TUCKER SCHOOL HONOR ROLL

The Tucker school, near Maywood closed its first month of school last Friday. Seventy-one of the children in the district were enrolled including all who are in the compulsory list. But as most of the children didn't get started at first the honor roll is very short this month. To get on this honor roll the pupils must make an average of 90% in scholarship, deportment and attendance. The parents are kindly urged to help all they can by furnishing the children with the necessary books and especially by sending them to school every day. They will please remember that all children between the ages of seven and thirteen must attend school every day (unless excused on sick) and a teacher is required by law to report them. It is hoped that she will not have to do that during this school. In reporting the Honor Roll the pupil who makes the highest grade, always head the list and the others in succession—1. Christie Tschanz, 2. Linnie Byrd Boone, 3. Mae Adams and 4. Margaret Dillon.

WEATHERFORD RESIGNS OFFICE

Popular Hustonville Postmaster Gives Up Position to Enter Lucrative Business in Danville. Hustonville, August 11. "Officials may die but they never resign," is a motto without fear of contradiction ever since these United States came into existence. We regret very much to have to announce the exception that moves that rule. Col. George D. Weatherford, postmaster here for the past two and half years, has sent in his resignation to the Department, in order to accept a splendid business opportunity in Danville. During his administration he has completely modernized the postoffice, and has equipped it with every facility for efficiently serving the public. As an official he has been most courteous and accommodating, and as a private citizen has upheld by his example and his generosity the good name of his native town. All wish for him all success in his new venture. C. J. Jarman will accompany him in his new business. Col. Weatherford has bought an interesting and well equipped charge of the lunch room at the O. & C. depot at Danville. Three interesting base ball games are scheduled to be played during this afternoon. Today's game will be against the strong Lebanon team; the game Saturday will be against the fast Paint Lick nine while on next Monday Hustonville will cross bats with the speedy Middleburg bunch. The people of the West End are leaving many good ones to entertain their guests during the Chautauqua and everything points towards it being a big success in every way. Mr. and Mrs. G. L. Carpenter will move to Indiana shortly to make their future home. Mrs. L. Neal has returned from a visit to friends and relatives at Richmond. She is now with Mr. and Mrs. W. L. Neal and will return to her home at Dade City, Fla., soon. Mrs. W. I. Heddes, of Kansas City, who has been with her daughter, Mrs. W. L. Neal, is expected to return to her home in a few days. Black leg has been playing havoc in this locality. The following have lost cattle: Mr. Goddy, four head, Henry Baughman, two head, Will Burgett, one head, James Yowell, one head, Walter McKinney, seven head, Will Neal, one registered Angus bull calf. Miss Ottilie Shearer, of Monticello, has been the guest of G. M. Peavy-house. Miss Orieh Once, of Somerset, is the guest of Mrs. Jennie Carpenter. V. Rose, of Gadsden, Ala., arrived Monday to be the guest of his grandparents. Mr. Overstreet will be delighted to know that he spent a restful night. While he is not out of danger his condition is regarded much more favorable this Tuesday morning. Mr. Overstreet was brought to the Danville and Boyle County Hospital last Tuesday from his home at Stanford, suffering from an attack of typhoid fever. Last Saturday night his condition became alarming, requiring an operation which was successful. Barring unforeseen complications he is expected to recover. His host of friends will regret to learn that Ben Jennings, superintendent of the mechanical department of the Interior Journal, was taken to the home of his parents in Danville Wednesday ill with what physicians there have pronounced to be typhoid fever. Mr. Jennings has been working for the past week although a sick man. He had personal charge of the printing of the K. P. fair catalogue, however, and so great and so fine is his faithfulness and loyalty, that he would not give up and take to his bed until he saw it off the presses satisfactorily. He is probably the best all round printer and linotype operator ever in this part of the state and will be greatly missed in the office here as well as by the myriad of friends for everyone who knows Ben Jennings is his friend, and all will hope and pray for his speedy recovery.
