

HORSE MULE and COW Feed

We have just received a full carload of Oat-Equal and Alcorn feed. This is a well balanced feed, mixed in equal parts of Ground Alfalfa, Rolled Oats, Cracked Corn and Barley with 10 per cent Sugar House Molasses. The Oat-Equal we especially recommend for stallions, jacks and driving horses. Price \$2.20 per cwt. The Alcorn being heavier in corn is best for draft horses. Price \$1.90 per hundred. Try a sack. You will like it.

Writing in the Farmer's Home Journal "Observer" says: Dignity Dare recently purchased by J. F. Barbee of Millersburg, has an enviable reputation as a sire of high class horses. In addition to being a fine horse and a sire of fine horses, he also imparts a little step to his produce more than is usually possessed by the descendants of Chester Dare. In making the purchase of Mr. Barbee was influenced by the good showing that had been made by crossing Chester Dare mares on horse, of the in-bred Chief strain so the horses secured to reverse the cross as a majority of the Barbee mares are in-bred to the grand old son of Clark Chief.

The board of directors of Springfield, Washington county, voted \$500 in premiums for mules and jacks. Announcement was made today by local millers of the expected rise in flour to 20 cents on the hundred. This has been looked for some time, on account of the scarcity of winter wheat and the very poor outlook for any kind of a crop this year. This is general over the country, and has prevailed in other states for some, but is just reaching local firms. Even at this price flour is the cheapest of the necessities of life. It is said the Kentucky crop will be half its usual run.—Winchester Democrat.

All Kinds of Meats Go Up.
The price of beef and pork has materially advanced within the last three or four weeks on the Kentucky market, according to statements made by local dealers. They say, however, that but slight advancement has been made in the price of beef and pork by retail. The advance in the price of beef ranges from \$2.50 to \$3 per hundred, while pork has advanced about the same amount. The dealers attribute the advance of beef to the scarcity of beef cattle. Steaks are retailing at 20 cents per pound, round steaks at 15 cents and chunks at 12 cents per pound. The price of lard and bacon has advanced correspondingly with the advance of pork. Spring chickens are selling at 60 cents each. Meats are probably never so high in the spring as at this time.

Watch for the great K. of P. minstrels at the opera house next Friday night. Don't miss them.

Two Profits From the Same Land at the Same Time

THE more fertile your land, the greater its value and the larger the crop. Farm land is made fertile by evenly spreading the proper quantity of stable manure. Therefore, the farmer who uses an I H C manure spreader collects a double profit. He markets heavier crops and his land is made more valuable. To find out how this is done, see your local dealer and have him show you an

I H C Manure Spreader Kemp 20th Century Corn King or Cloverleaf

The local dealer will show you why an I H C spreader does the best work—why it makes the most of the manure it spreads. The service he can render you is worth dollars to you and it costs you nothing. Buy an I H C manure spreader from your local dealer and collect a double profit from your farm.

Dr. John Jasper, of Pulaski county, and Miss Mary Bryant were quietly married here on the evening of the 18th inst. This wedding was not a surprise to anyone here, as the doctor had been making frequent visits here of late, and seemingly bent on securing for housekeeper one of Casey's best girls. His bride is the daughter of Mrs. Annie Bryant here, and sister of W. C. Bryant, a leading merchant of this place. She is a member of the Baptist church and was prominent in the work of that church. Dr. Jasper is said to be well up in his profession and to enjoy a lucrative practice.

Rev. C. T. Claunch, pastor of the Baptist church, officiated in this wedding, and on the same afternoon said the words that made W. G. Gaddis and Miss Nora Jones one. Uriah Vandever, who is quite a successful fisherman is having a good streak of luck this spring. In the last few days he has caught three channel cats whose weight aggregated 16 pounds. Uncle Uriah delights in fishing, and rarely ever has "fisherman's luck."

The Fiscal Court will meet at Liberty Thursday May 2 to reconsider the school levy. Superintendent J. C. Lay thinks 15 cents on each one hundred dollars is insufficient to pay the running expenses of the schools this year. And Judge Wells has called the court together to consider the matter. The indications are that there will be some "buy steer" performances, but it will be like kicking against the pricks.

The Casey County News suggests Judge Walker of Lancaster, as a suitable horse to trot out against Hon. Harvey Helm for congress. Judge Walker would likely trot along as fast as any republican in the district but the fastest would be too slow to beat Harvey Helm, hence the foolishness of trotting out Judge Walker or Judge anybody else. The News thinks Casey would give the Judge 500 majority. In this it might be off its "pegs". Not many years since Casey gave a substantial democratic majority, and history sometimes repeats itself. Who knows but it might do so November 1912?
