The Warfield, 36621, Tr. 2:24

Dark bay stallion, 16 hands, foaled Aug. 15, 1901, bred at Village farm, East Aurora, N. Y. Sired by Dare Devil 209. He won seven championships, at National Horse Show, First dam Naughty Girl by Rex American 23200, four years old, record 2:11 1/4, sire of American Belle, three years, record 2:12 1/2 and 29 others in 2:30 list, a son of Onward 1411 record 2:25 1/4, sire of Onward Silver 208 1-2 and 175 others in 2:30 list. Onward was sired by Geo. Wilkes 1519 2nd dam Duerma sired by Mambrino King 1275, sire of 60 including Lady of the Manor 204 1-4, third dam Dotter by Nutwood record 2:18 and sire of 180 in 2:30 list, 4th dam Topaz by Strathmore 408 sire of 90 in 2:30 list. Fifth dam Willard by Albion, sixth dam Ned by Edwin Forest, 7th Lady Turner by Mambrino Chief II.

The Warfield is an extra high class horse, not afraid of anything, a high actor and as well broken as any horse in and out of the stable, has a good coat and carriage nice head and tail. He is a sure trotter. He stepped a mile in 90 days handling, 2:24. The Warfield is a truly made horse, of grand individuality and bred in lines that entitle him to become a sire of note seeing that he is a son of the great race horse and famous progenitor Dare Devil 209. The latter earned the title of the "Monarch of the Home Stretch," while on the turf, and after retirement to the stud acquired imperishable renown as a sire. Not only have the Dare Devils proved great race horses but the family has furnished many noted show ring winners as well as Dare Devil and Mambrino King, both being champion show stallions of National fame received more money in the show ring than any two stallions in the world.

The Warfield will make the season of 1914 at our farm—the B. B. King place—near Moreland, at \$10 to insure a live colt. Season becomes due when mare is sold or parted with; every precaution taken but not responsible for accidents should any occur.

Good grass can be furnished at \$2 per month.

At the same place will also stand our fine, big Jack Tolbert at \$10 to insure. Tolbert is three years old, 15 hands high, black with white points and fine bone and weight. Tolbert is by Peyton and out of Clumsey, whose first dam was Woodson Montgomery's jennet sired by George Tarkington's Napoleon Jack. Peyton's dam was Shanks' jennet sired by Huff Dudderar's Jack. Dudderar's Jack's first dam was Blain's jennet sired by Brignolia by Peyton and out of Clumsey, whose first dam was Woodson Montgomery's

R. E. Horton and Fred Gooch, of the Waynesburg section, bought 23 head of cattle of G. B. Brown, of Bandy, Pulaski county, at a private price. They will have them on the market Monday.

Granville Lutes, of Turnersville, was down in Casey county last week and bought up a drove of 100 pound hogs, getting most of them from Murphy & Sharp. The porkers were little fellows weighing an average of about 80 pounds each and were bought at prices from six and a half to seven cents a pound.

Robert Knox Tarkington, of Boyle, sold thirty-three 225 pound hogs, at \$7.90 per hundred, and bought one of the finest mare mule colts in that county, of W. T. Robinson for \$120. Mr. Robinson bought the colt of Charles Semons for \$110.

Messrs Stevens and Lincoln, of Lynchburg, Va., were in Lincoln and Boyle counties last week, buying up a bunch of brood mares and geldings, which they shipped from Moreland to Virginia. They bought about 20 head in all. J. E. Wright, near Shelby City, showed them over a considerable portion of the country while they were here.

W. L. Vancey, secretary Owen County Wool Growers' Association reports the sale of the Owen county pool to R. Leslie Combs, the Lexington dealer, about 35,000 pounds at a private price. The pooled wool of Grant county, about 40,000 pounds, was also sold to the same dealer for delivery at Dry Ridge, and Mason. Both lots were sold by sealed bids and Mr. Combs was the successful bidder.

C. L. Pemberton, the well-known Elizabethtown horseman, recently sold to Illinois parties a five-gaited gelding by Red Rex for \$500. Mr. Pemberton also bought a green mare by the same sire for \$300. Dr. T. F. Cleaver sold to W. G. Shropshire, of Winchester, and Moore Nichols, of Lexington, each a Red Rex gelding for \$250. Wade Bros., sold to Mr. Pemberton a four-year-old Red Bird gelding for \$300.—Lebanon Enterprise.

