

CASEY COUNTY LEADERS ALL STRONG FOR HELM

Prominent Democrats Over That County Enthusiastic For Their Neighbor Candidate.

No one can go to Liberty, the capital of the State of Casey, and not be impressed with the progress that the little city manifests, although it is about a score of miles from a railroad station. The fact that there are almost a dozen automobiles owned there goes to show without further argument that the people are hustling, progressive and are going to have the best that is going.

Although there is no town corporation at Liberty and therefore no town tax, the city is kept in a condition of cleanliness for the most part, and it is said to be a pleasant place out.

One great advantage which the citizens there enjoy, which is not vouchsafed to the people of the more pretentious village of Stanford is a twenty-four hour electric current. Through the enterprise of Messrs. Cundiff and Herrin, of the Liberty Milling Co., patrons are supplied with the "juice" morning noon and night. Every home is electric lighted in the evening, and in the day time, electric fans keep the people cool, electric irons and washing machines, heaters, toasters, etc., make easy the work of the housewives. The current is obtained by the operation of a small dynamo at the mill, which supplies the day current, and at the same time charges a large storage battery for the lighting of the houses at night.

In this connection, it may be of interest to note that the Stanford Water Light & Ice Company is now investigating the cost of operating a 24-hour current here, and General Manager Penny hopes to soon have it in effect. In addition to the small uses to which the current is put in Liberty, there is an immense amount of power service to which electric current would be put if it could be obtained in Stanford.

Casey county has been strongly republican for the past score of years but on one occasion, the democrats caught their opponents unawares and slipped in a few officials. On that occasion M. L. Sharpe was elected County Judge on the democratic ticket. Judge Sharpe is one of the most popular men in the county and it's no wonder that he won anything he started after. He is an enthusiastic Helm man in the present race for Congress, and with Lige Moore, Charley Montgomery, Wat Brown and other leaders in town, are seeing to it that the congressman's fences are being kept in fine shape for the primary.

Out at Powers Store resides a democratic wheelhorse, who has been fighting the party's battles for so, these many years. He first voted for McCreary for governor in '75, and has been hitting her straight ever since. He is Frank Wolford Powers, and he was present there last Monday and had a front seat when the Helm-Sullivan joint debate was held. Mr. Powers is an out and out Helm man and will be found on the firing line for the Lincoln county candidate when primary day comes.

Jacob Johnson, precinct committeeman of the democratic party at Ellisburg, is another democratic leader, who is an enthusiastic supporter, and put in some strong licks for the congressman on court day. He says that it is mighty hard to find a man in his part of the county who will vote against Helm.

As the I. J. has often stated, as a general thing a great many republicans always vote for Harvey Helm, for they appreciate the good work he is doing. It looks like the state of affairs is going to continue in Casey. James Lane, a well known republican leader of the Ellisburg section of Casey, says that he is going to cast his first democratic vote this fall, and takes great pride in the fact that it is going to be for Harvey Helm. Mr. Lane is out working for Helm, and says he knows a number of other members of the same party who are going to be found voting as he does on this proposition.

Down in the Phil country, the sentiment is practically all for Harvey Helm, according to reports made by W. M. Marples, a leading democrat of that section, who talked with the I. J. representative Monday. James R. Lane, Jr., precinct

committeeman at South Fork, says that it is all Helm over in his country, and Wallace Ellis, Coleman Snow, Joe Wheeler, and Hardin Ellis, are putting in some hard licks for Helm in the Ellisburg community. At Clementsville, which is in the strongest democratic precinct in Casey county, Dave Clements and Alfred Wetherington are strong Helm men and working for him. G. W. Porter is doing some yeoman work for Helm at Little South. As the I. J. reported in Tuesday's issue, Casey county is almost solid for Congressman Helm, and there's no telling just how large his majority is going to be on August 3rd.

The hack and mail route, between Moreland and Liberty, which for 20 years has been operated by G. W. King, changed hands Monday, and will in the future be run by T. J. Bell, a brother of S. J. Bell, of this county, and his partner, Lawrence Brown. They got the contract at \$750 a year, although Mr. King only received \$590 for it. The automobile business has cut down the passenger traffic considerably however. Andrew Dillon, who is well known and very popular in Lincoln, meets all the trains at Moreland with his crack little Ford touring car, and carries a bunch over every day.

Judge Carter, who is presiding in circuit court at Liberty this week, took "a crack" at the automobilists in his charge to the grand jury Monday, instructing them to see that the speed regulations are strictly observed. As the Casey roads are not the best in the world, it is pretty hard to see how anyone could exceed the speed limit on them.

W. E. Glover, and Lew Botts, of Stanford, are in Liberty this week, running the latter's moving picture show, and drawing big crowds. The former has sold a number of Ford cars in Liberty and is very popular there.

One of the stoniest and leading democrats of Casey county and at the same time of the strongest supporters of Congressman Helm, is Squire Thomas S. Benson, of Middleburg. Squire Benson is regarded by all who know him as one of the ablest and most conscientious officials in this part of Kentucky and he is said to be one of the very best magistrates any county ever had. The I. J. is very proud of the fact that Squire Benson has been its correspondent at Middleburg, as he says, for about 30 years. His letters are always interesting and eagerly read by everyone. Here's hoping he may write for the I. J. 30 years longer, and then some.

BOYLE DEMOCRATS In Junction City Section Are Strong For Harvey Helm.

Junction City, July 4.

We have talked to several rather well posted politicians in this city and every one of them is so confident of Hon. Harvey Helm getting the majority of the votes to be cast at this precinct in August that they are willing to bet money on it. One of them went so far as to say that Sullivan wasn't in it. Great Fair At Brodhead This Year.
The Fair Grounds at Brodhead are being greatly improved in view of the coming event, so great seems to be the interest this year in this fair and in view of the attractions which are something far beyond the average, the management is preparing to care for much larger crowds than ever before.

The seating capacity of the beautiful grove is one attraction in itself, it being greatly enlarged. Two entrances to the grounds will be a feature of advantage this season, and many other improvements. There is no doubt but what this will be a great fair for Rockcastle county.

The heavyweight championship fight at Las Vegas, New Mexico Thursday was stopped by police in the ninth round. The decision was awarded to Jack Johnson, the unbeaten negro. The decision in the fight for the lightweight championship at Los Angeles was given to Wolgast, but it looked as if Rivers, the Mexican boy, was robbed.
