## The Boy is Father to the Man

Old sayings like this are fraught with a most important meaning. And what will aid the expectant mother in conserving her health, her strength, her mental repose and the absence of vexatious pains is a subject of vast moment. Among the recognized helps is a splendid remedy known as "Mother's Friend." Applied to the muscles it sinks in deeply to make them firm and pliant, it thus lifts the strain on ligaments that produce pain, it lightens the burden on the nervous system, induces calm, restful nights of health-giving sleep and makes the days sunny and happy. Get a bottle of "Mother's Friend" of any druggist and you will then realize why it has been considered true to its name in our best homes through three generations. It is perfectly harmless but so effective that once used it is recommended to all expectant mothers by those who went through the ordeal with surprising ease. By writing to Bradfield Regulator Co., 412 Lamar Bldg., Atlanta, Ga., you can have a free copy of a wonderful story book that unfolds those things which all expectant mothers delight to read. Write today.

Woman's Story Will Hold Interest for Thousands of People Everywhere.

"I hate the cows and chickens," said Mrs. Etie Edwards, of 310 Mill street, Lockland, O., in paraphrase of a popular song of the cabarets.

"I have lived on eggs and milk for so long that I just can't look at a hen or a cow with friendly eyes," she explained laughingly.

"When one's diet is restricted to the products of our friends of the barnyard for weeks and then for months, it is like suddenly stepping into a little paradise of content to find all of the good things of former days back on your own bill of fare."

Mrs. Edwards' story will hold interest for thousands of men and women who would welcome, as she did, freedom from a diet.

"I have long been a sufferer from stomach trouble," she explained. "I ate in vain for every meal I ate. There was the daily headache that appeared soon after breakfast, and stayed for lunch and supper. My sleep, after the hours of suffering, was broken and gave me no real rest. I had no energy, was tired all the time, and life was just long days of discontent."

"In the hope of improving I began the diet of boiled milk and eggs. And I was faithful. For weeks I kept this diet and I did improve under it, but I was not being cured, I realized."

"Now my stomach is a great deal better. I can eat almost anything without ill effects. I am too thankful to depart from plainly cooked food yet, however. But my appetite is good, my sleep is sound and refreshing, and my housework is no longer an irritating, difficult task."

"The reason? I have taken Tanlac, the Master Medicine. So why should I hesitate to recommend it to anyone or everyone who suffers as I did?"

Throughout the country there are more than 1,000,000 people who will say, as does Mrs. Edwards, that there is no medicine that acts so favorably on ailments of the stomach, liver and kidneys or catarrhal affections, or is so good a tonic, appetizer, and invigorant as Tanlac, which is now being introduced in Stanford, at Penny's drug store. 34-1

Women's complaints, often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

Don't delay starting treatment. Dr. Kilmer's Swamp-Root, a physician's prescription, obtained at any drug store, restores health to the kidneys and is just the remedy needed to overcome such conditions.

Get a fifty-cent or one-dollar bottle immediately from any drug store.
