SECURE BIG HEMP CONTRACT.

E. F. Spears & Sons, of Paris, who buy most of the hemp grown in this county, were successful recently in landing a big contract with the United States Government for hatched hemp fiber. The contract calls for the delivery of something over one hundred tons of dressed hemp fiber and is one of the largest that has been made in many years by the Government authorities. The contending bidders were Winchester firms. The price obtained by the Paris firm under the terms of the contract is said to have been a good one, altho it is maintained a secret. All of the hemp contracted for is in the hands of the Paris dealers and the delivery will begin at once. It is said that the sale will not affect the present market price of hemp as the demand for the coming crop will be

the greatest in the history of the industry if the war continues thru the season. Altho hundreds of acres more than heretofore planted have been sown in the central section of Kentucky, the price will be equally as good as when the deal was closed by Spears & Sons for the entire output of the Clark county raisers.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

NEW HUNTING SEASONS

New rules for the 1916 hunting season are given by the State Game and Fish Commission on the back of the new hunting license received by County Court Clerk G. B. Cooper. The rules make several changes in the various seasons and are of particular interest to sportsmen. Squirrels may be hunted from July 1st to December 16; rabbits from November 15th to January 1st; ducks and geese from August 15th to April 1st. The commission requests all persons owning bird dogs to keep them tied up during May, June and July, as they destroy nests and many young birds.

A FAMILY ROW IN WHITLEY

In reversing the judgment of the Whitley Circuit Court in the case of Garrett Steely, etc., against the Commonwealth, the Court of Appeals this week, held that Section 1241-A of the Kentucky Statutes does not apply to the case. Steely and his brother Granville Steely, of Williamsburg, were indicted on the charge of confederating and banding together for the purpose of inflicting punishment on others and sentenced to the penitentiary for two years. The court says the evidence plainly shows that the men were engaged in a family row, resulting in an assault on two women growing out of a contention as to the custody and possession of the child of Garrett Steely, and that the provisions of the statute do not cover such cases.
