McKinney

Don't forget the school agriculture that will be held in McKinney Dec. 3, 4, 5 and 6. The hours for the school will be 9:30 to 12 in the morning and 1:30 to 3:30 in the afternoon. There will also be a lecture at night.

Besides the professors from State University and Mr. Arnold, of Washington City, we will also have our own State Commissioner of Roads who will lecture on road building.

This will be the only school in Kentucky that Mr. Arnold will be able to attend and for this reason the people from State University are anxious that a good representative body of farmers will be in attendance.

Come the first day with a load of questions. We have the best talent in the state and let us make good use of it. This is the only town in this section of the state where the school will be held.

If you want to laugh be sure and come to the school house at McKinney next Saturday evening at 7 o'clock, Nov. 30 and see "The Turning of the Tide," a good clean up-to-date temperance play. It is full of fun from start to finish. If anyone is not satisfied he will get his money back. There are ten people in the troupe that give the play. They are not home talent but are real actors.

Every one that has seen this play very highly commend it to us. The proceeds above the expenses of the show will go to the benefit of our new library.

As one result in Mercer county of the prolonged dry spell Salt River is rapidly drying up, according to a statement made by Engineer Farney of the pumping station of the Harrodsburg waterworks plant. He says that no rain sufficient to affect the river had fallen since May; that he has been compelled to reduce the city's water supply from 220,000 gallons a day to 150,000 and Harrodsburg faces a water famine.

"Clean Up the Bowels and Keep Them Clean"

There are many remedies to be had for constipation, but the difficulty is to procure one that acts without violence. A remedy that does not perform by force what should be accomplished by persuasion is Dr. Miles' Laxative Tablets. After using them, Mr. N. A. Waddell, 315 Washington St., Waco, Tex., says:

"Almost all my life I have been troubled with constipation, and have tried many remedies, all of which seemed to cause pain without giving much relief. I finally tried Dr. Miles' Laxative Tablets and found them excellent. Their action is pleasant and mild, and their chocolate taste makes them easy to take. I am more than glad to recommend them.

"Clean up the bowels and keep them clean," is the advice of all physicians, because they realize the danger resulting from habitual constipation. Do not delay too long, but begin proper curative measures.

Dr. Miles' Laxative Tablets are a new remedy for this old complaint, and a great improvement over the cathartics you have been using in the past. They taste like candy and work like a charm. A trial will convince you.

Dr. Miles' Laxative Tablets are sold by all druggists, at 25 cents a box containing 25 doses. If not found satisfactory after trial, return the box to your druggist and he will return your money.

MILES MEDICAL CO., Elkhart, Ind.

A Remedy No Family Should Do Without

No matter how healthy a human being may be it is safe to say that some obstruction of the bowels, in other words, constipation, even if only temporary, may start after the evening meal. If a laxative is not taken that night it is certain that sleep will not be sound, and you will awaken unrefreshed.

Hence, it is important for you and for all the members of your family that a good, reliable laxative be always kept in the house for just such emergency. It is sure to be needed, and when needed you want it at hand. No family that is careful of its health can do without such a remedy. But the question of which remedy to have on hand is also of vast importance.

The laxative most highly recommended by the majority of intelligent Americans as being best for babies and grownups is Dr. Caldwell's Syrup Pepsin.

It is a liquid laxative- tonic, mild and never gripes, is effective on robust people and can be given with safety to an infant. Children like it because of these gentle qualities and because it is pleasant to the taste.

It is the best all-around remedy you can have in the house for any disorder of the stomach, liver and bowels, and many people like R. H. Moran, Warrance, Tenn., and Mrs. H. C. Davidson, Warrance, Tenn., say they would as soon be without the necessities as without Dr. Caldwell's Syrup Pepsin.

Anyone wishing to make a trial of this remedy before buying it in the regular way at a druggist at fifty cents or one dollar a large bottle (family size), can have a sample bottle sent to the home free of charge by simply addressing Dr. W. R. Caldwell, 405 Washington St., Monticello, Ill. Your name and address on a postal card will do.

Why Salves Can't Cure Eczema

Since the old-fashioned theory of curing eczema through the blood has been given up by scientists, many different salves have been tried for skin disease. But it has been found that these salves only clog the pores and cannot penetrate to the inner skin below the epidermis where the eczema germs are lodged.

This—the quality of penetrating—probably explains the tremendous success of the well known liquid eczema remedy, oil of wintergreen, thymol, glycerine, etc., as compounded in D.D.D. Prescription.

We have sold other remedies for skin troubles but none that we can recommend as highly as this for we know that D.D.D. stops the itch at once. We just want you to give D.D.D. a trial. That will be enough to prove it.

Of course all other druggists have D.D.D. Prescription—go to them if you can't come to us—but don't accept some big profit substitute.

But if you come to our store, we are so certain of what D.D.D. will do for you that we offer you a full size bottle of this guarantee—if you do not find that it takes away the itch AT ONCE, it costs you not a cent.