Col. D. K. Farris, of Crab Orchard, who is attending circuit court as a juror, says that he has found the best remedy he knows of for weak and yellow tobacco plants, and that is tobacco fertilizer. He has a nice bed which began to yellow, and he was undecided whether bugs were the cause or what the trouble was. He spread a lot of fertilizer over part of the bed which had begun to yellow and was delighted to observe that the plants soon turned green and fresh looking again and are as good as any that can be found.

An Empire of Wealth Practically Unknown

Between Fleming, Letcher county, and Jackson, Breathitt county, there are numerous mining developments, and yet that territory has hardly begun to be known. Along the L. & E. lie thousands of acres owned by the Elkhorn Fuel Co., and thousands owned by various companies that will soon be consolidated into the Slemp Company. To Kentuckians the Slemp Company is one of the most interesting and to Kentucky will in time become one of the most important of all the coal companies in the state.

The various companies which will be comprised in the Slemp Consolidated would have already brought together had it not been for the long illness and the death of John Mayo. In this company will be put the property of some 31,000 acres owned by the Haley company; some 30,000 acres owned by the Slemp Co., some 25,000 acres owned by the Kentucky River Development Company; and some 5,

GREAT REVIVAL AT E. M.

Has Just Been Concluded by Rev. Delk—Shed Fired Thro' Church

The King's Mountain Echo, Rev. J. W. Peterson's religious paper published there said last week: The greatest revival that ever was held in or around King's Mountain, Ky., to our knowledge, is going on now, conducted by Gen. James L. Delk, of Topoka, Kas., and Rev. E. F. Adams of Decatur, Ill. The Rev. gentlemen opened up the revival in the Christian church and the meeting was conducted there two weeks, and last Monday the meeting was moved to the M. E. Church which has an extra room where the mourners and their workers can be alone, away from the lockers-on, and have a better chance to pray through to God. Neither church is large enough to seat the people comfortably. The preaching is done by Rev. James L. Delk, Rev. E. F. Adams is a great altar worker and singer. People are coming to the meetings from miles away.

Rev. Mr. Delk is a peculiar preacher and conducts his meetings somewhat odd from other evangelists. Sometimes he is in the pulpit, sometimes back in the crowd, and at other times he is on top of the organ or pulpit preaching. He is a converted show boy, and no one that hears him doubts his experience. He has had in the show. These meetings will close next Sunday night.

Rev. Delk is a sin fighter on all the meetings. There have been six or seven preachers attending the meeting besides the pastor of the M. E. Church, and Mr. Delk, comes down on sin with all the power God gives him. Wherever the preacher finds sin he tells it, whether in the church or out of the church, in the society or out of the society. Rev. Sam Jones of old, or Billie Sunday, has never fought sin any harder than this man Delk.

Rev. Mr. Delk was born on the Kentucky and Tennessee State Line near Albany, Ky., grew up in the mountains, where his people made moonshine whisky. He left home when a boy and joined to the circus show and was a show boy for ten years and a half, and at Shelby, Tenn., on July first 1903, he was saved in a Baptist revival meeting, and on first of August, 1903 he was consecrated to God and was sanctified, and third night of August 1903 he started out preaching. He has quite an experience as a young evangelist.

On last Saturday night while this revival was going on in the Christian church, about half past ten, the workers were kneeling around the altar with the mourners, when some one shot into the church. The ball passed through the wall, struck the ceiling overhead, shattering some plastering down onto some of us at the altar, glanced and embedded itself in the far wall. What a burning shame that a town has such a reputation for lawlessness that rowdies can come here from a distance and do such things without getting caught up with. I have not the time now to publish some things that ought to arouse every good citizen to rise up in their might and put down lawlessness in their midst.

1000 acres owned by the Henry Company.

Important and valuable as are the properties owned by the Elkhorn Fuel Co., even that company owns no property more valuable, not underlain by more important veins of coal than will be owned by the Slemp Consolidated Company. Already operations have begun on some of the properties owned by this company, and as rapidly as the railroad can furnish facilities, and advantageous lease be made, thousands of acres of the land owned by the Slemp Company will be developed. What are now desolate waste places will within a few years become thriving mining towns; streams along which now are there is rarely heard the sound of human voices, all within a few years will become the abiding places of thousands of miners.

If the people of Lexington, and of the Blue Grass realize what wealth lies under these mountains, what the growth of the next few years will be, there will be the closest ties formed between that section and the Blue Grass, from which ties the residents of each section will gain large profit.—Lexington Herald.
