just like mine that made just as good records. So I think the Ford 5-passenger, 20 horsepower car is certainly the car for the farmer."

Signed E. W. Seiler, Dundas, Ill.

Country roads are not city pavements, either. Get the point? Ford Model T is the universally popular motor car the world over, because of its universal service and everlasting economy. Every third car made in America in 1912 will be a Ford Model T. Good buying logic for you, eh?

BASE BALL BOYS

Play First Game at London Saturday—Harry Camnitz Coaching

Harry Camnitz, of Hustonville, who bid fair to rival the record of his famous brother, Howard, in the big leagues, until his arm gave out on him, has been secured to coach the Stanford High School base ball team and is putting the players through some fast work during this pretty weather. He has had the youngsters out every day this week, giving them hard practice, and believes that they will be in pretty fair shape for the first game of the season which will be played at London against the Sue Bennett Memorial School team there next Saturday. The only member missing from last year's champion squad is Wallace Singleton, at second, and his place will be readily filled for there are a number of promising recruits.

LIFE NOT WORTH LIVING

In the way Miss Alta Abel of West Baden, Ind., summed up her existence after having sought in vain for health. She writes: "I was a complete wreck—always tired, worn out and nervous. I had to spend about one-third of my time in bed."

"Vinol, your delicious cod liver and iron tonic, was recommended, and I can truly say it has done me more good than all the medicine I ever took in my life. That nervous and tired feeling is all gone. I have gained in health, flesh and strength, until I feel like another person." (We guarantee this testimonial to be genuine.)

What Vinol did for Miss Abel, we know it will do for every nervous, run-down, overworked, tired, thin and discouraged woman in this vicinity. Try a bottle of Vinol with the understanding that your money will be returned if it does not help you.

TO DEMOCRATS OF LINCOLN

At the solicitation of many of my friends all over the country, I hereby announce myself a candidate for the Democratic nomination for Assessor subject to the primary. My record as a democrat and a party worker is well known, and the fact that the party placed its confidence in me before, and that confidence has not been betrayed in the slightest degree, entitles me to ask its further consideration, with the assurance that I shall do my level best to merit it, if so honored. As a practical farmer myself, I believe that I am competent to judge well of the value of the farmers' lands, and see that square deal is given to all. I will appreciate the support of all democrats. Very truly
S. M. OWENS.
