YES! LIFT A CORN OFF WITHOUT PAIN

Cincinnati Authority Tells How To Dry Up A Corn Or Callus So It Lifts Off With Fingers

You corn-pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of freezezone applied directly on a tender, aching corn or callus, stops soreness, at once and soon the corn or hardened callus loosens so it can be lifted out, root and all, without pain. A small bottle of freezezone cost very little at any drug store, but will positively take off every hard or soft corn or callus. This should be tried, as it is inexpensive and is said not to irritate the surrounding skin. If your druggist hasn't any freezezone tell him to get a small bottle for you from his wholesale drug house. It is fine stuff and acts like a charm every time.

TEDDY USES THE PHONE

Ernest Anderson, of Nicholasville, by letter tendered his services to Col. Roosevelt for war against Germany. A few days later Teddy called him over long distance from Oyster Bay and had a lengthy talk with him. He informed Mr. Anderson that he was sure that he would be needed and to hold himself in readiness.

The Kentucky automobile license law is constitutional, the Court of Appeals said in an opinion by Judge Hurt, affirming the Boyle Circuit Court in the case of G. FOUR KILLED IN HOUR

Four children, whose parents live at Salt Lick, near Owingsville, were killed within an hour Thursday. The three-year-old daughter of Lacy Ingram, fell into boiling water, the 4-year-old son of Charles Swimm was drowned in Triplett creek; the six-year-old daughter of John Jago was burned to death in a brush fire and the nine-year-old son of George Grayson was kicked by a horse.

Get at The Source of Your "Skin Diseases"

Don't be misled by this term, for the appearance of pimples, boils or rashes indicate something more serious than a mere "breaking out" of the skin. These eruptions are, in reality, signals from nature that the blood is impoverished, debilitated and in need of help. Of course you can sometimes drive away the infected places by applying a salve or lotion, but unless you treat them through the medium of the blood, they will occur again and again. S. S. Mississippi Farm Lands For Sale

Good Quality—Terms Easy

A trip through different sections of the State of Mississippi and an observation of agricultural conditions there has convinced me that it is the place at the present time to secure the best land values at the lowest prices—from \$5 to \$50 per acre, some of them near a city, with six trunk line railroads, and as large as Lexington, Kentucky, where lands are selling at \$300 per acre—by those seeking homes or investments in good farming lands. Believing that it would be of mutual advantage and profit to those seeking homes or investments in farming lands, at lower prices than are possible in this section of Kentucky, where land values have advanced beyond the reach of the farmer of moderate means, I have associated myself with several responsible gentlemen in the state of Mississippi and am in position to offer some very attractive propositions to those seeking investments of this character, on easy terms, aided by the "Federal Farm Loan Act." These lands, due to the short winter season, and long grazing periods are especially adapted to stock raising and diversified farming; are well located as to churches, schools, shipping points and markets; are situated on improved highways and are well watered, either by streams or artesian wells. Almost every character and kind of crop that can be raised in Kentucky can be raised profitably in Mississippi. Cheap railroad rates for home-seekers can be obtained by those desiring to look the situation over. I shall be pleased to give further information to any one who is sufficiently interested, that will call to see me or write to me at Stanford. HARVEY HELM.

THE FOLLOWING IS A BRIEF DESCRIPTION OF A FEW TYPICAL TRACTS OF LAND FOR SALE:

- Tract No. 1.—2300 acre stock farm, 9 miles from Jackson, Capital of the State, on Q. & C. Ry., one-third under cultivation, balance timber and pasture lands, 10 tenant houses, mostly fenced, located in county that has recently voted bonds for pikes, which will be constructed very close to this tract. Price \$12.50 per acre.
- No. 2.—621 acres, 3 miles from county seat of 6,000 inhabitants on a good gravel road, large portion under cultivation, balance is splendid pasture land, watered by creeks and ponds, nice dwelling with modern improvements and number of tenant houses. Price \$30.00 per acre.
- No. 3.—1675 acres, two miles from Capital, 700 acres under cultivation, balance fine pasturage, running springs, large dwelling but in need of repair, with probability of pike passing immediately in front of it. Price \$15.00 per acre.
- No. 4.—1235 acres, 8 miles from Capital, eight room residence, large barn, 16 tenant houses, plenty of water, well fenced, one-half mile from gravel road, undulating, all except 50 acres under cultivation. Price \$20.00 per acre.
- No. 5.—1,000 acres, on Q. & C. Ry., 3 miles from shipping point, halfway between Jackson and Vicksburg, two of the largest cities in State, 400 acres under cultivation, balance pasture and timber. Two manager's houses, and four tenant houses. Price \$20.00 per acre.

Ross Metal In-de-str-uc-to Silo

The Silo that fills a long felt want. Results obtained from the use of a Metal Silo are far beyond expectations. Silage contains by far a larger percentage of food value, more uniform preservation, taste and color, naturally far more productive in results. The Most Permanent Silo because it
