ALLEN S. EDELEN, Owner,
 Glenworth Farms, Burgin, Kentucky

The Warfield, 36621, Tr. 2:24
 Dark bay stallion, 16 hands, foaled
 Aug. 15, 1901, bred at Village farm,
 Aurora, N. Y. Sired by Dare De-
 vil 209. He won seven championships,
 at National Horse Show, First dam
 Naughty Girl by Rex American 23300.
 Four years old, record 2:11 1/4, sire of
 American Belle, three years, record
 2:12 1/2 and 29 others in 2:30 list, a
 son of Onward 1411 record 2:25 1/4.
 One of Onward Silver 205 1-2 and 175
 others in 2:30 list. Onward was sired
 by Geo. Wilkes 1519 2nd dam Duernie
 sired by Mambrino King 127, sire of
 60 including Lady of the Manor 204
 1-4, third dam Dotlet by Nutwood re-
 cord 2:18 and sire of 180 in 2:30 list, 4th
 dam Topaz by Strathmore 408, sire of
 90 in 2:30 list. Fifth dam Willard by
 Albion, sixth dam Ned by Edwin For-
 est, 7th Lady Turner by Mambrino
 Chief 11.
 The Warfield is an extra high class
 horse, not afraid of anything, a high
 actor and as well broken as any horse
 in and out of the stable, has a good
 seat and carriage nice head and tail.
 He is a sure trotter. He stepped a
 mile in 90 days handling, 2:24. The
 Warfield is a truly made horse, of
 grand individuality and bred in lines
 that entitle him to become a sire of note
 seeing that he is a son of the great
 race horse and famous progenitor Dare
 Devil 209. The latter earned the title
 of the "Monarch of the Home Stretch,"
 while on the turf, and after retirement
 to the stud acquired imperishable re-
 putation as a sire. Not only have the
 Dare Devils proved great race horses
 but the family has furnished many
 noted show ring winners as well as
 Dare Devil and Mambrino King, both
 being champion show stallions of
 National fame received more money in
 the show ring than any two stallions in
 the world.
 The Warfield will make the season
 of 1914 at our farm—the B. B. King
 place—near Moreland, at \$10 to insure
 a live colt. Season becomes due when
 mare is sold or parted with; every pre-
 caution taken but not responsible for
 accidents should any occur.
 Good grass can be furnished at \$2
 per month.

THE FINE JACK, TOLBERT
 At the same place we will also stand
 our fine, big jack Tolbert at \$10 to in-
 sure. Tolbert is three years old, 15
 hands high, black with white points
 and fine bone and weight. Tolbert is
 by Preston and out of Clumsey, whose
 first dam was Woodson Montgomery's
 jennet sired by George Tarkington's
 Napoleon jack. Peyton's dam was
 Shanks' jennet sired by Huff Dudder-
 ra's jack. Dudderar's jack's first dam
 was Ham's jennet sired by Beignolia.
 See Tolbert before breeding your mule
 mare.

Stop that waste
 Their stalks and husks from your
 corn crop represent just so much
 life taken out of your soil. If you
 do not use them for feed and return
 them to the ground in the form of fer-
 tilizer you are getting poorer every
 year. If your fields and barn yard are
 littered with stalks and your ground is grow-
 ing less fertile season after season you need an
INDIANA SILO
 It will convert all your corn from the
 ground level to the tassels, into fresh, suc-
 culent feed and it will keep your cattle in
 prime condition all year round. Best of all
 —it will pay for itself out of what it saves
 for you in a single season. There will be
 another winter before long, with high priced
 feed and hard work in acre weather. Why
 not get ready for it by erecting an Indiana
 Silo before next harvest time.
 We've got a mighty good proposition to make to
 you right now. Write today. Give us a chance
 to tell you about it.
