The chief concern among manufacturers this year, because of the European war is how to get the proper stuff for fast colors for the season's bathing suits, but we good old-time Hardshell Baptists will be better satisfied if they will keep the fast things out of bathing suits and give us a chance to pay more attention to the healing effect of the salt water.—Lexington Herald.

SAVES DAUGHTER

Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months."

I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.

Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me.

At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health."

If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.

At all druggists.

EIGHTH DISTRICT POLITICS

At the close of the St. Louis convention at which the president and vice-president were renominated by acclamation, a fact without a parallel in American history and which has but one interpretation. "Well done thou good and faithful servant," Senator James sent the following message back to Kentucky thru the delegation from this state.

"When you get home boys," Ollie M. James said to a number of Kentucky delegates, who had appeared to congratulate him on his speech; the great demonstration that was accorded him and the manner in which he had acquitted himself as the permanent chairman of the convention. "Tell every democrat you meet to lay aside his factional feelings, if he is unfortunate enough to have any, and get on his toes for Wilson and Marshall and his democrat candidate for Congress and remain on his toes, showing no quarter and holding every advantage legitimately gained until the fight is ended in victory on November 7th."

Cincinnati Enquirer, June 18.

This message ought to be heeded especially by the Senator's friends in this district where a contest is pending for the Congressional nomination against a man who has consistently at all times endeavored to uphold the hands of the president and which is not calculated to increase Kentucky's honor or insure her electoral vote for Wilson.

OLDER BUT STRONGER

To be healthy at seventy, prepare at forty, is sound advice, because in the strength of middle life we too often forget that neglected colds, or careless treatment of slight aches and pains, simply undermine strength and bring chronic weakness for later years.

To be stronger when older, keep your blood pure and rich and active with the strength-building and blood-nourishing properties of Scott's Emulsion which is a tonic and a medicine to keep your blood rich, alleviate rheumatism and avoid sickness. No alcohol in Scott's. Scott & Bowne, Bloomfield, N. J.
